DOCTOR WHO THE TIME WITCH

THE DOCTOR AND SHARON HAVE BEEN SUCKED INTO A BLANK DIMENSION RULED BY BRIMO, THE TIME WITCH, WHERE THOUGHT CAN CREATE A WORLD... OR AN ARMY OF KILLERS...

HEY, DOCTOR, YOU'RE GETTING REALLY GOOD AT THIS MIND-POWER LARK!

NOW, BRIMO, WHILE I THINK UP A FEW STONE SLABS TO KEEP THE UGLIES UNDERGROUND... YOU'LL NOTICE THE SECOND SUN'S GONE OUT...!

NO!

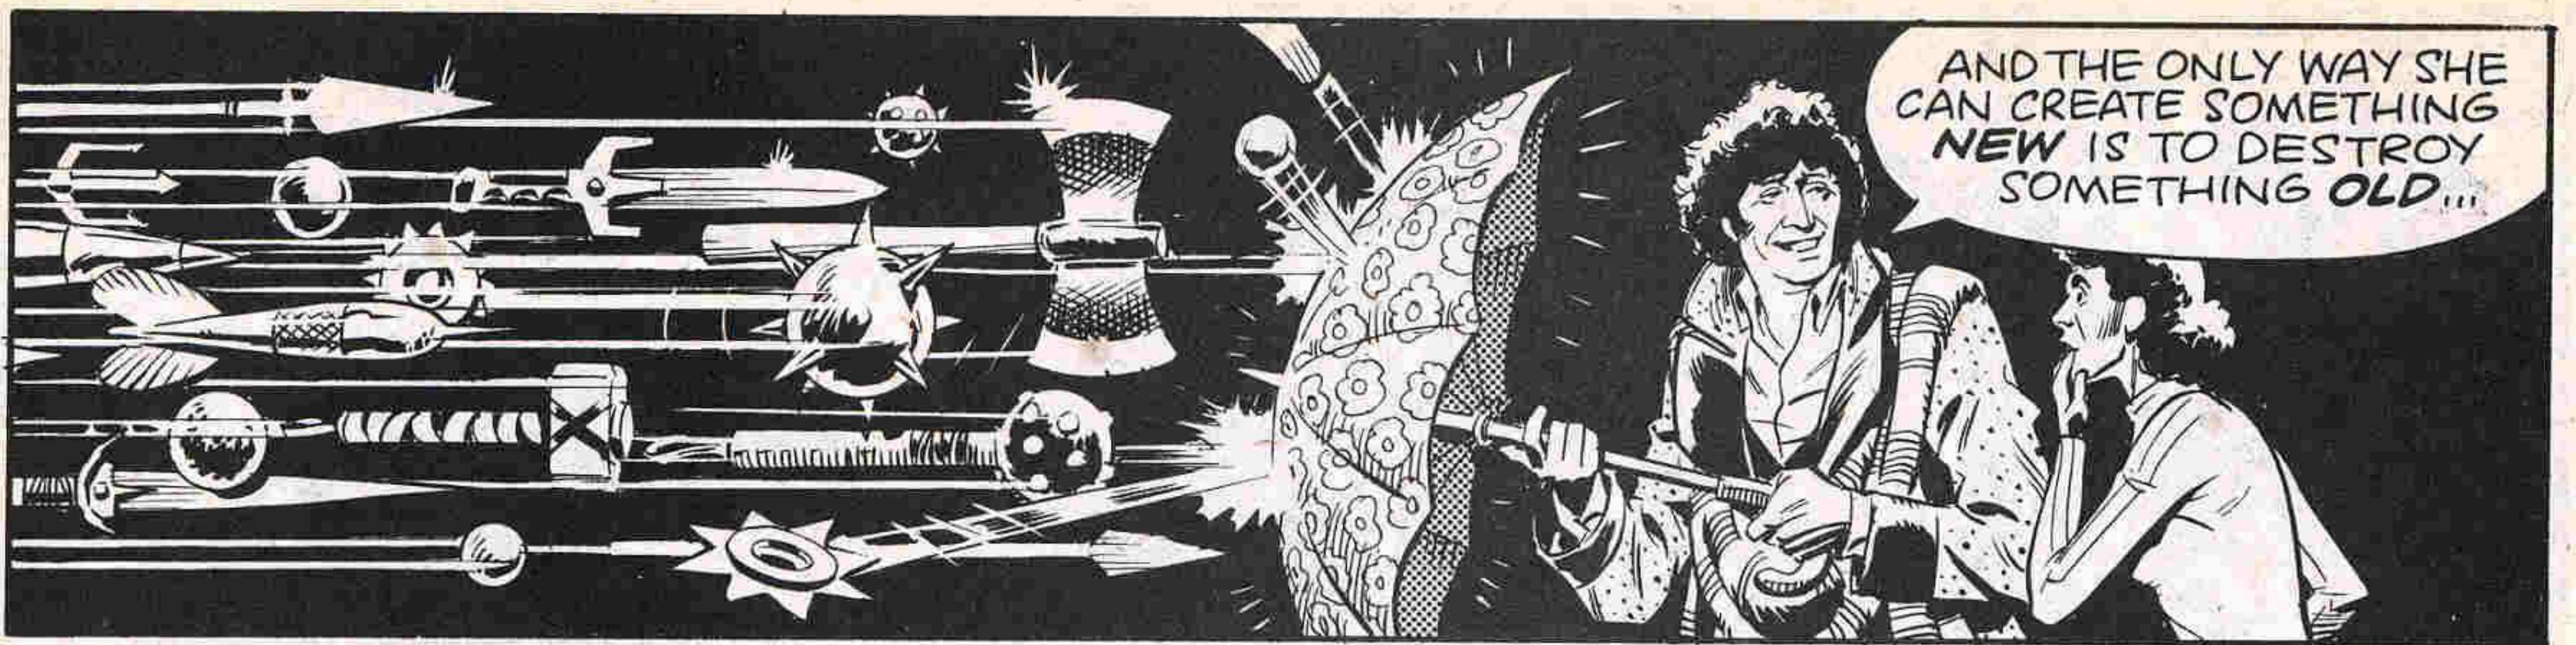

FIRST SUN'S GETTING A BIT DIM, TOO, ISN'T IT?

BECAUSE THE TARDIS IS STUCK IN THE DIMENSIONAL GATEWAY LIKE A PLUG, SHARON! THAT'S WHY I LEFT IT THERE!

SO NOW IT'S LIKE A GAME OF CHESS...

AND THE ONLY WAY SHE CAN CREATE SOMETHING **NEW** IS TO DESTROY SOMETHING **OLD**...

OOPS! A WHOLE HILLSIDE WENT THAT TIME, BRIMO!

DEFENCE IS OKAY, DOCTOR... BUT IF WE ATTACK AS WELL, WE'LL GET THIS OVER QUICKER!

NO, SHARON!

BLIMEY DOCTOR, I...

I CAN'T STAND UP!

WON'T BE FOR LONG, SHARON!

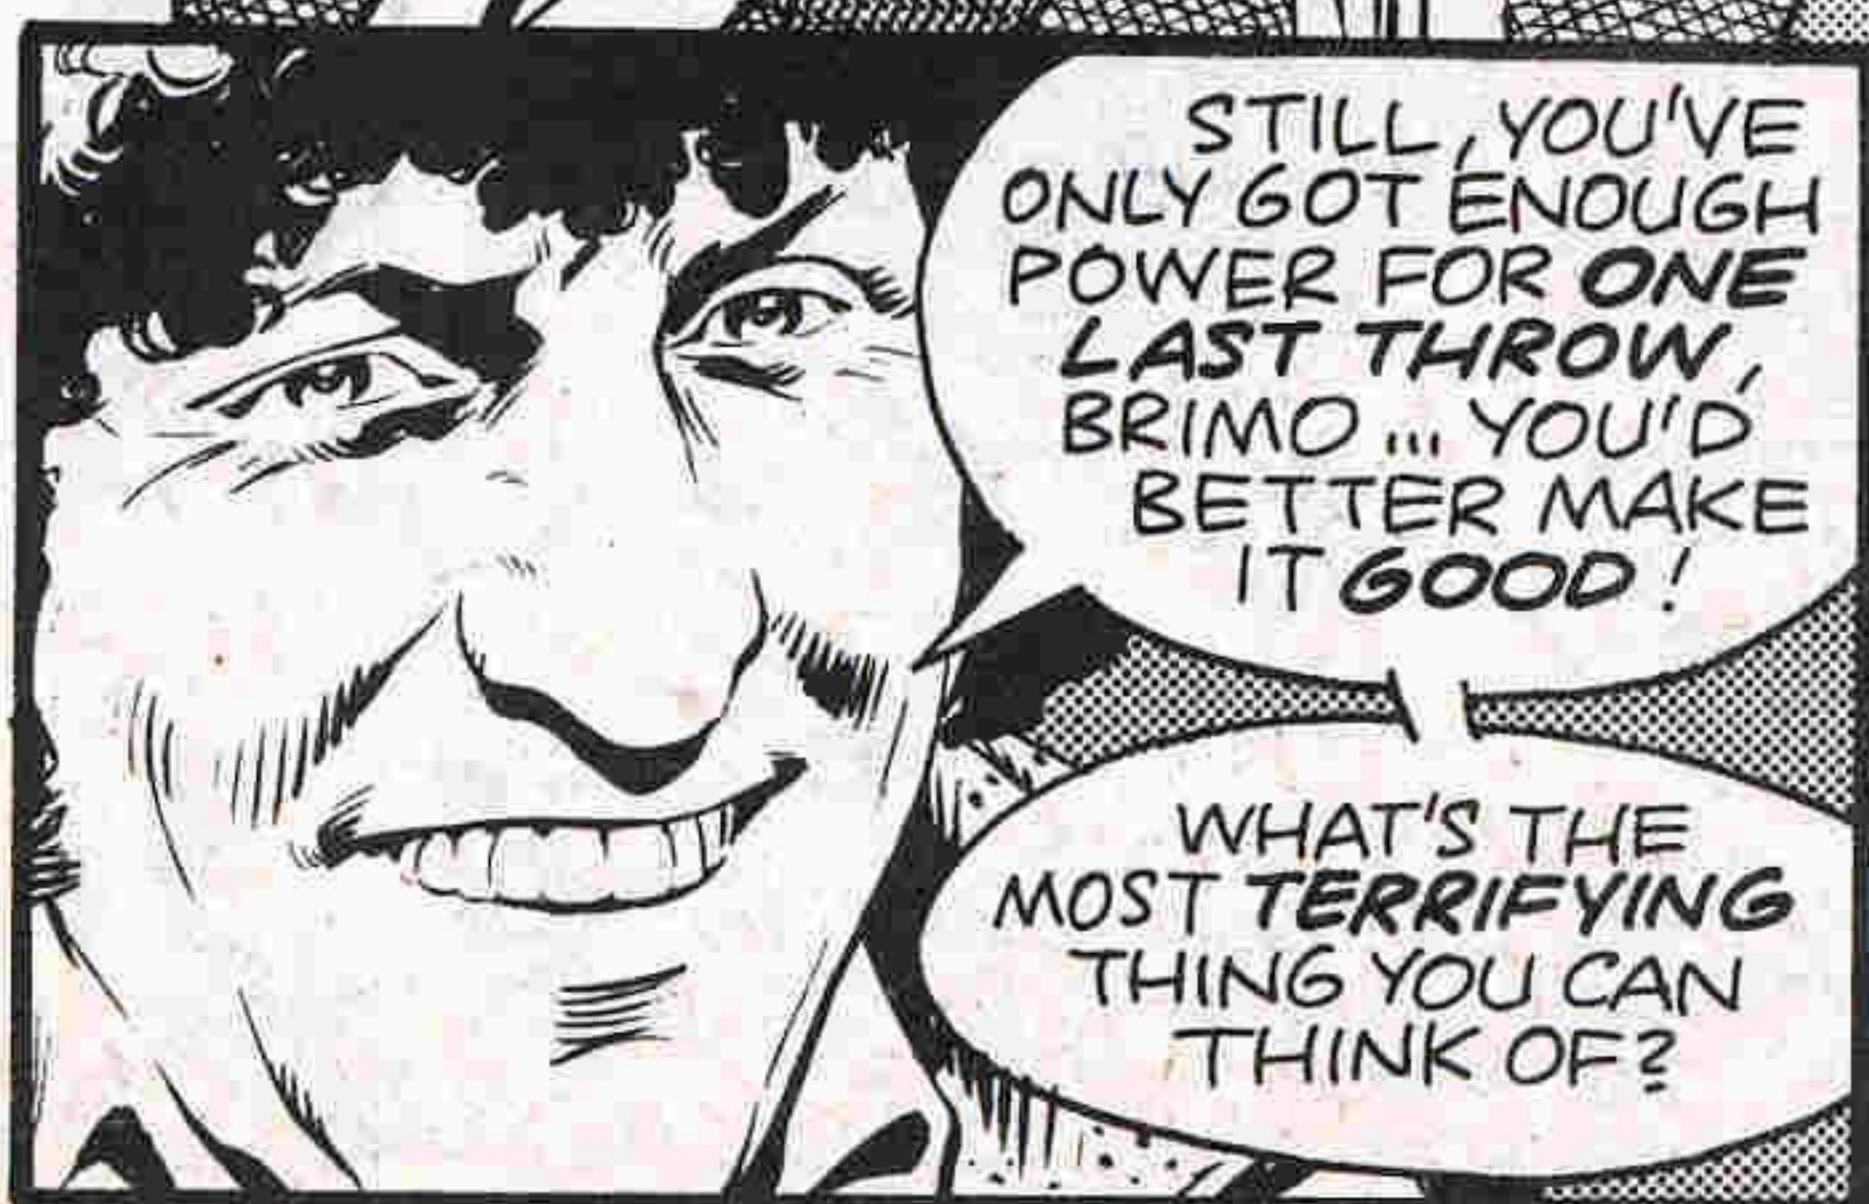

BUT WHAT NOW, BRIMO? THERE'S NOTHING LEFT OUTSIDE THIS ROOM AFTER THAT!

I'LL THINK OF SOMETHING! I HAVEN'T BEEN LOCKED UP FOR MILLIONS OF YEARS JUST TO...

LOCKED UP? I THOUGHT THERE WAS SOMETHING CRIMINAL ABOUT YOU!

I WON'T FEEL SO BAD WHEN THIS IS OVER THEN...

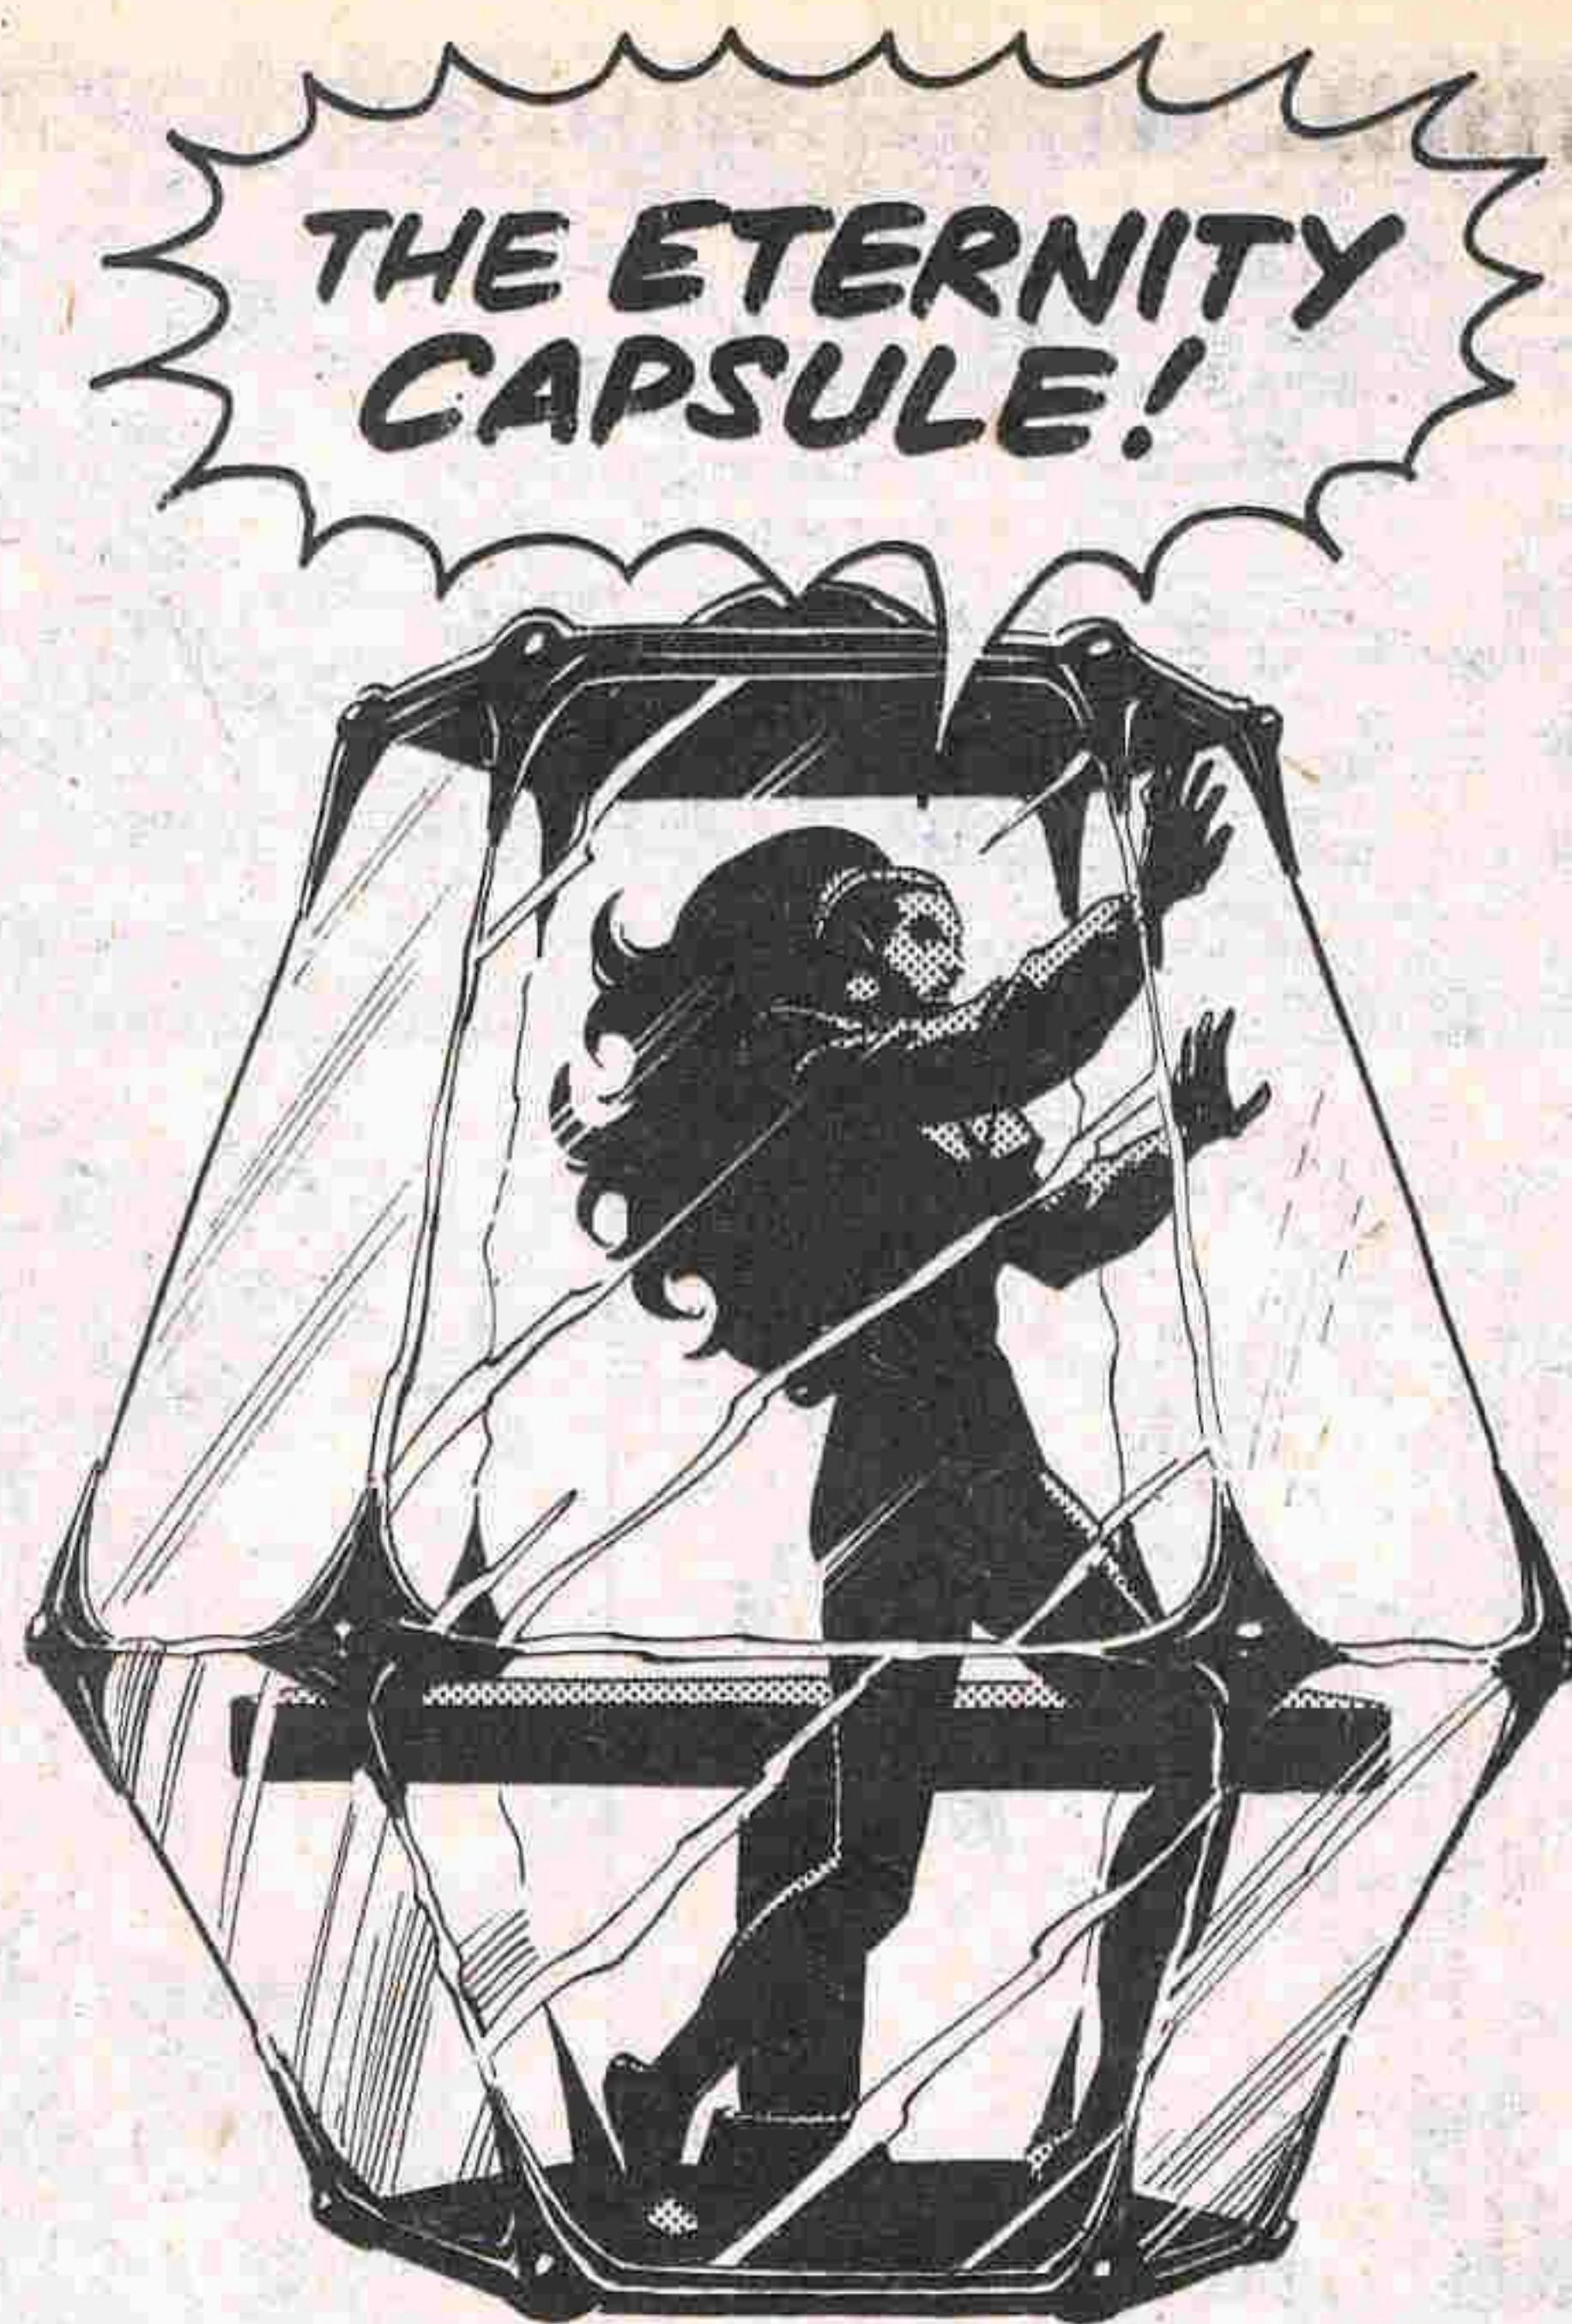

STILL, YOU'VE ONLY GOT ENOUGH POWER FOR ONE LAST THROW, BRIMO... YOU'D BETTER MAKE IT GOOD!

WHAT'S THE MOST TERRIFYING THING YOU CAN THINK OF?

THE MOST TERRIFYING THING? THAT'S...

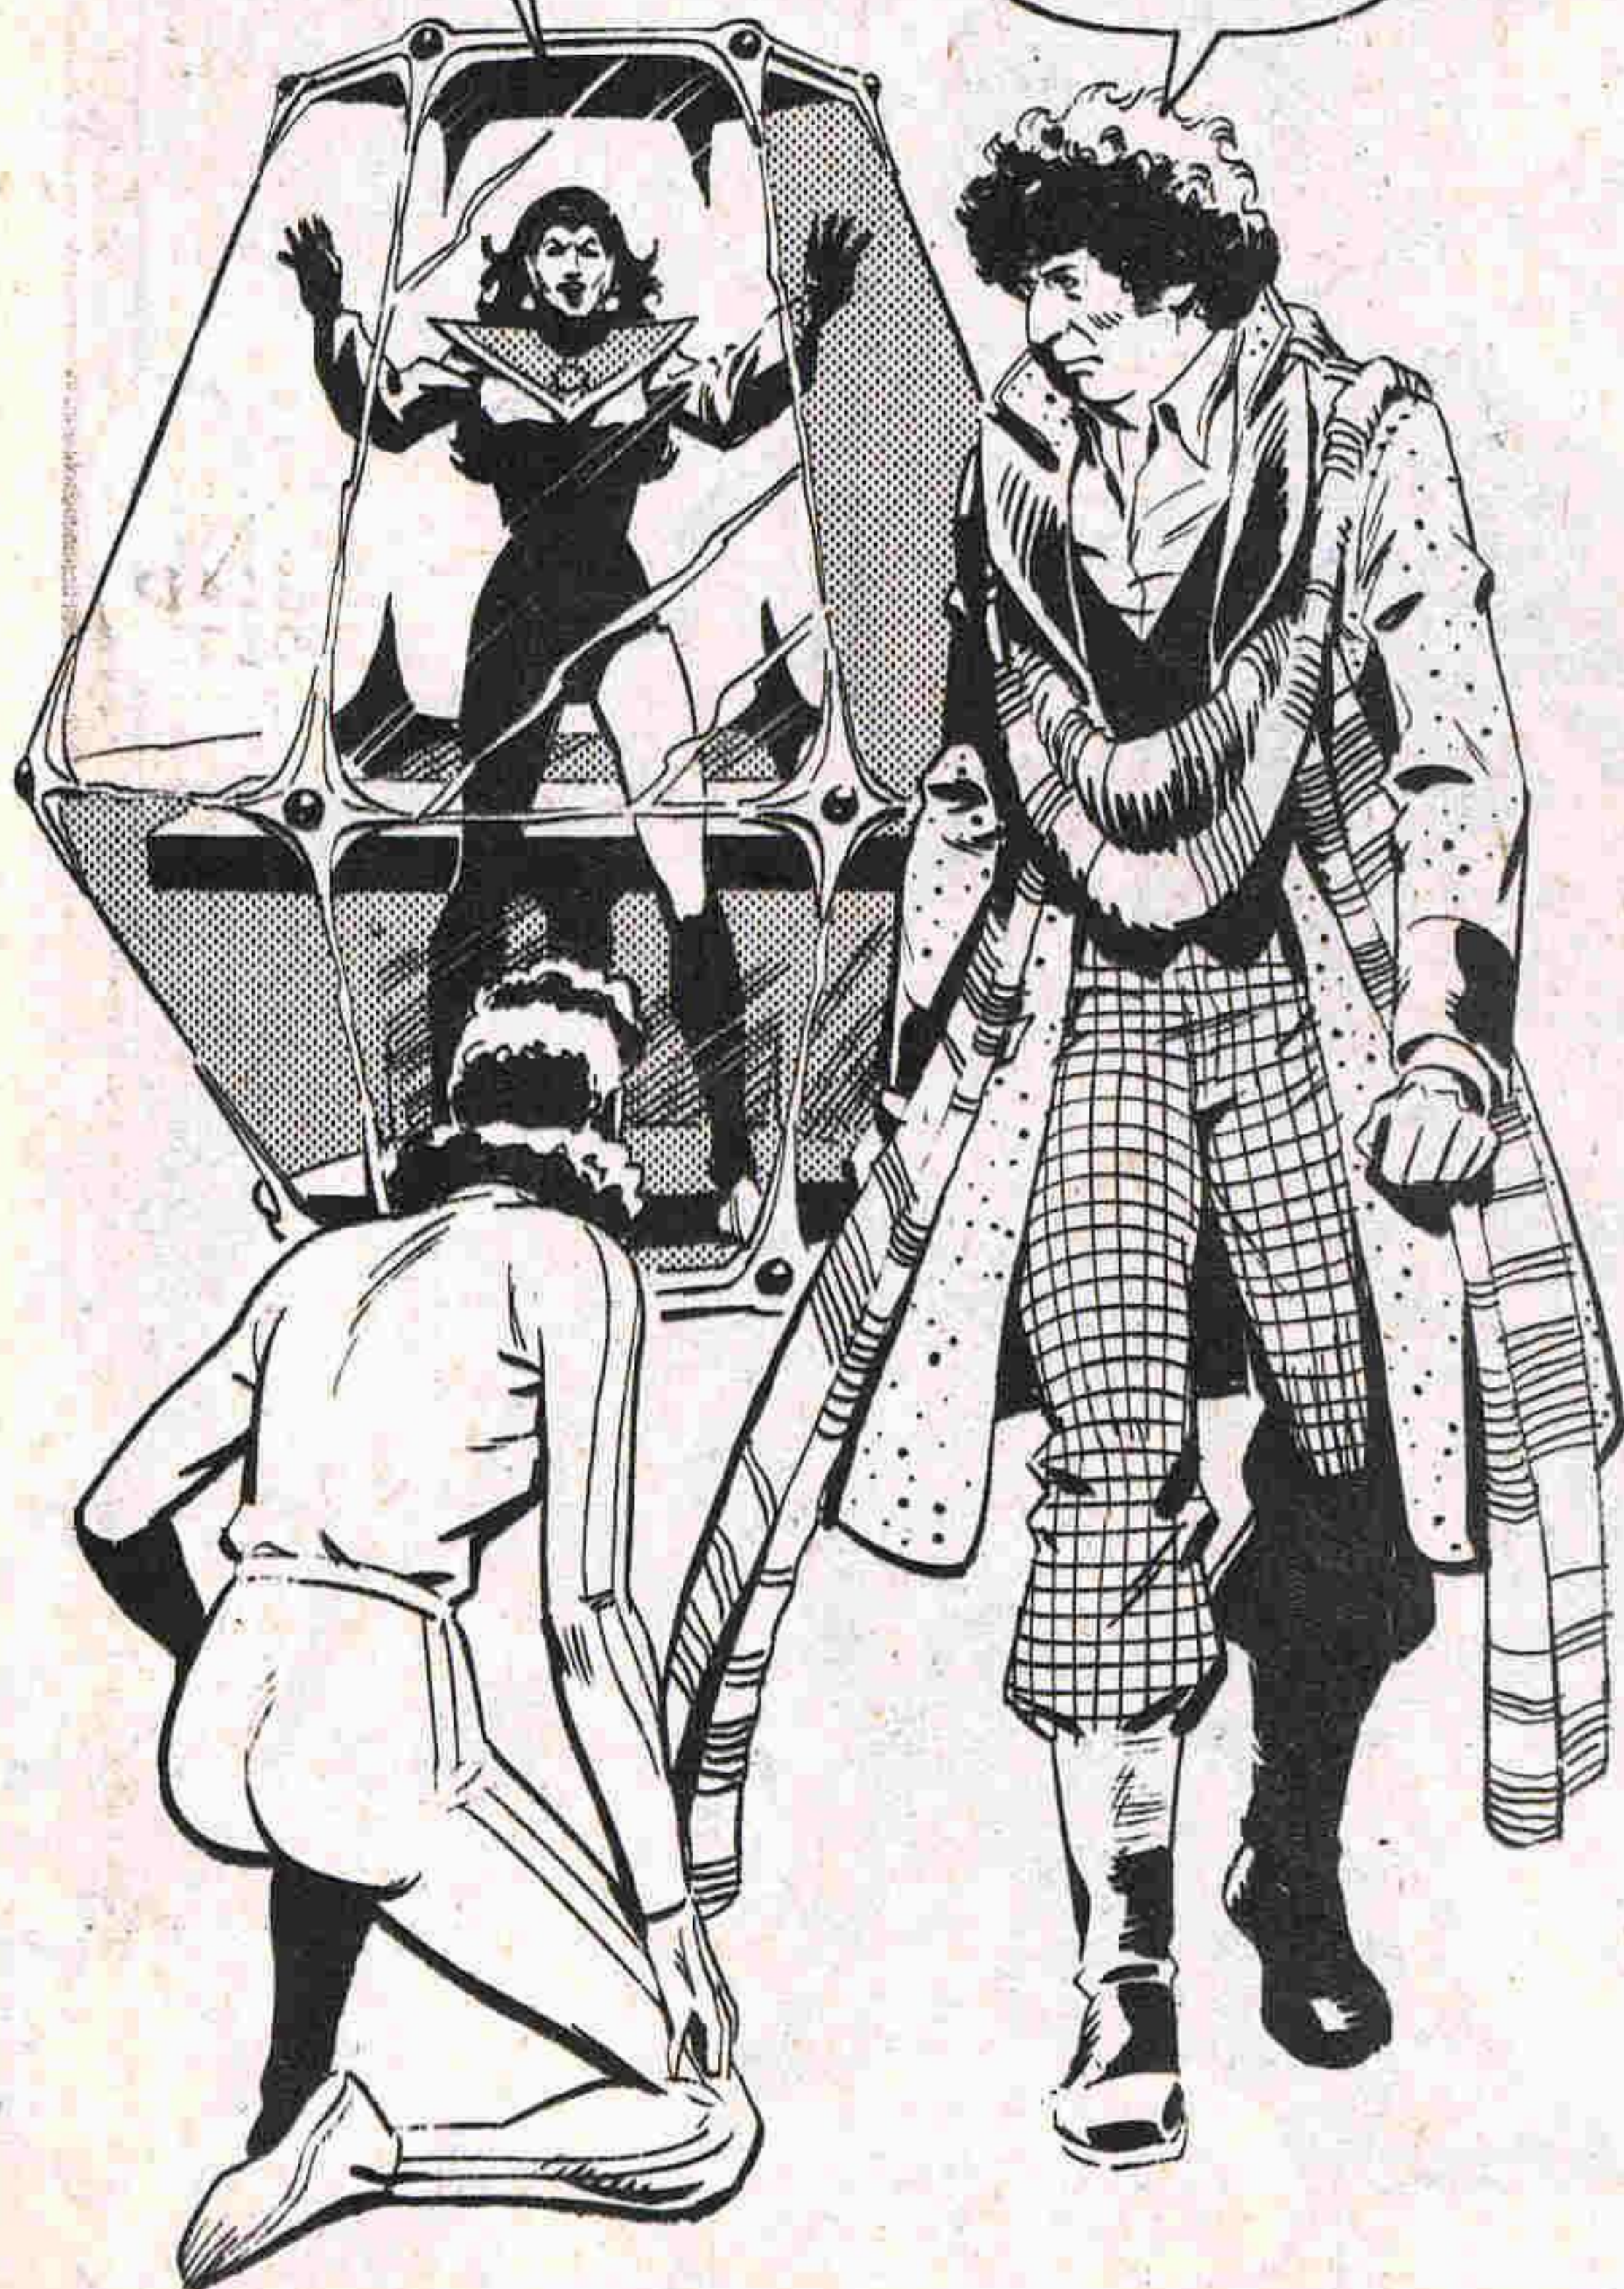

AND, AS THE DOCTOR'S TRAP IS SPRUNG...

NO, NOT AGAIN... PLEASE! THERE'S NO WAY OUT! I'LL BE TRAPPED IN HERE FOR-
EVER!

THEN THAT SHOULD KEEP YOU OUT OF TROUBLE!

BYE, BYE, BRIMO!

MY CHAINS... EVERY-
THING... THEY'VE ALL
FADED OUT! THERE'S
ONLY US LEFT!

US...
AND THE
TARDIS!

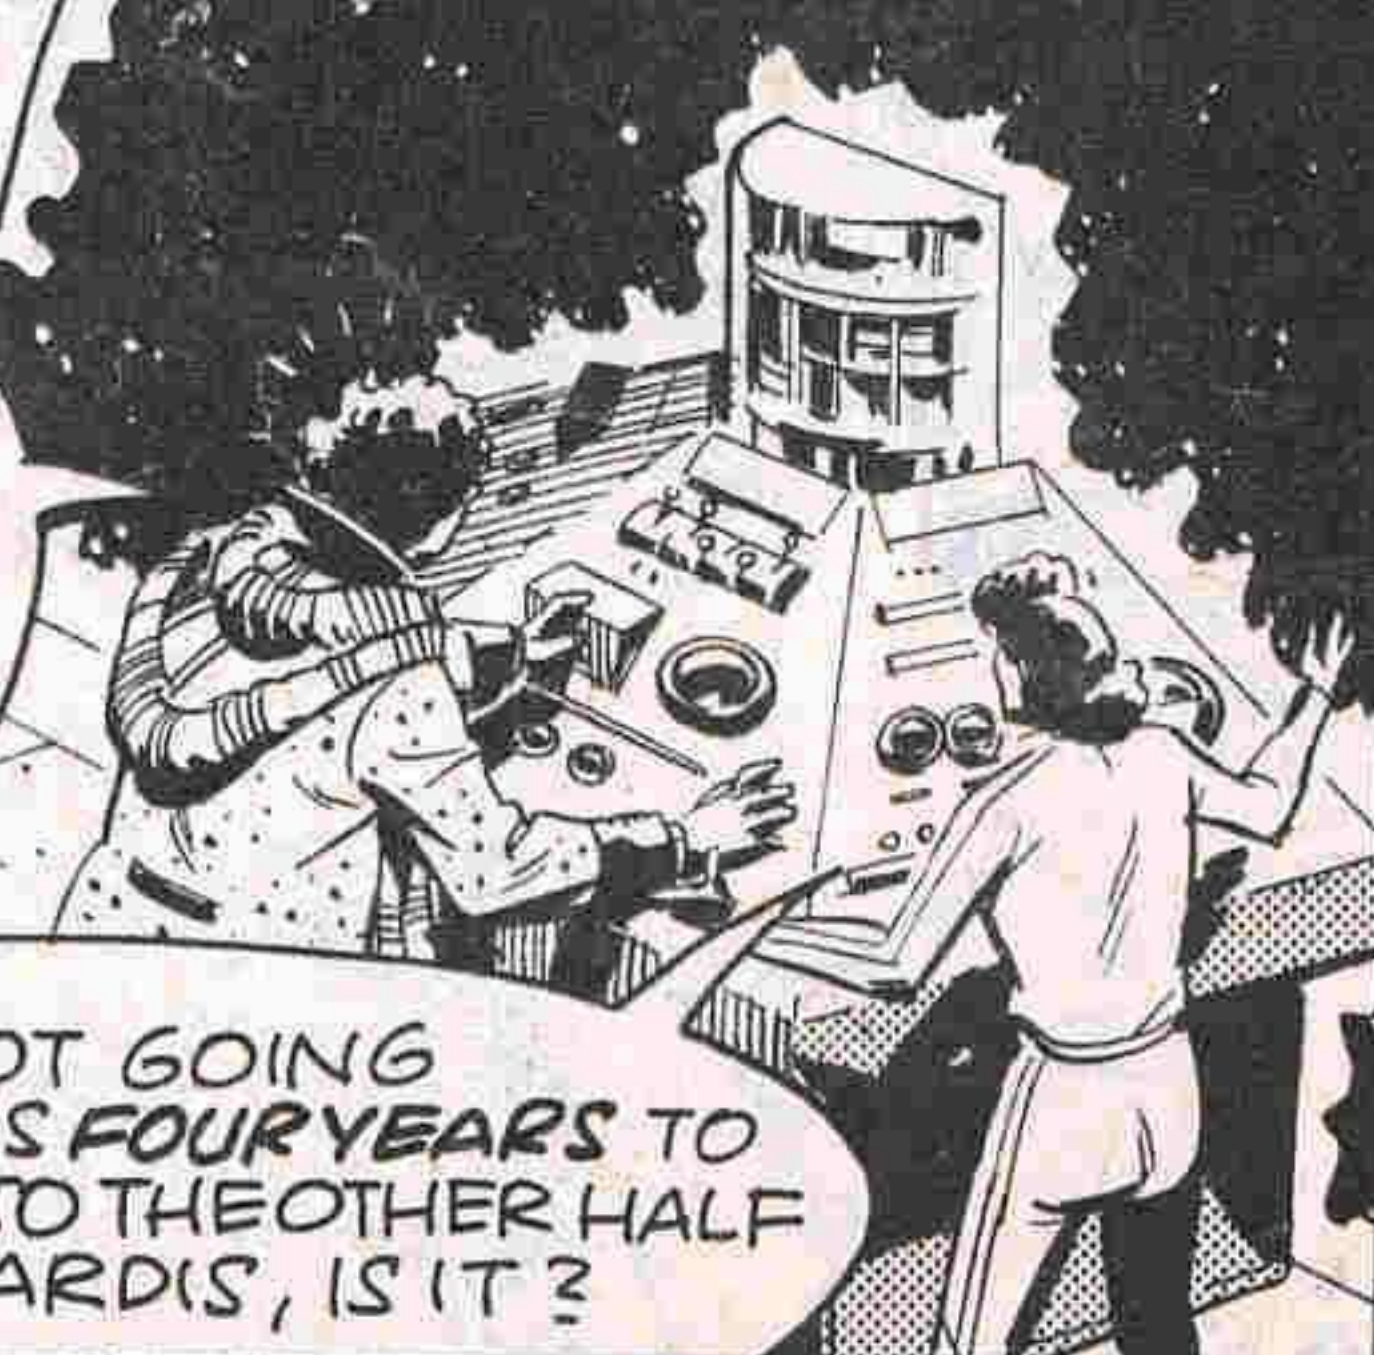

AT LEAST, OUR
HALF OF IT! LET'S
SEE IF IT CAN GET
US OUT OF HERE!

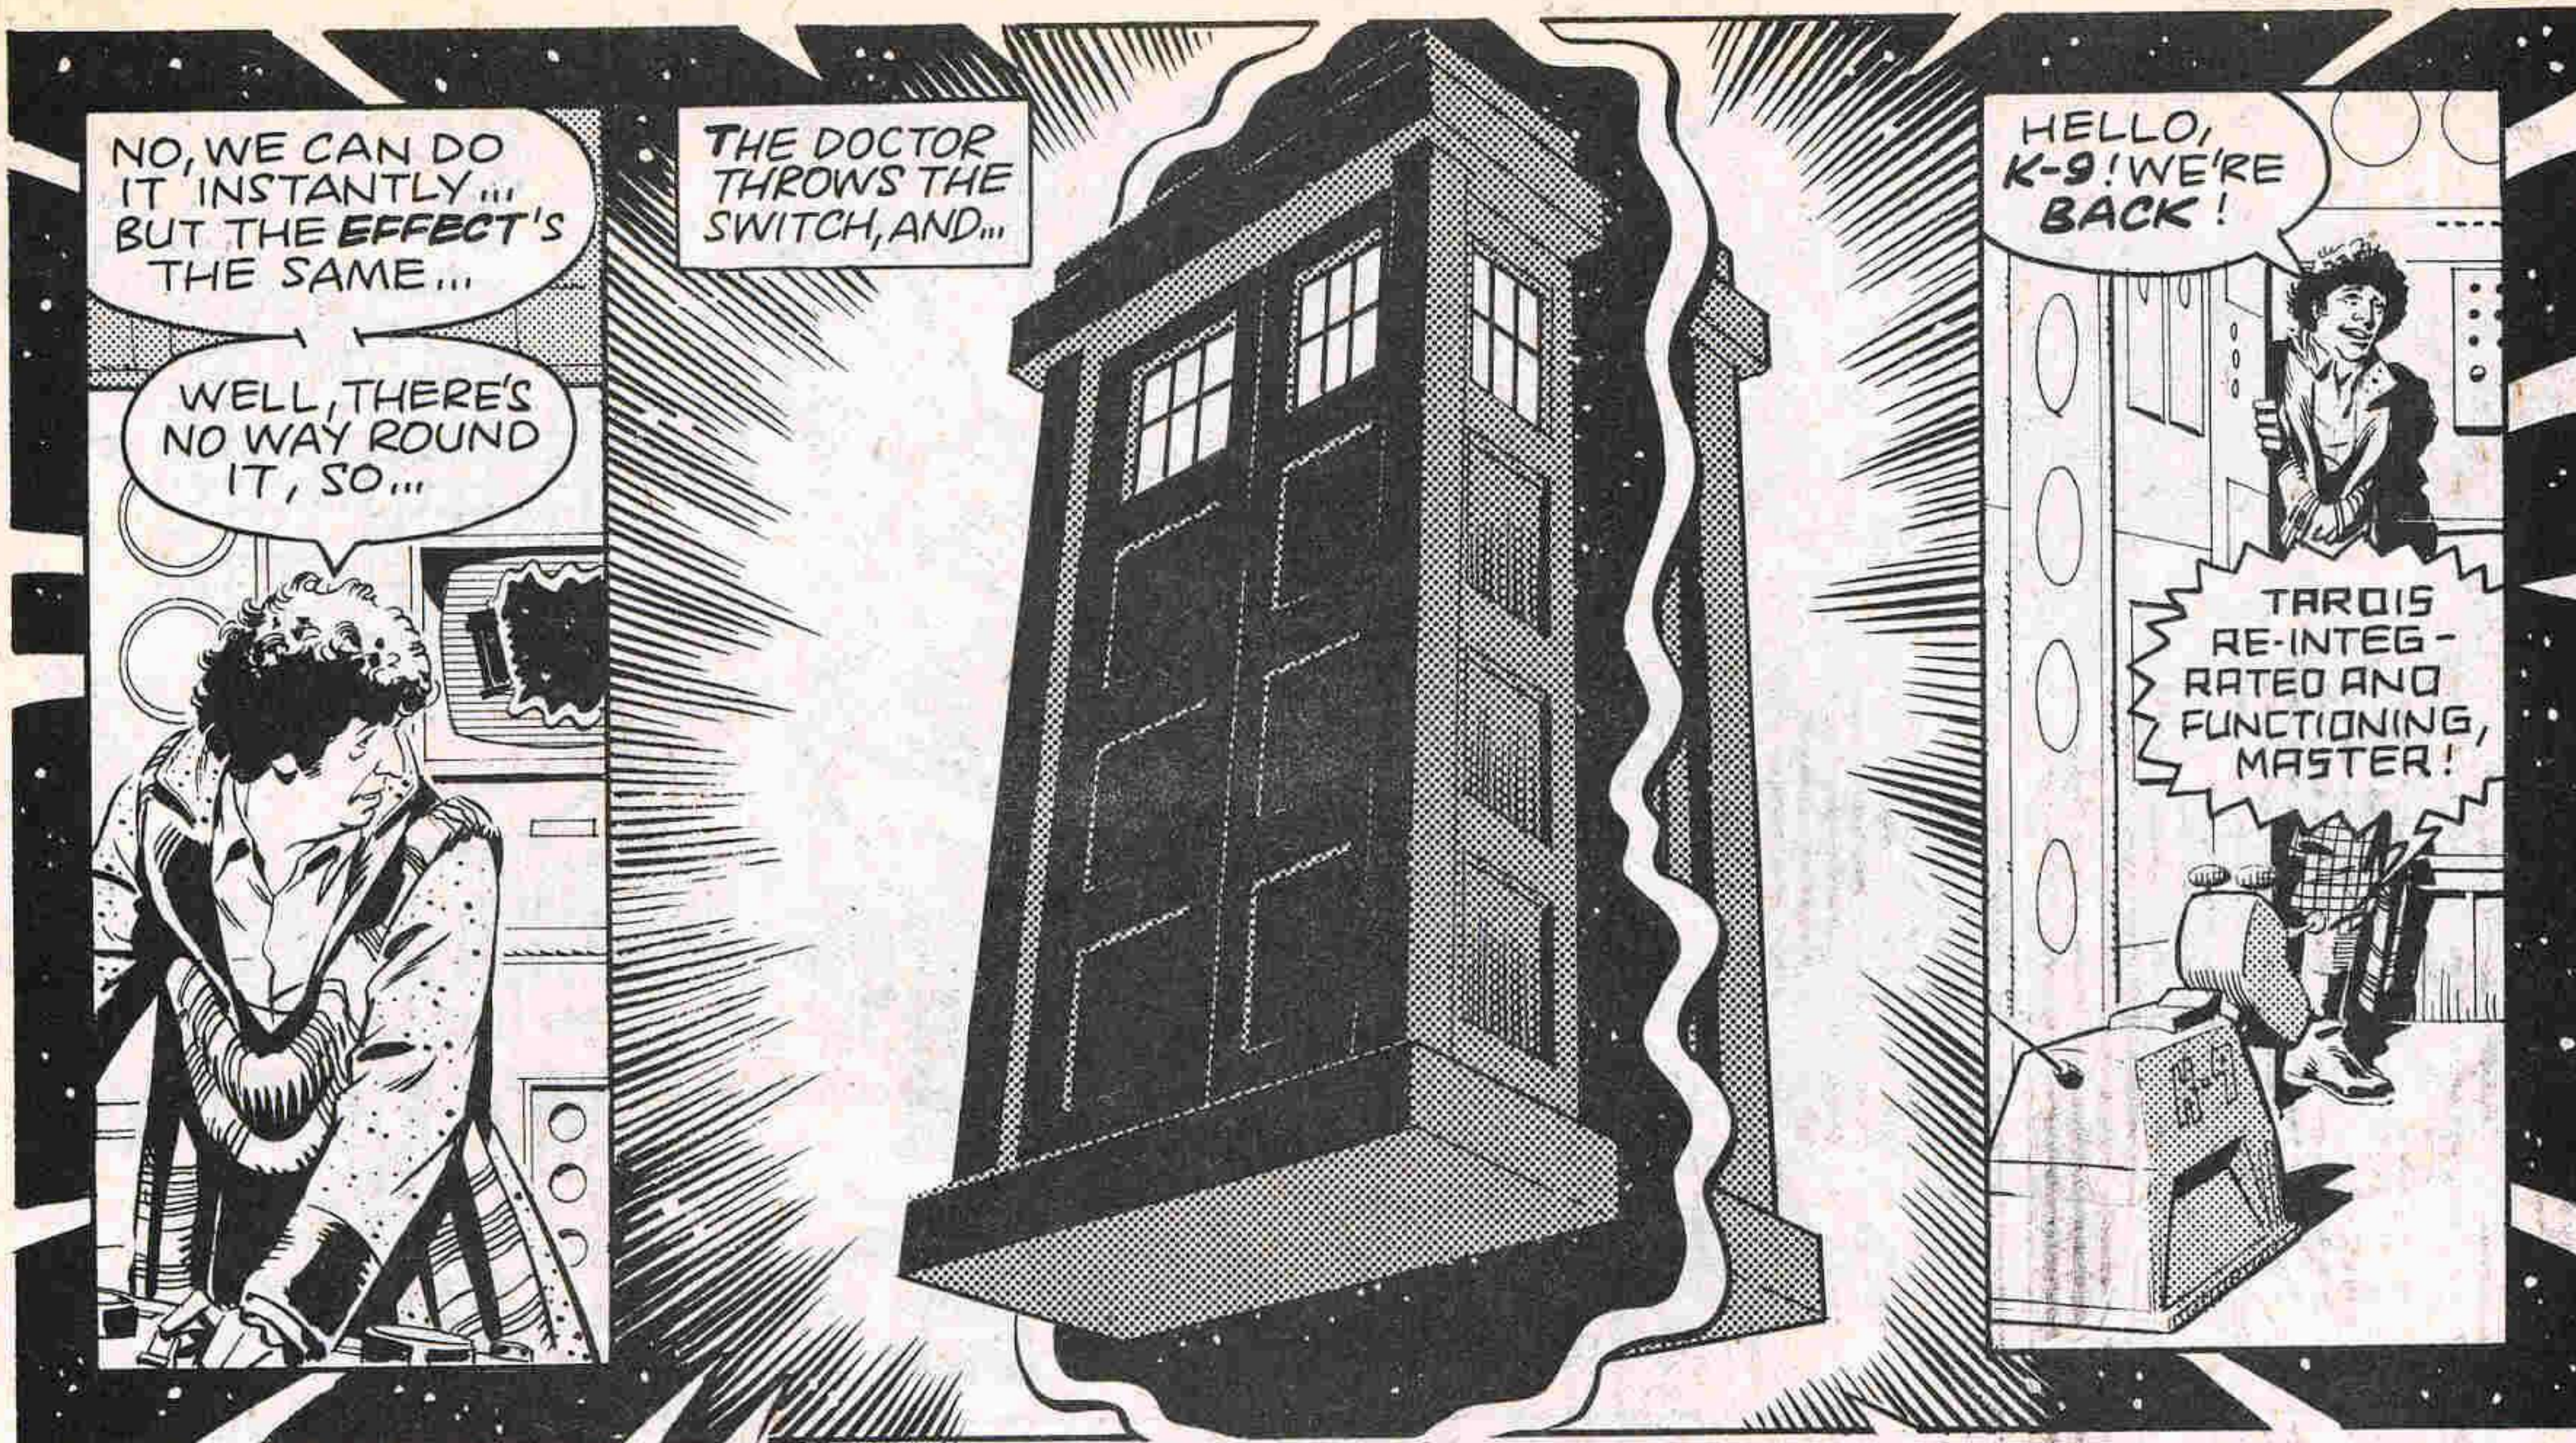

WE
WON'T HAVE
TO WORRY ABOUT
BRIMO ANY MORE...
SHE HASN'T ENOUGH
POWER LEFT TO GET
OUT OF THAT THING...

BUT INSIDE, AFTER
A QUICK CHECK...

OH, DEAR... THE
SPLIT IN TIME'S
WIDENED TO FOUR
YEARS ACROSS!
AND IT RUNS
RIGHT THROUGH
THE CHRONO-
COMPENSATOR!

IT'S NOT GOING
TO TAKE US FOUR YEARS
TO GET BACK TO THE OTHER HALF
OF THE TARDIS, IS IT?

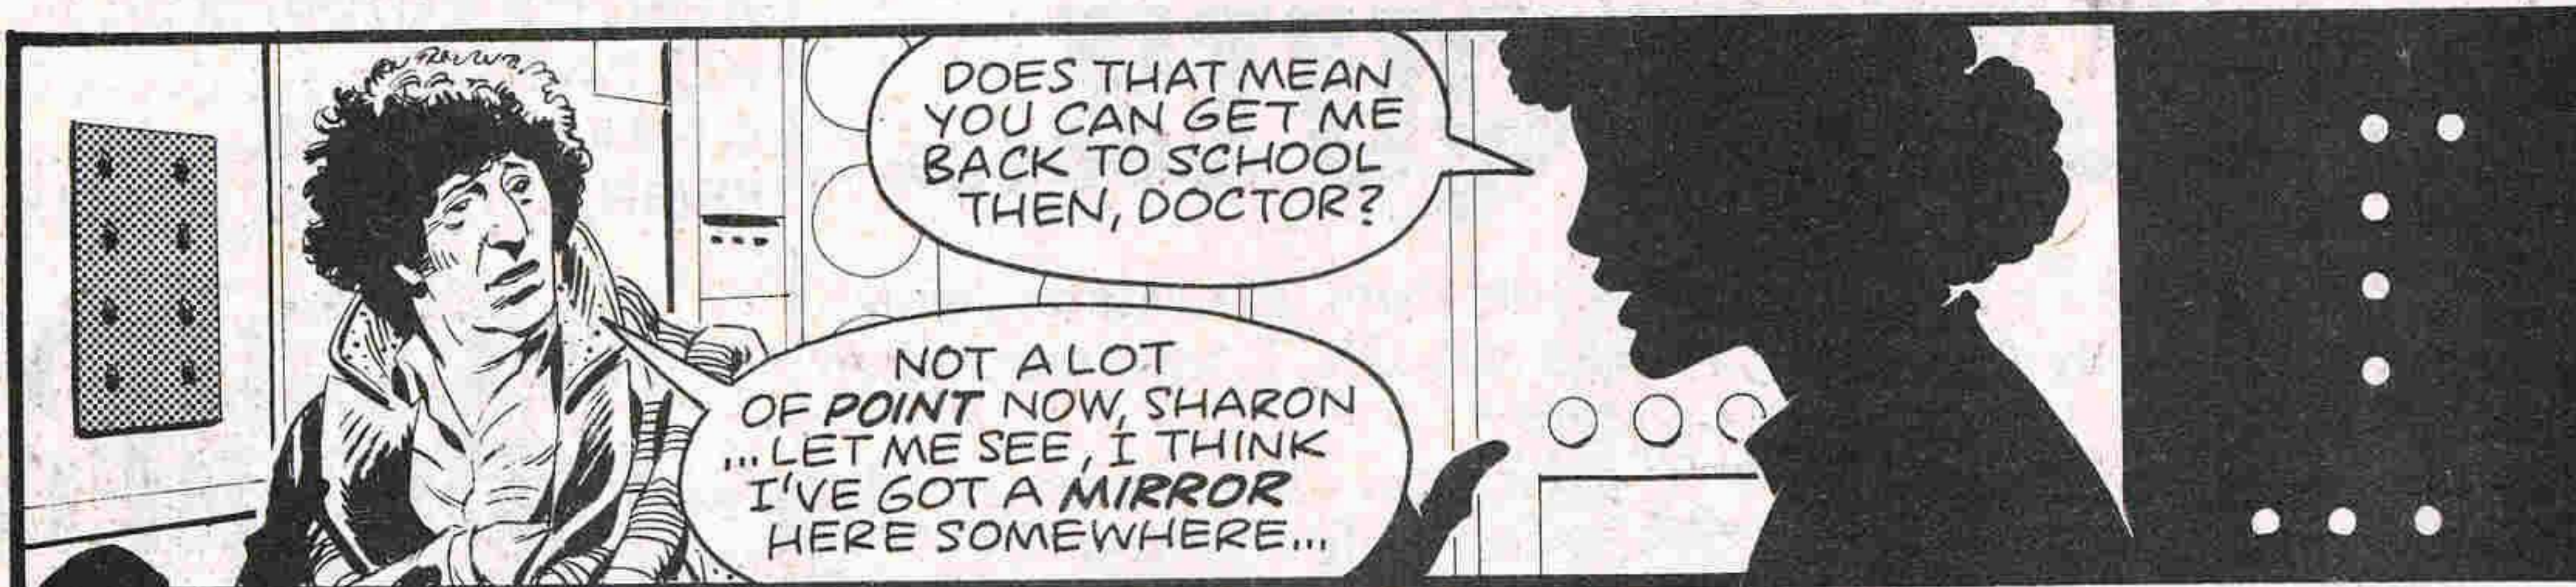

NO, WE CAN DO IT INSTANTLY... BUT THE **EFFECT'S** THE SAME...

THE DOCTOR THROWS THE SWITCH, AND...

WELL, THERE'S NO WAY ROUND IT, SO...

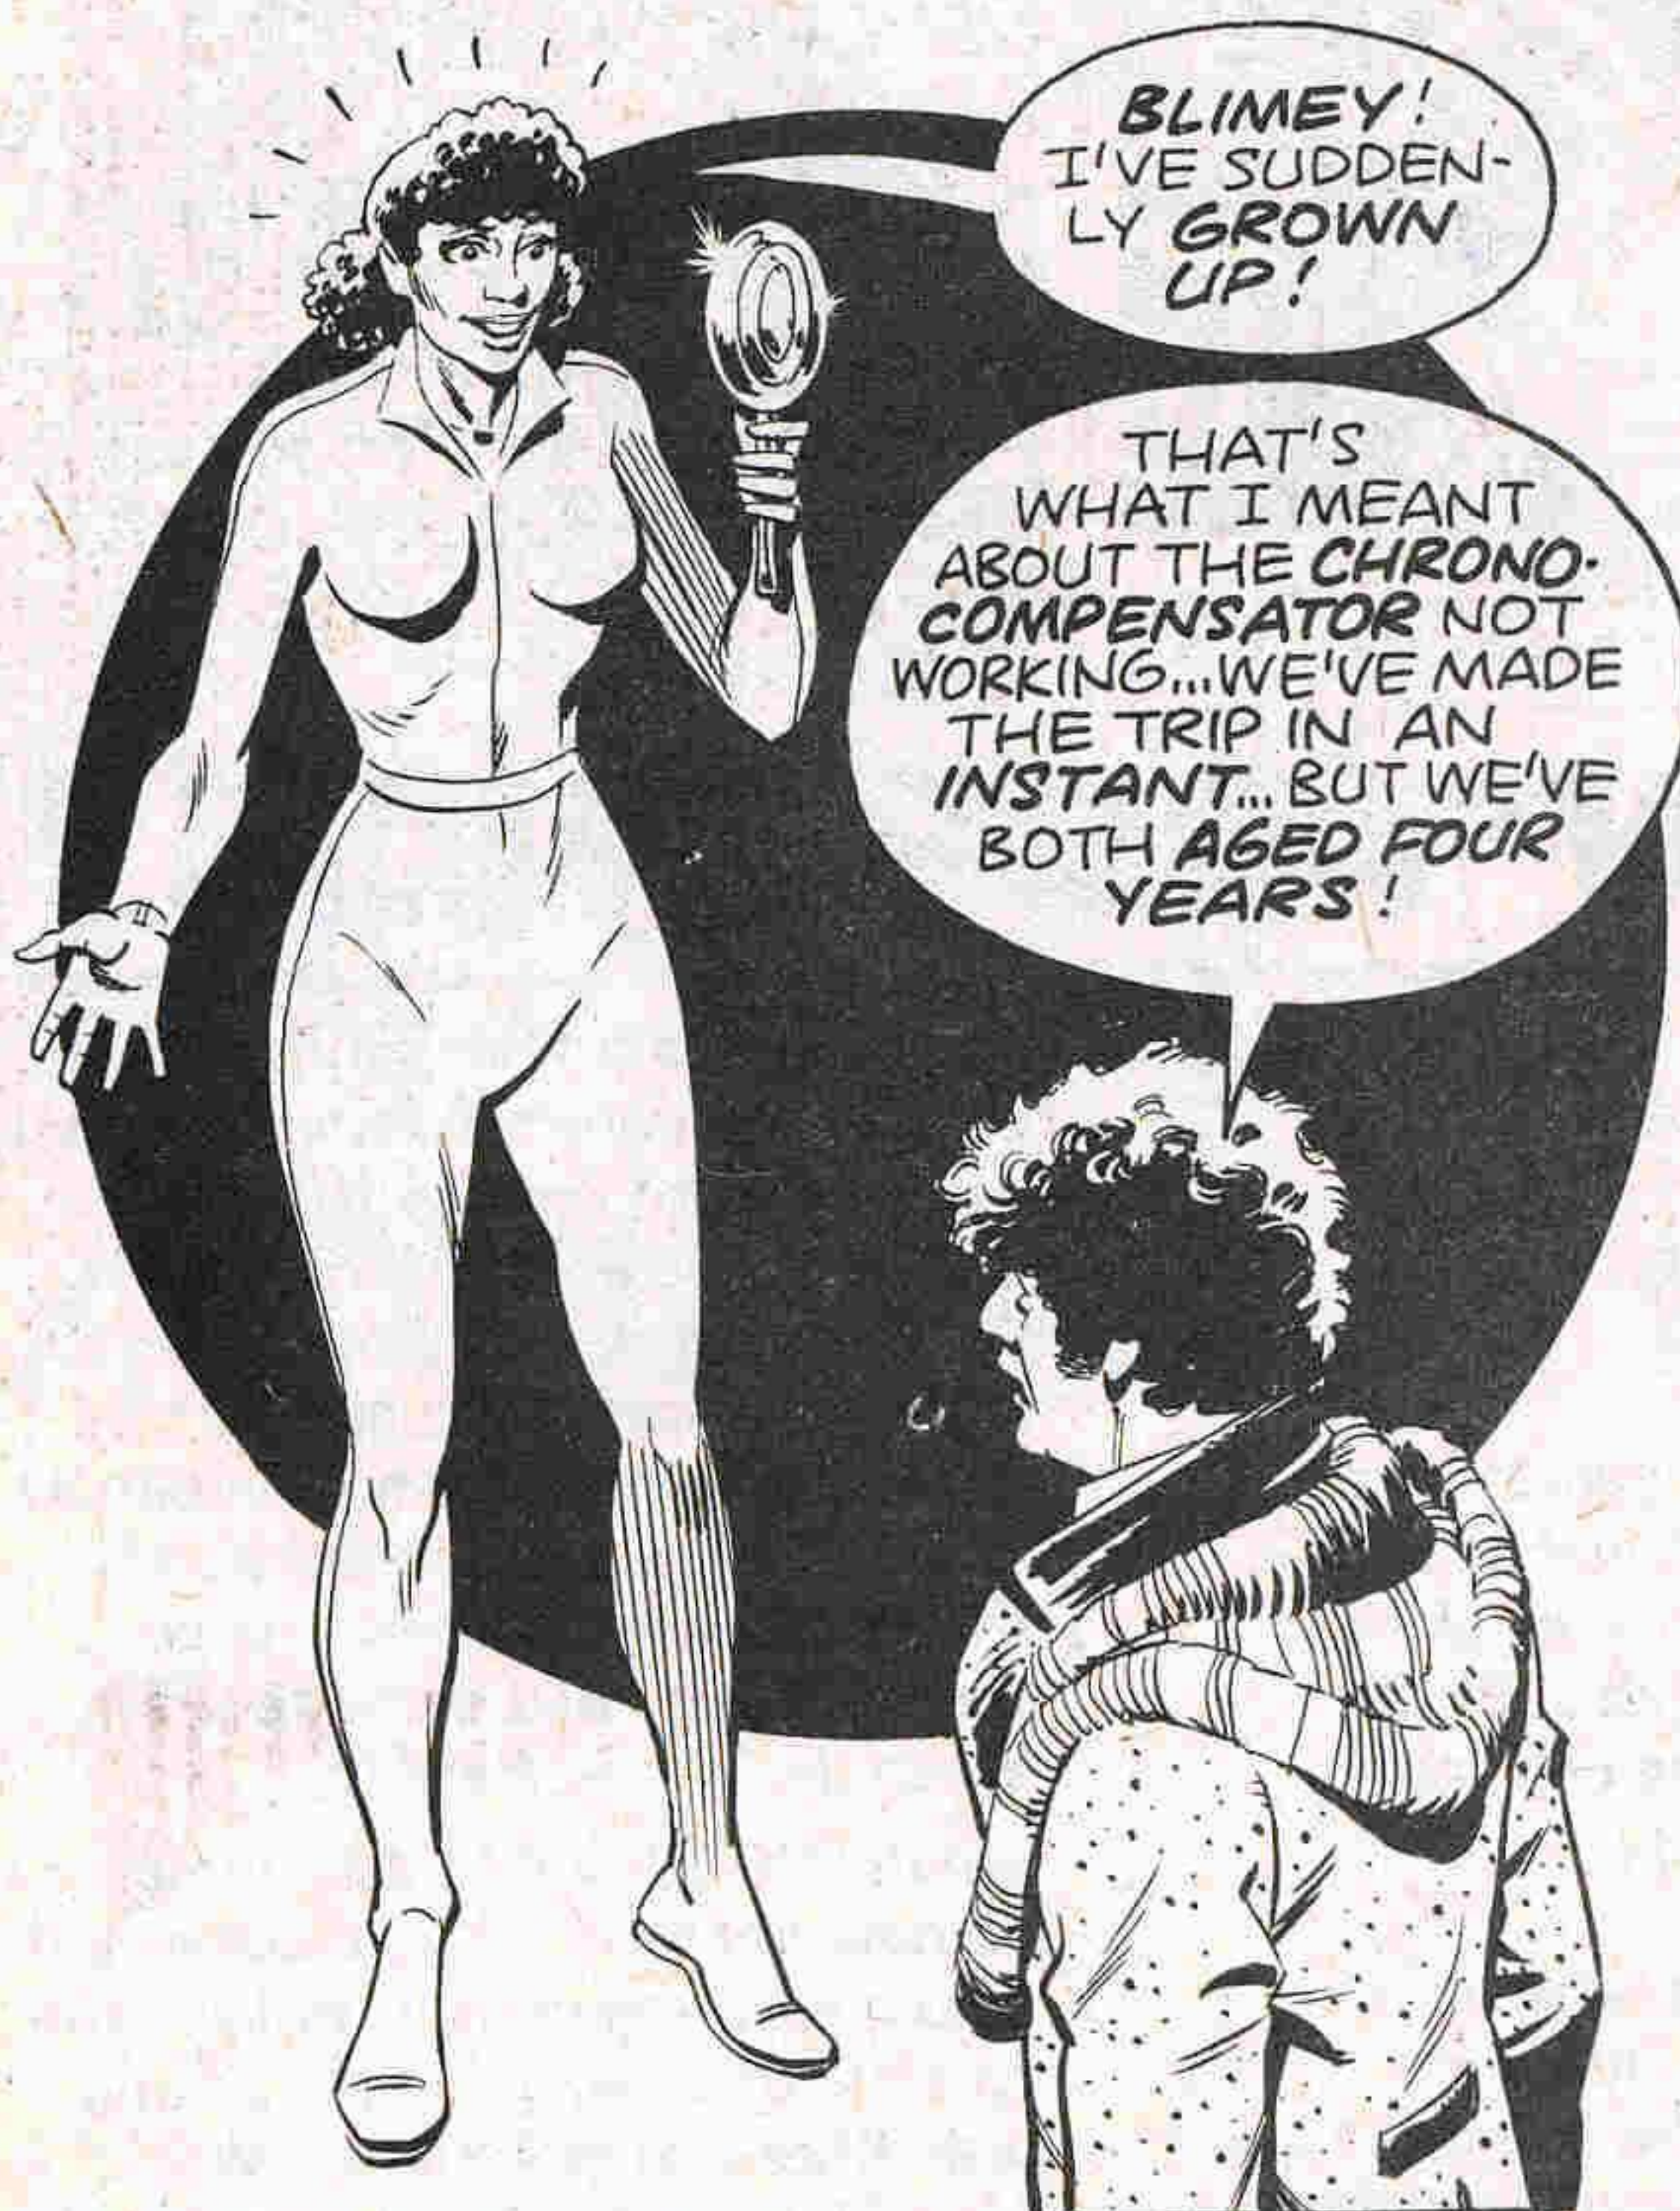

HELLO, K-9! WE'RE BACK!

TARDIS RE-INTEGRATED AND FUNCTIONING, MASTER!

DOES THAT MEAN YOU CAN GET ME BACK TO SCHOOL THEN, DOCTOR?

NOT A LOT OF POINT NOW, SHARON... LET ME SEE, I THINK I'VE GOT A MIRROR HERE SOMEWHERE...

BLIMEY! I'VE SUDDENLY GROWN UP!

THAT'S WHAT I MEANT ABOUT THE **CHRONO-COMPENSATOR** NOT WORKING... WE'VE MADE THE TRIP IN AN INSTANT... BUT WE'VE BOTH AGED FOUR YEARS!

I SHALL STILL THINK OF MYSELF AS 743... OR WAS IT 730, I NEVER CAN REMEMBER...

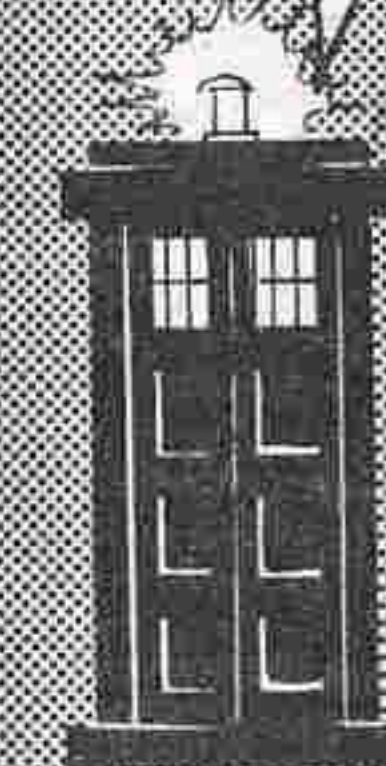

BUT FOR YOU, THE CHANGE IS A BIT MORE NOTICEABLE...

THEY WON'T KNOW ME WHEN I GET HOME...

LOOK ON THE BRIGHT SIDE, SHARON... SOME THINGS YOU'LL BE GLAD TO MISS OUT ON...

NOW ME... I WAS A SPOTTY TEENAGER FOR FIFTY YEARS!

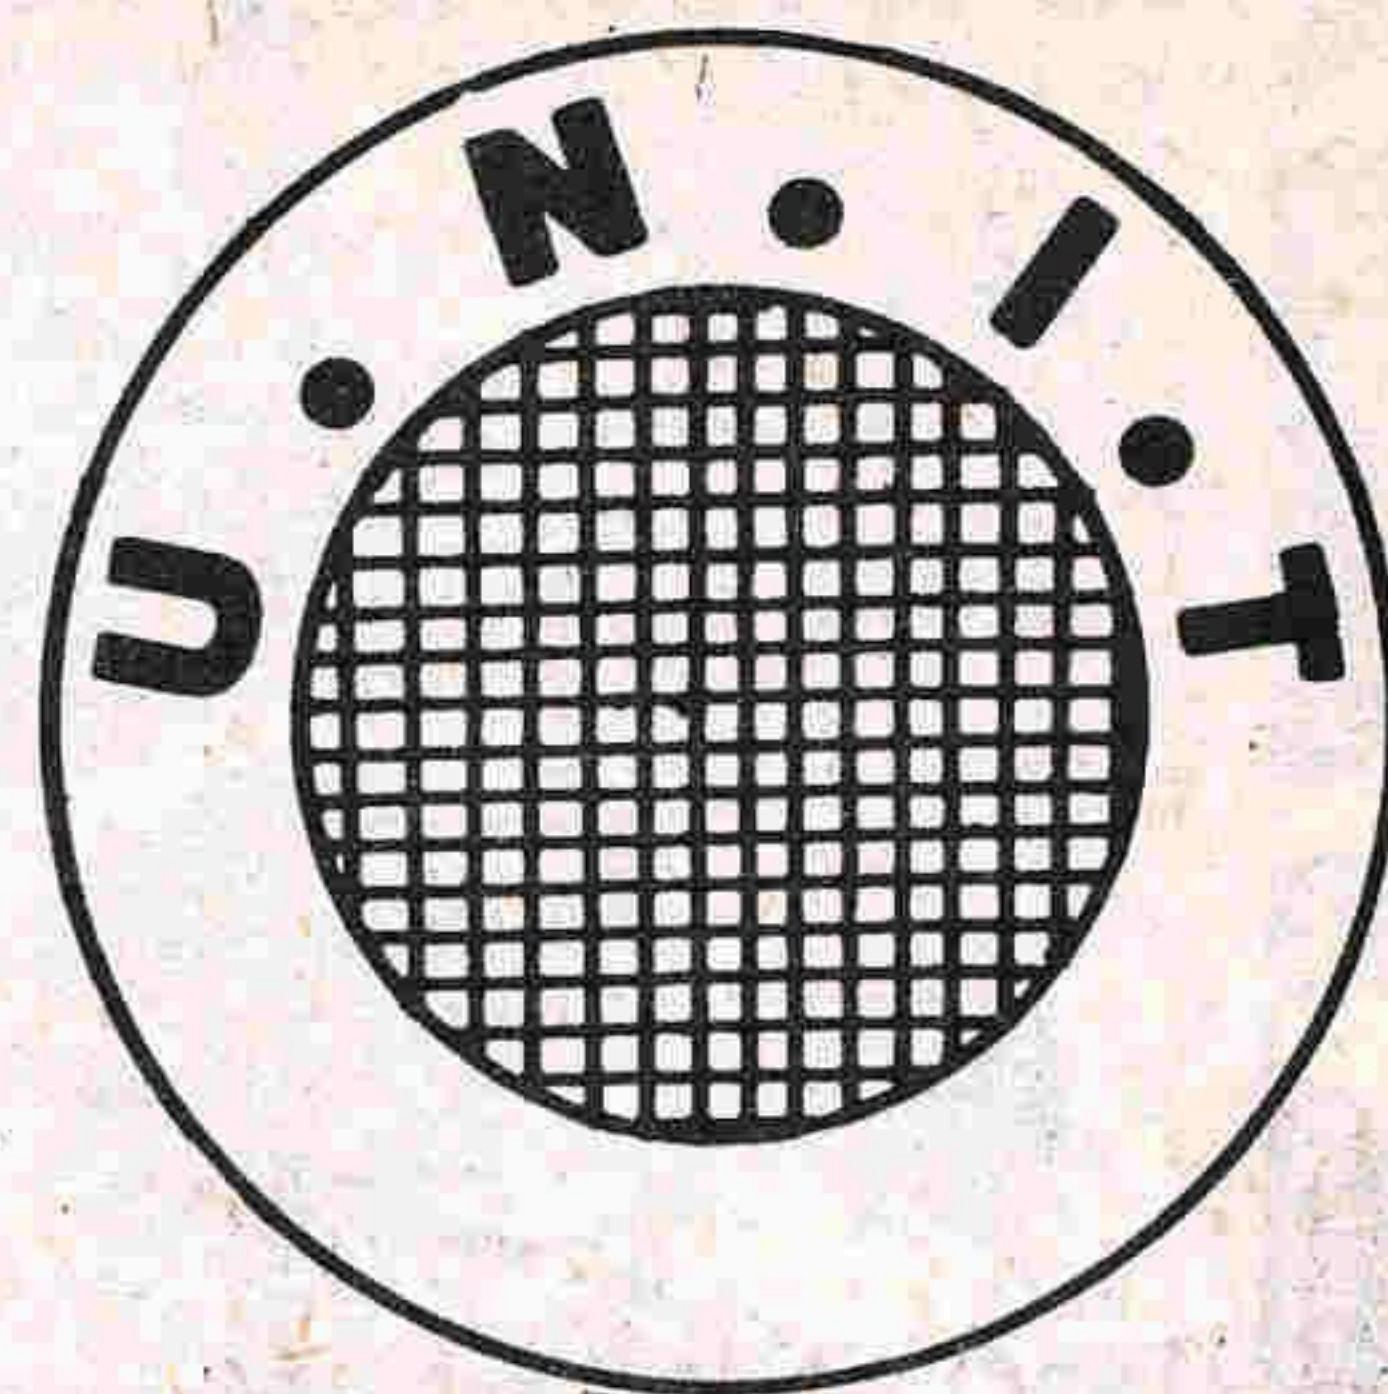

THE END.

NO 12 THE AXONS

KNOW YOUR ENEMY

SUBJECT: The Axons

PLANET OF ORIGIN: Axos

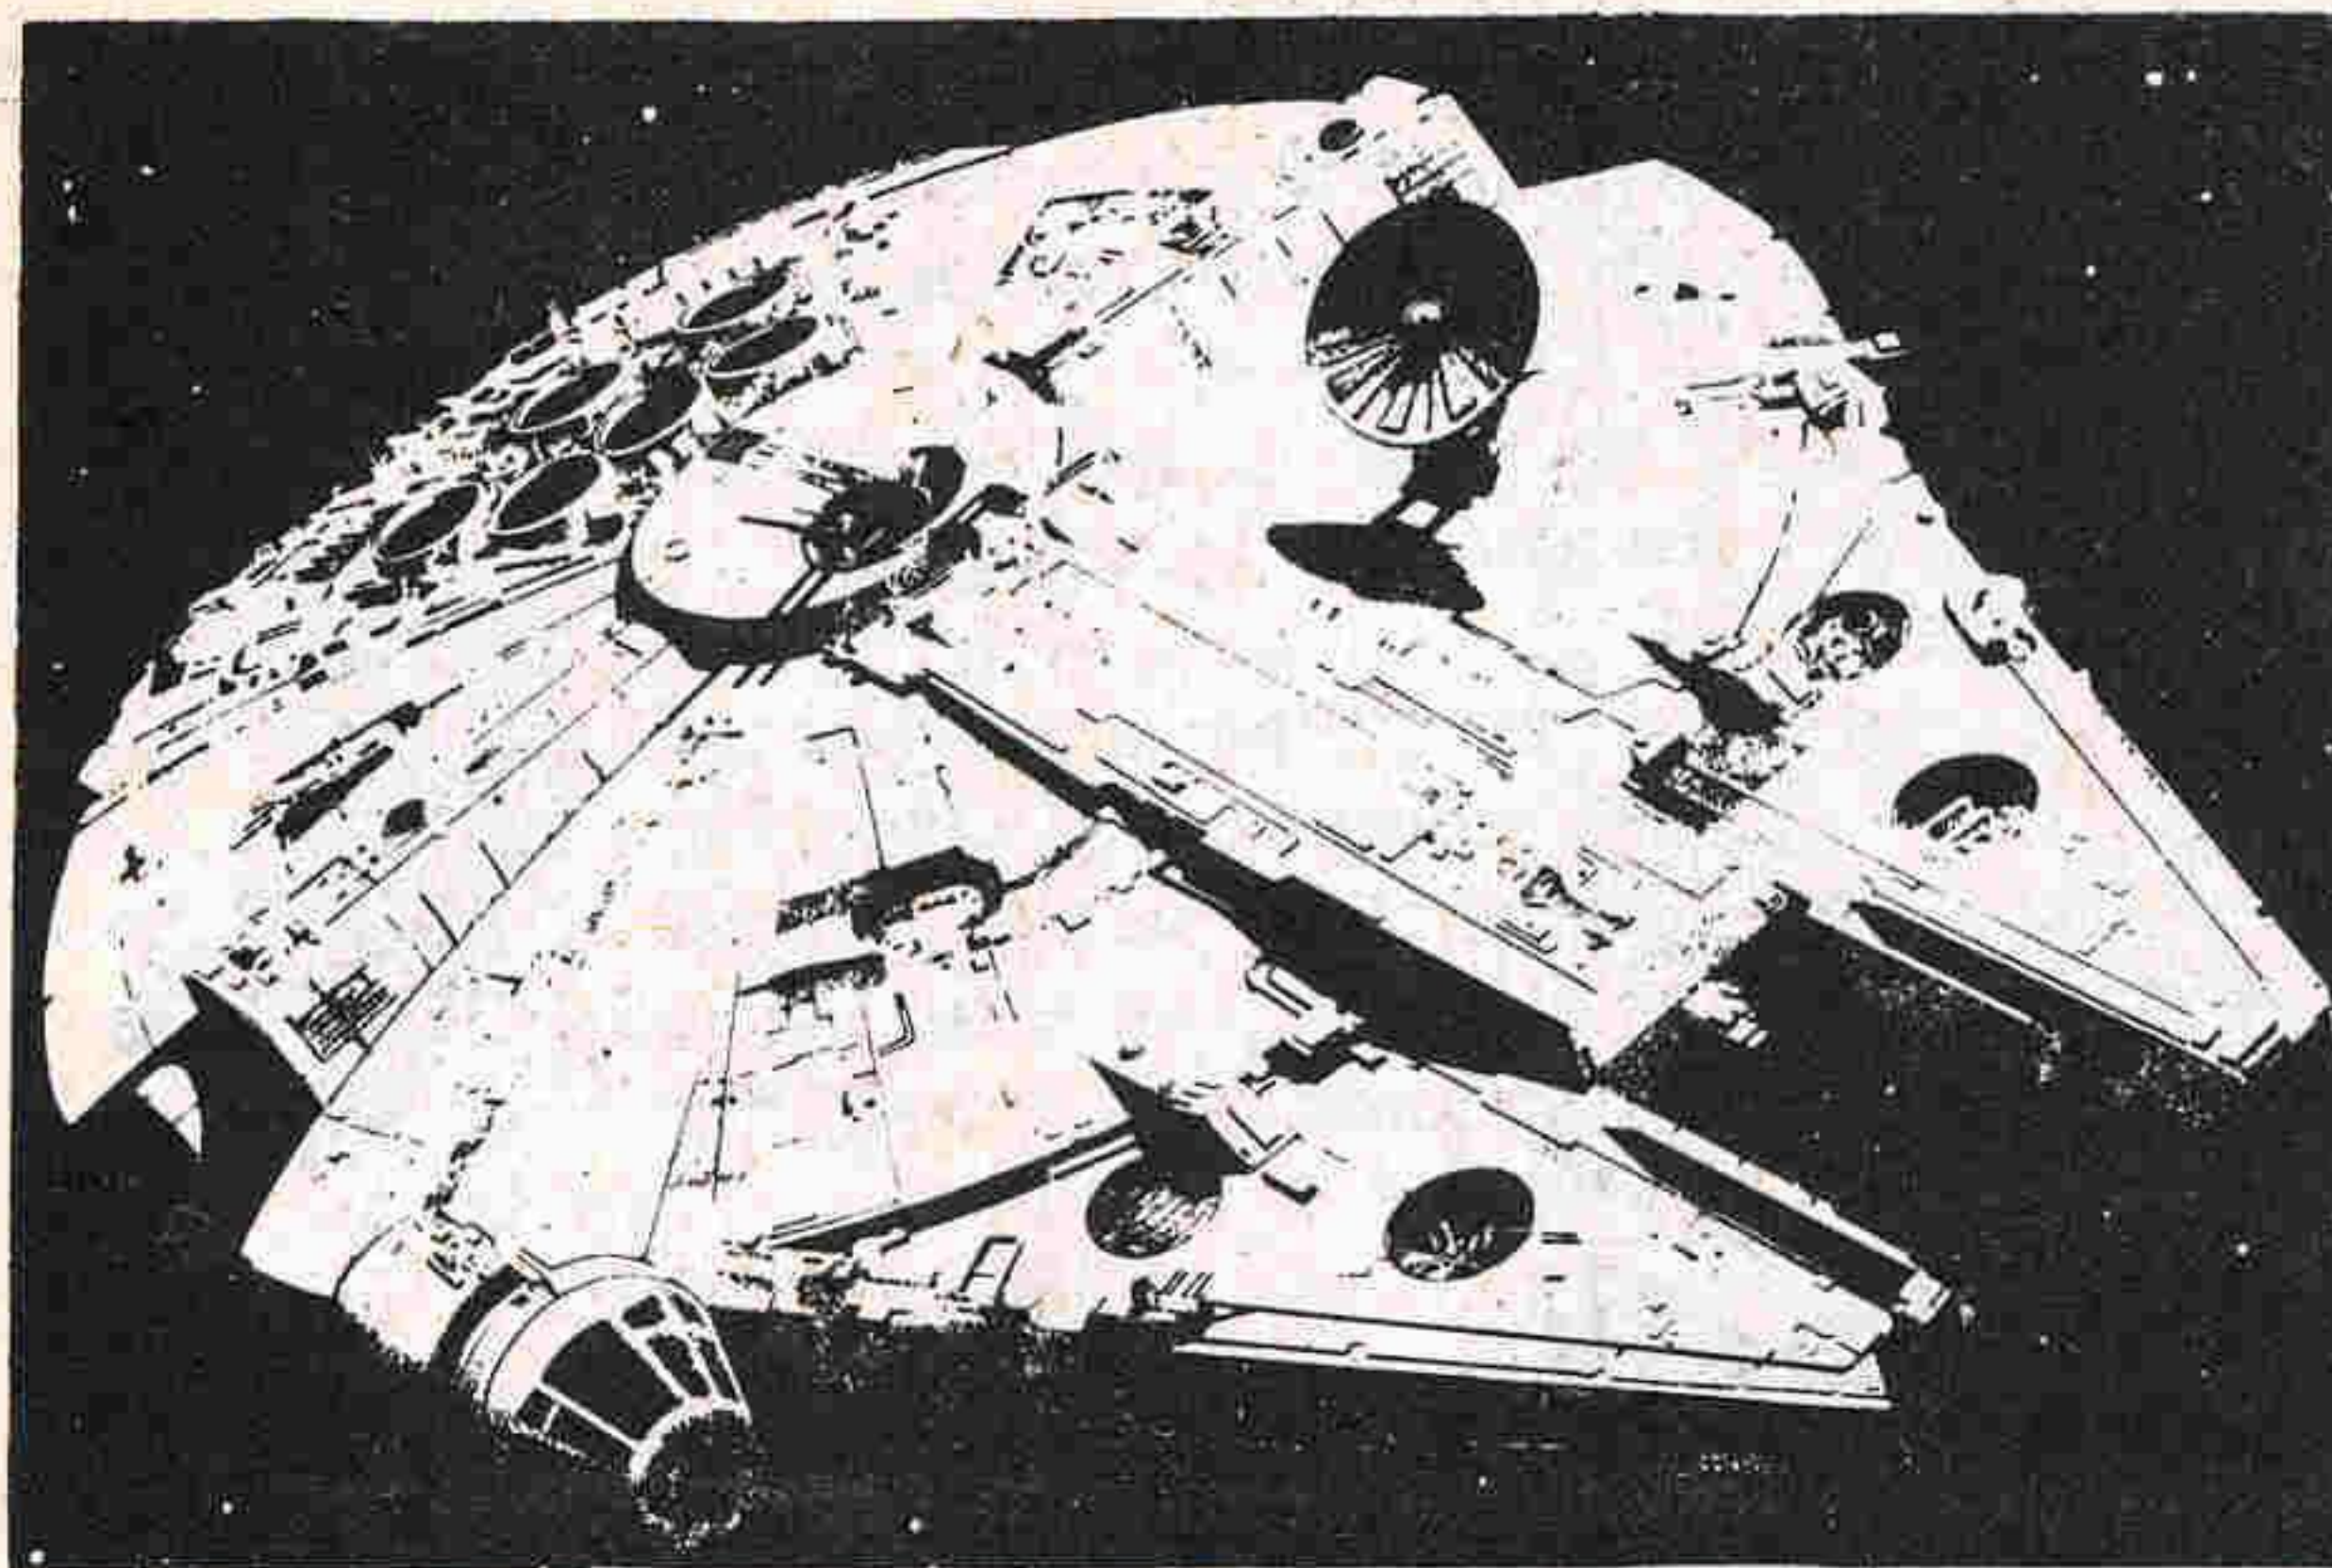

WEAPONRY: A lethal electrical charge which can be projected at will.

HISTORY: Data banks suggest that Axos is not really a planet at all but a single biological entity of planet-sized proportions which split off sections of itself in the continuing quest for nourishment.

In the mid-seventies a large chunk of Axos was guided here by the Master. It landed in the guise of a biological spacecraft and proceeded to distribute quantities of Axonite to all points of the globe. Axonite is a complex compound which,

when "activated" expands and engulfs any source of energy — converting it into the raw foodstuff on which the Axons feed. To get Axonite distributed worldwide the main Axos body changed part of itself into human form. The people of Earth were led to believe that the Axons were peaceful space travellers who had come to offer Earth the gift of Axonite.

When UNIT fought back, these golden creatures were re-converted into a writhing mass of organic life capable of storing and projecting lethal bolts of electricity. With UNIT'S help the Doctor managed to trap the Axos ship on Earth into a time loop so that it could never return.

GALACTIC THREATS

Meet some of the most dangerous criminals at large in the universe. They are the adversaries of good — a band of miscreants, misfits and murderers . . .

Not all the Doctor's foes have been hideous monsters with tentaced arms, mechanical eye stalks and electronic voices. Some have looked every bit as human as you or I, but it's a mistake to be fooled by appearances. These galactic villains are traitors, who succumb to greed and

malevolent ambition — risking everything for that one universal goal . . . power!

Supreme among them is the Master — the Doctor's oldest enemy. Once the two were inseparable friends, young Time Lords eager to experience the universe at first-hand. Yet when the

Doctor chose to be purely an explorer the Master turned away from him, seeking to use his knowledge for evil ends, to enhance his own personal glory and power! Yet, for all his villainy the Master had a charming, magnetic personality. He had a strong, if warped, sense of humour and a profound ability to adapt to almost any situation. His only weakness was his vanity. In choosing disguises for himself he would often assume a name that would reflect his desire for supremacy — Mr Magister, Colonel Masters, Professor Thascales — different names with the same meaning. Yet frequently these vain displays would lead the Doctor to him and thence to his downfall.

THE DEADLY ASSASSIN!

Their final confrontation came during "The Deadly Assassin" when facial disfigurement robbed the Master of his false airs and charm. He could scarcely contain his hatred for the Doctor who was "... so despicably good, so insufferably compassionate." It was a classic moment!

The Master's evil worked on a galactic scale, spanning all areas of time and space. More limited in ambition, but just as willing to betray his trust was Mavic Chen, the appointed Guardian of the Solar System in the 41st century. When the

Daleks perfected their Master Plan to invade and conquer the Solar Planets, it was Mavic Chen who provided them with the means to destroy all resistance on Earth. When the Master of Zephon quizzed Chen as to why he should provide the means to end what was his responsibility to guard, the traitor merely replied, "... the Solar System, for all its power, is just a part of a galaxy. Would you be satisfied with merely a part?" A short sentence,

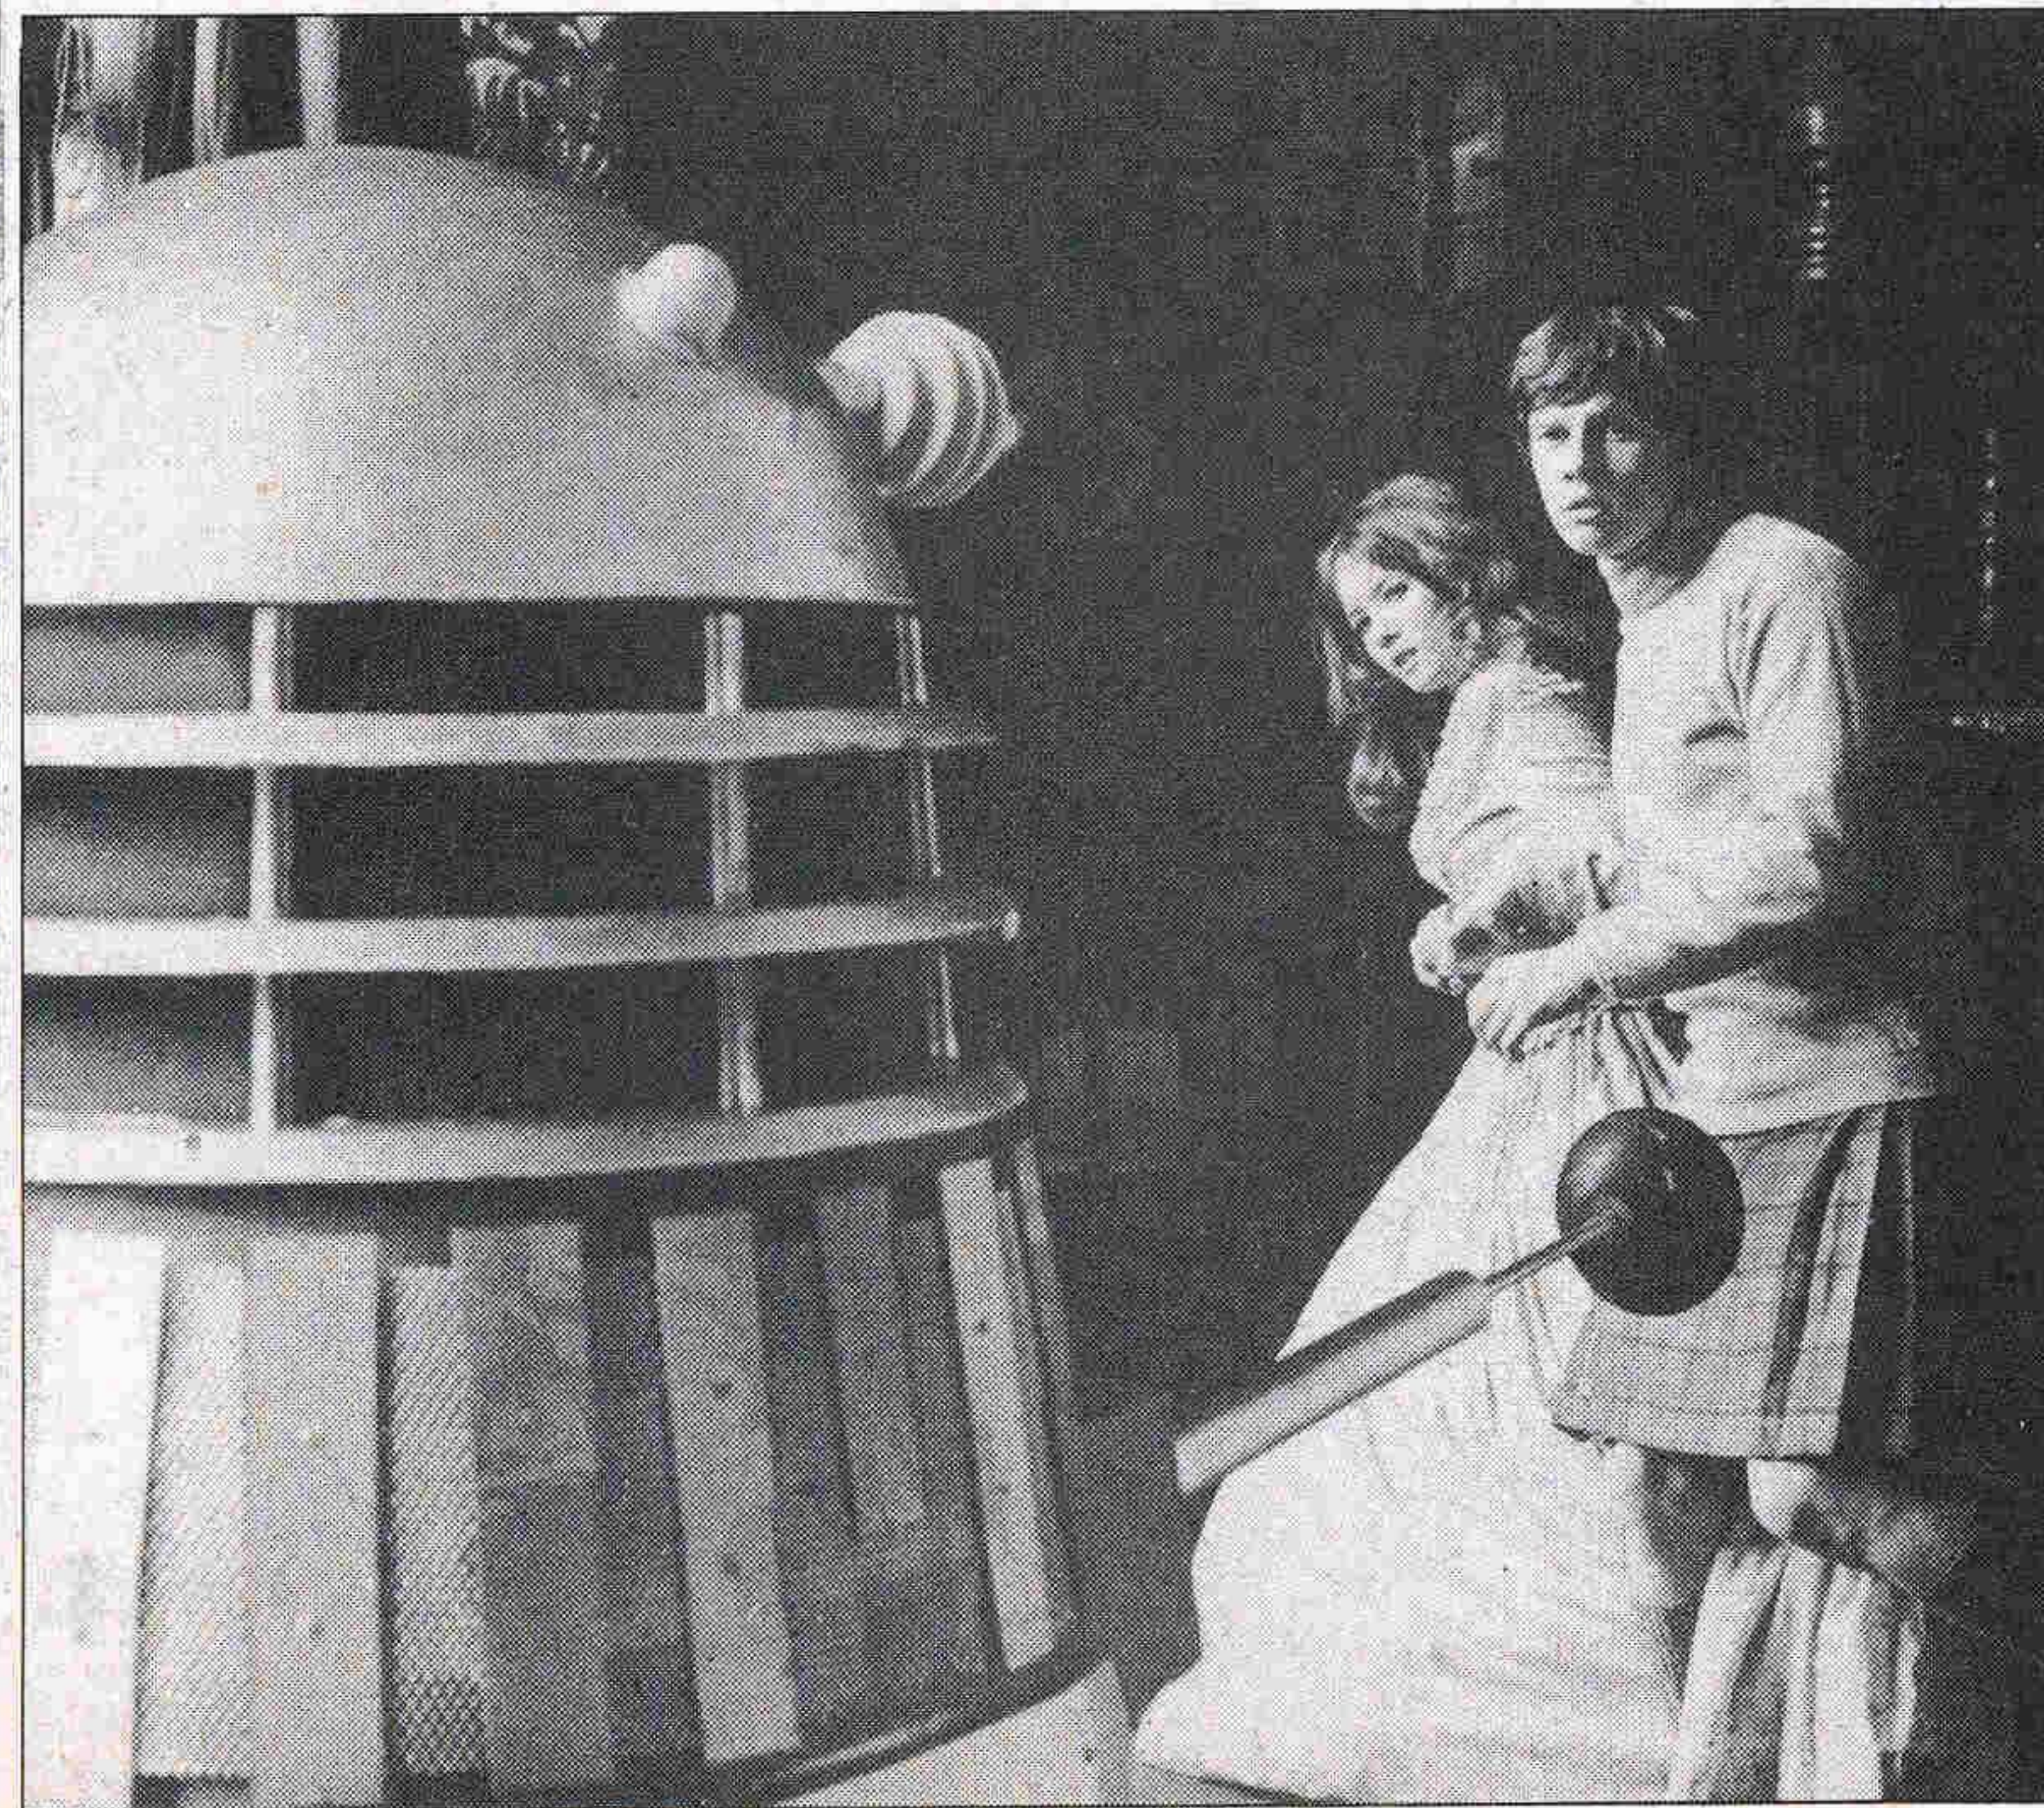

but enough to speak volumes of Chen's ambitions. Even the Daleks were wary of their useful ally, determined to exterminate him when his usefulness ran out...

Another classic villain of the series was Tobias Vaughn, head of "International Electromatics", a giant computer based company whose break-through with micro-circuitry had won a virtual monopoly in the electronics industry. Tobias Vaughn,

like Chen, hungered for universal supremacy, and his devotion to the principles of precise, logical order made him a willing ally of the Cybermen when they planned their invasion of Earth during the early Seventies. The Cybermen wanted the precious minerals of Earth and they offered Vaughn the position of Earth ruler if he helped them to subdue the planet. This Vaughn did, but so great was his lust for power that he began planning a way to finally destroy his alien allies. In the end it was the Cybermen who turned on Vaughn forcing him to abandon his dreams of glory and help UNIT fight the alien invaders.

Another ambitious megalomaniac who learned too late the folly of giving allegiance to the Cybermen, was Eric Kleig, a logician from the future who sought the lost city of the Cybermen, on the planet Telos. Reviving the Cybermen from their icy tombs, Kleig put a proposal to their leader. "We need your power", he argued. "You need our mass intelligence." A seemingly perfect bonding of strength to intellect, but as many others have done, Kleig finally realised that the Cybermen could not be swayed by promises of glory. Ironically, Kleig died at the hands of the monsters he had sought to make his allies. Trust is often misplaced when given to an alien species whose entire philosophy is radically different to your own.

Victorian scientist Theodore Maxtible made a similar mistake in 1870 when he agreed to help the Daleks capture the Doctor and Jamie.

Above: The Master holds the Crystal of Kronos in the 1972 adventure "The Time Master". **Facing page, top left:** Eric Kleig and Professor Parry in their daring bid to enter the Tomb of the Cybermen. **Top right:** The Doctor in conflict with the evil megalomaniac, Tobias Vaughn. **Bottom left:** Victorian scientist, Theodore Maxtible, paves a dangerous path for Jamie and Victoria.

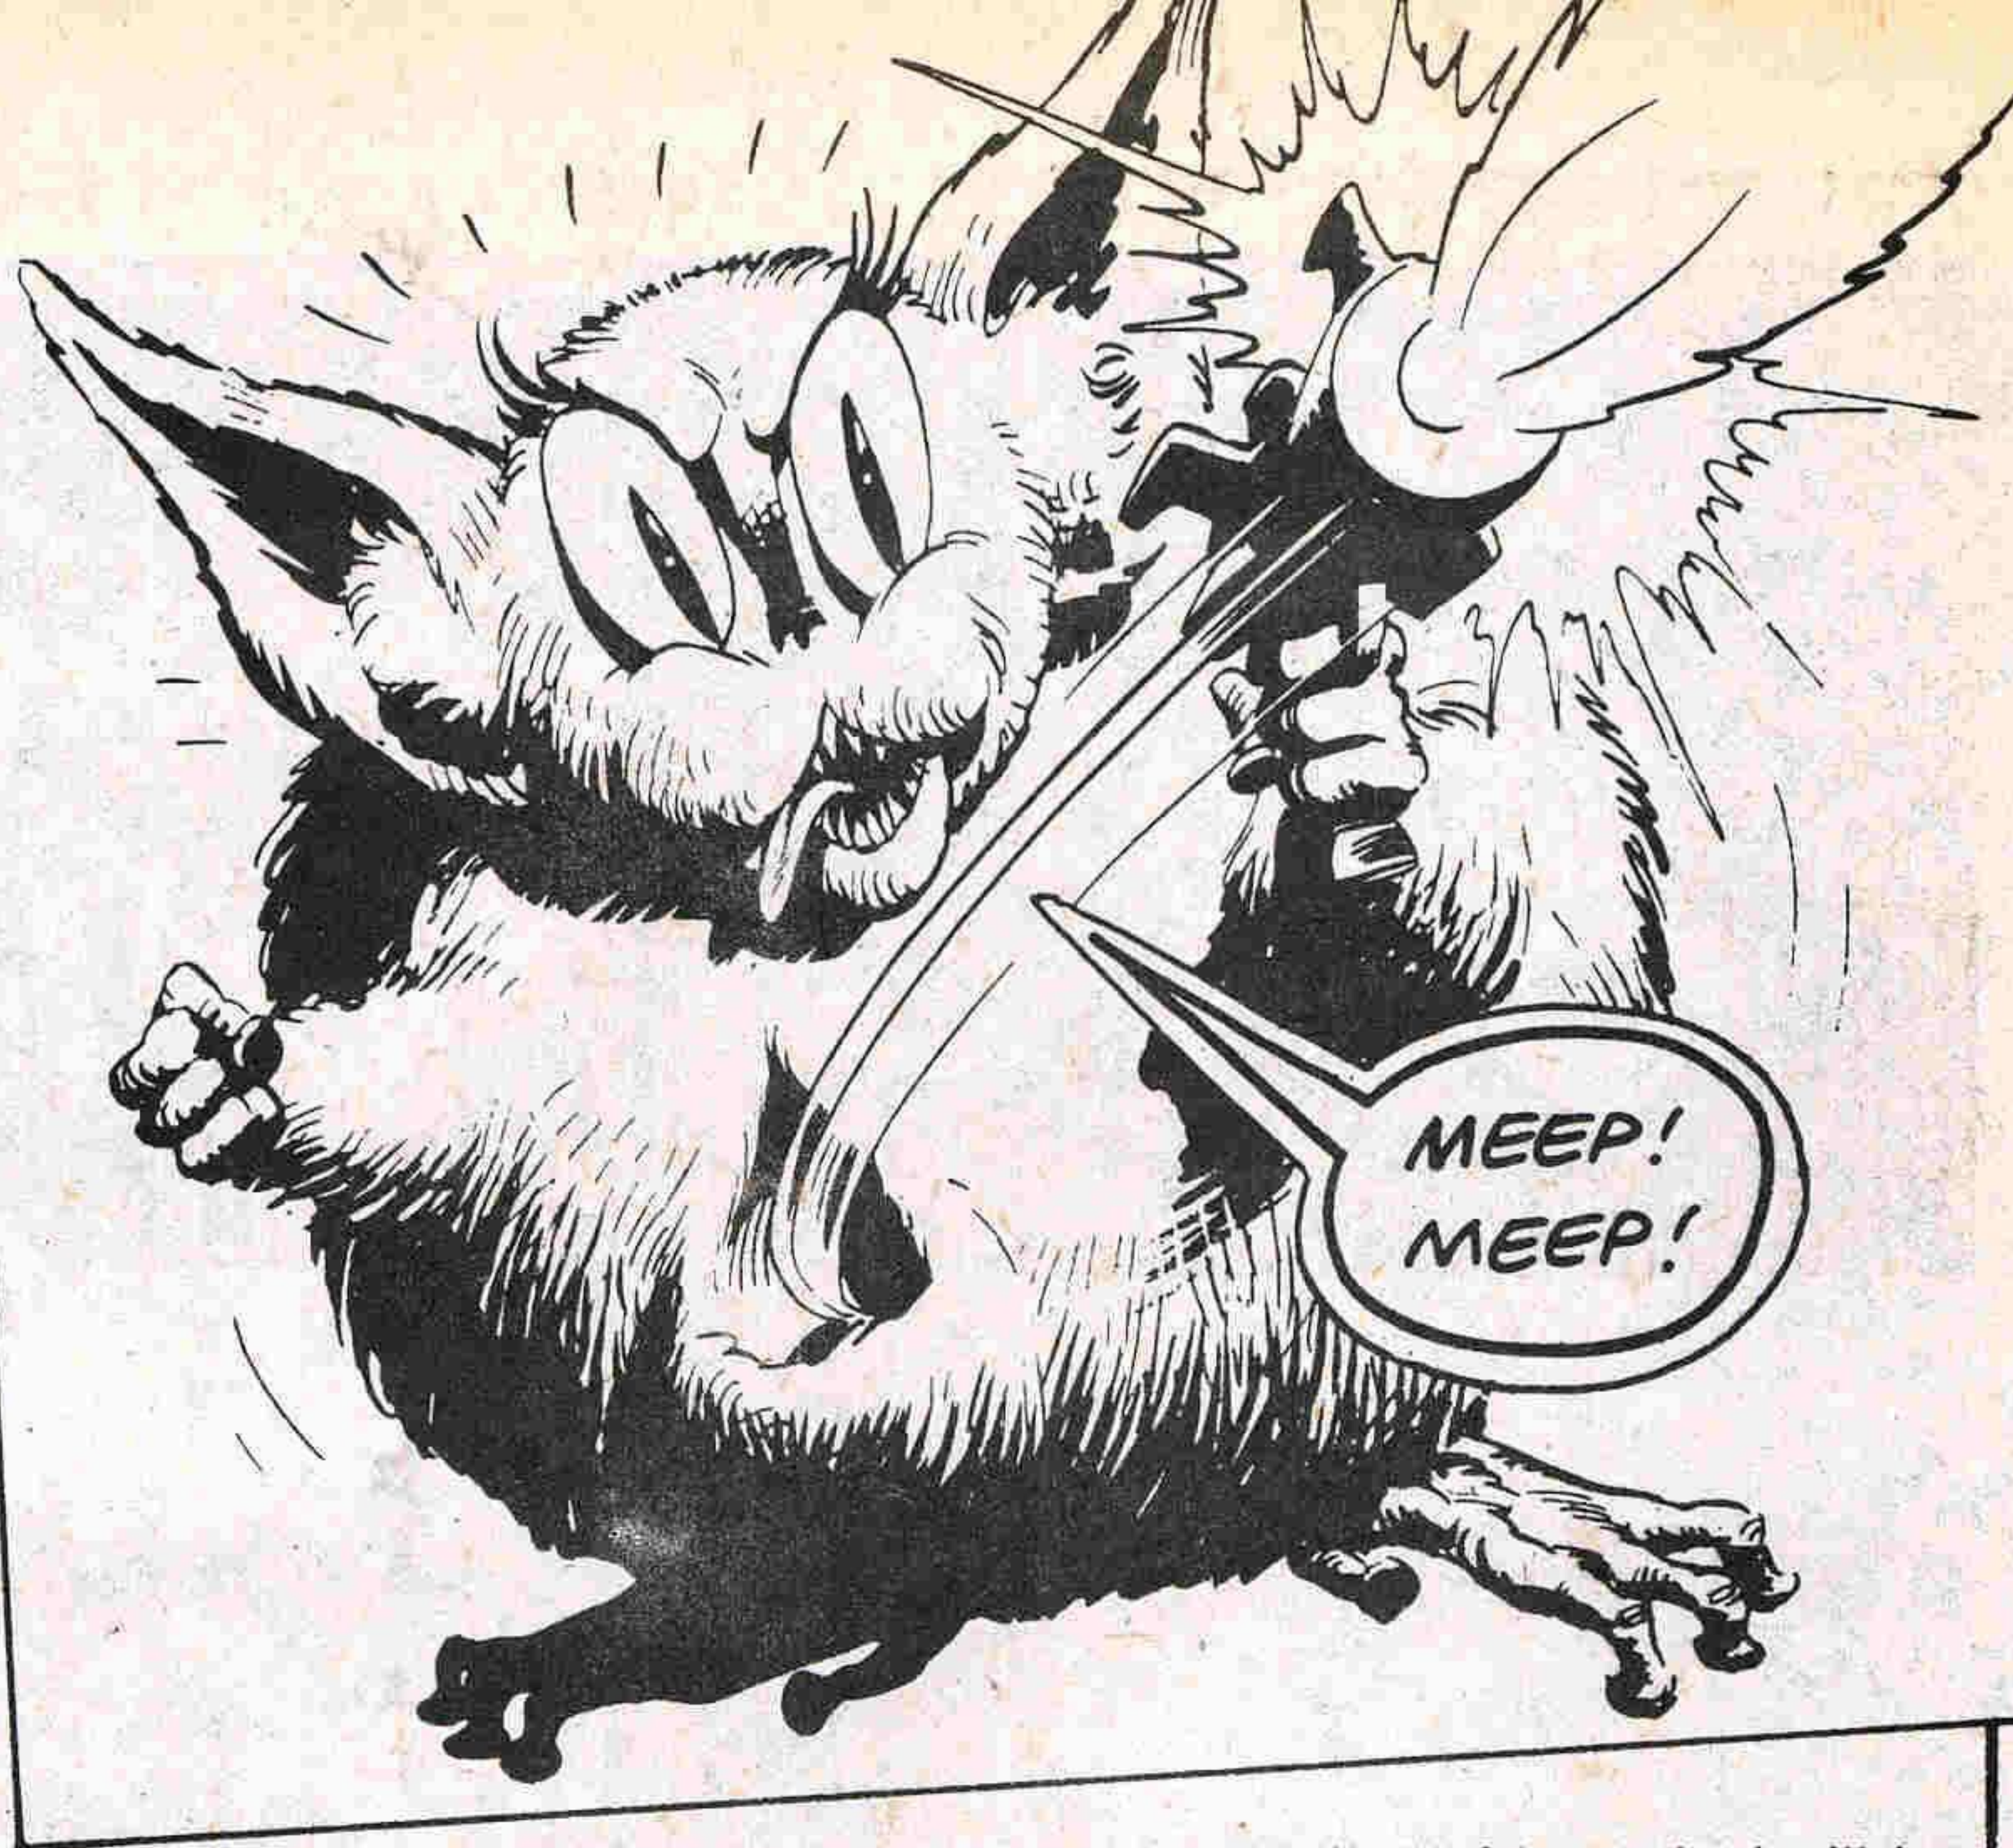

The ambitious villain lured the two travellers into a time trap and steered them onto a course that eventually brought them before the Dalek Emperor himself who then unfolded a plan to spread the so-called Dalek Factor through all times on the planet Earth. For his efforts Maxtible had been promised the secret of transmuting ordinary lead into gold. Surely a very meagre reward for delivering all of humanity into the clutches of the Daleks. But when Maxtible's value as an ally lessened, the Daleks destroyed his mind turning him into little more than a machine programmed to obey!

The Doctor encountered a similar situation on the planet Zanak — a gigantic, but hollow world capable of "jumping" through space and rematerialising anywhere in the universe. The captive worlds would then be bled of their energy by Zanak's sophisticated mining equipment until nothing was left but crushed husks no bigger than footballs, though extremely heavy. The master-mind of this murderous operation was a man known only as The Captain — but the term "man" was rather inadequate to describe his true appearance. Once he was a space pirate, an engineering genius who built and flew the most feared pirate ship in the skies, "The Vantarialis". When the ship crashed on Zanak the Captain's body was pulled from the wreckage and rebuilt. The finished result was half man, half machine, human on the left hand side of his body, a robot on the right. He became the ruler of Zanak and instigated the programme of building that would turn the planet into a galactic parasite.

The Captain's villainy worked on a gigantic scale, but even he was unaware of the trick being played on him. For all his power and ambition he was nothing more than a puppet, operated through the robot half of him by Zanak's true ruler — the blonde Queen Xanxia who had rebuilt him. Disguised as the Captain's humble nurse she controlled his every action via the "medical computer" at her side — the lamb ruling the lion, with the lion unaware that he was even being influenced.

The Master, Mavic Chen, Tobias Vaughn, Kleig Maxtible and the Captain were powerful villains of the first rank...

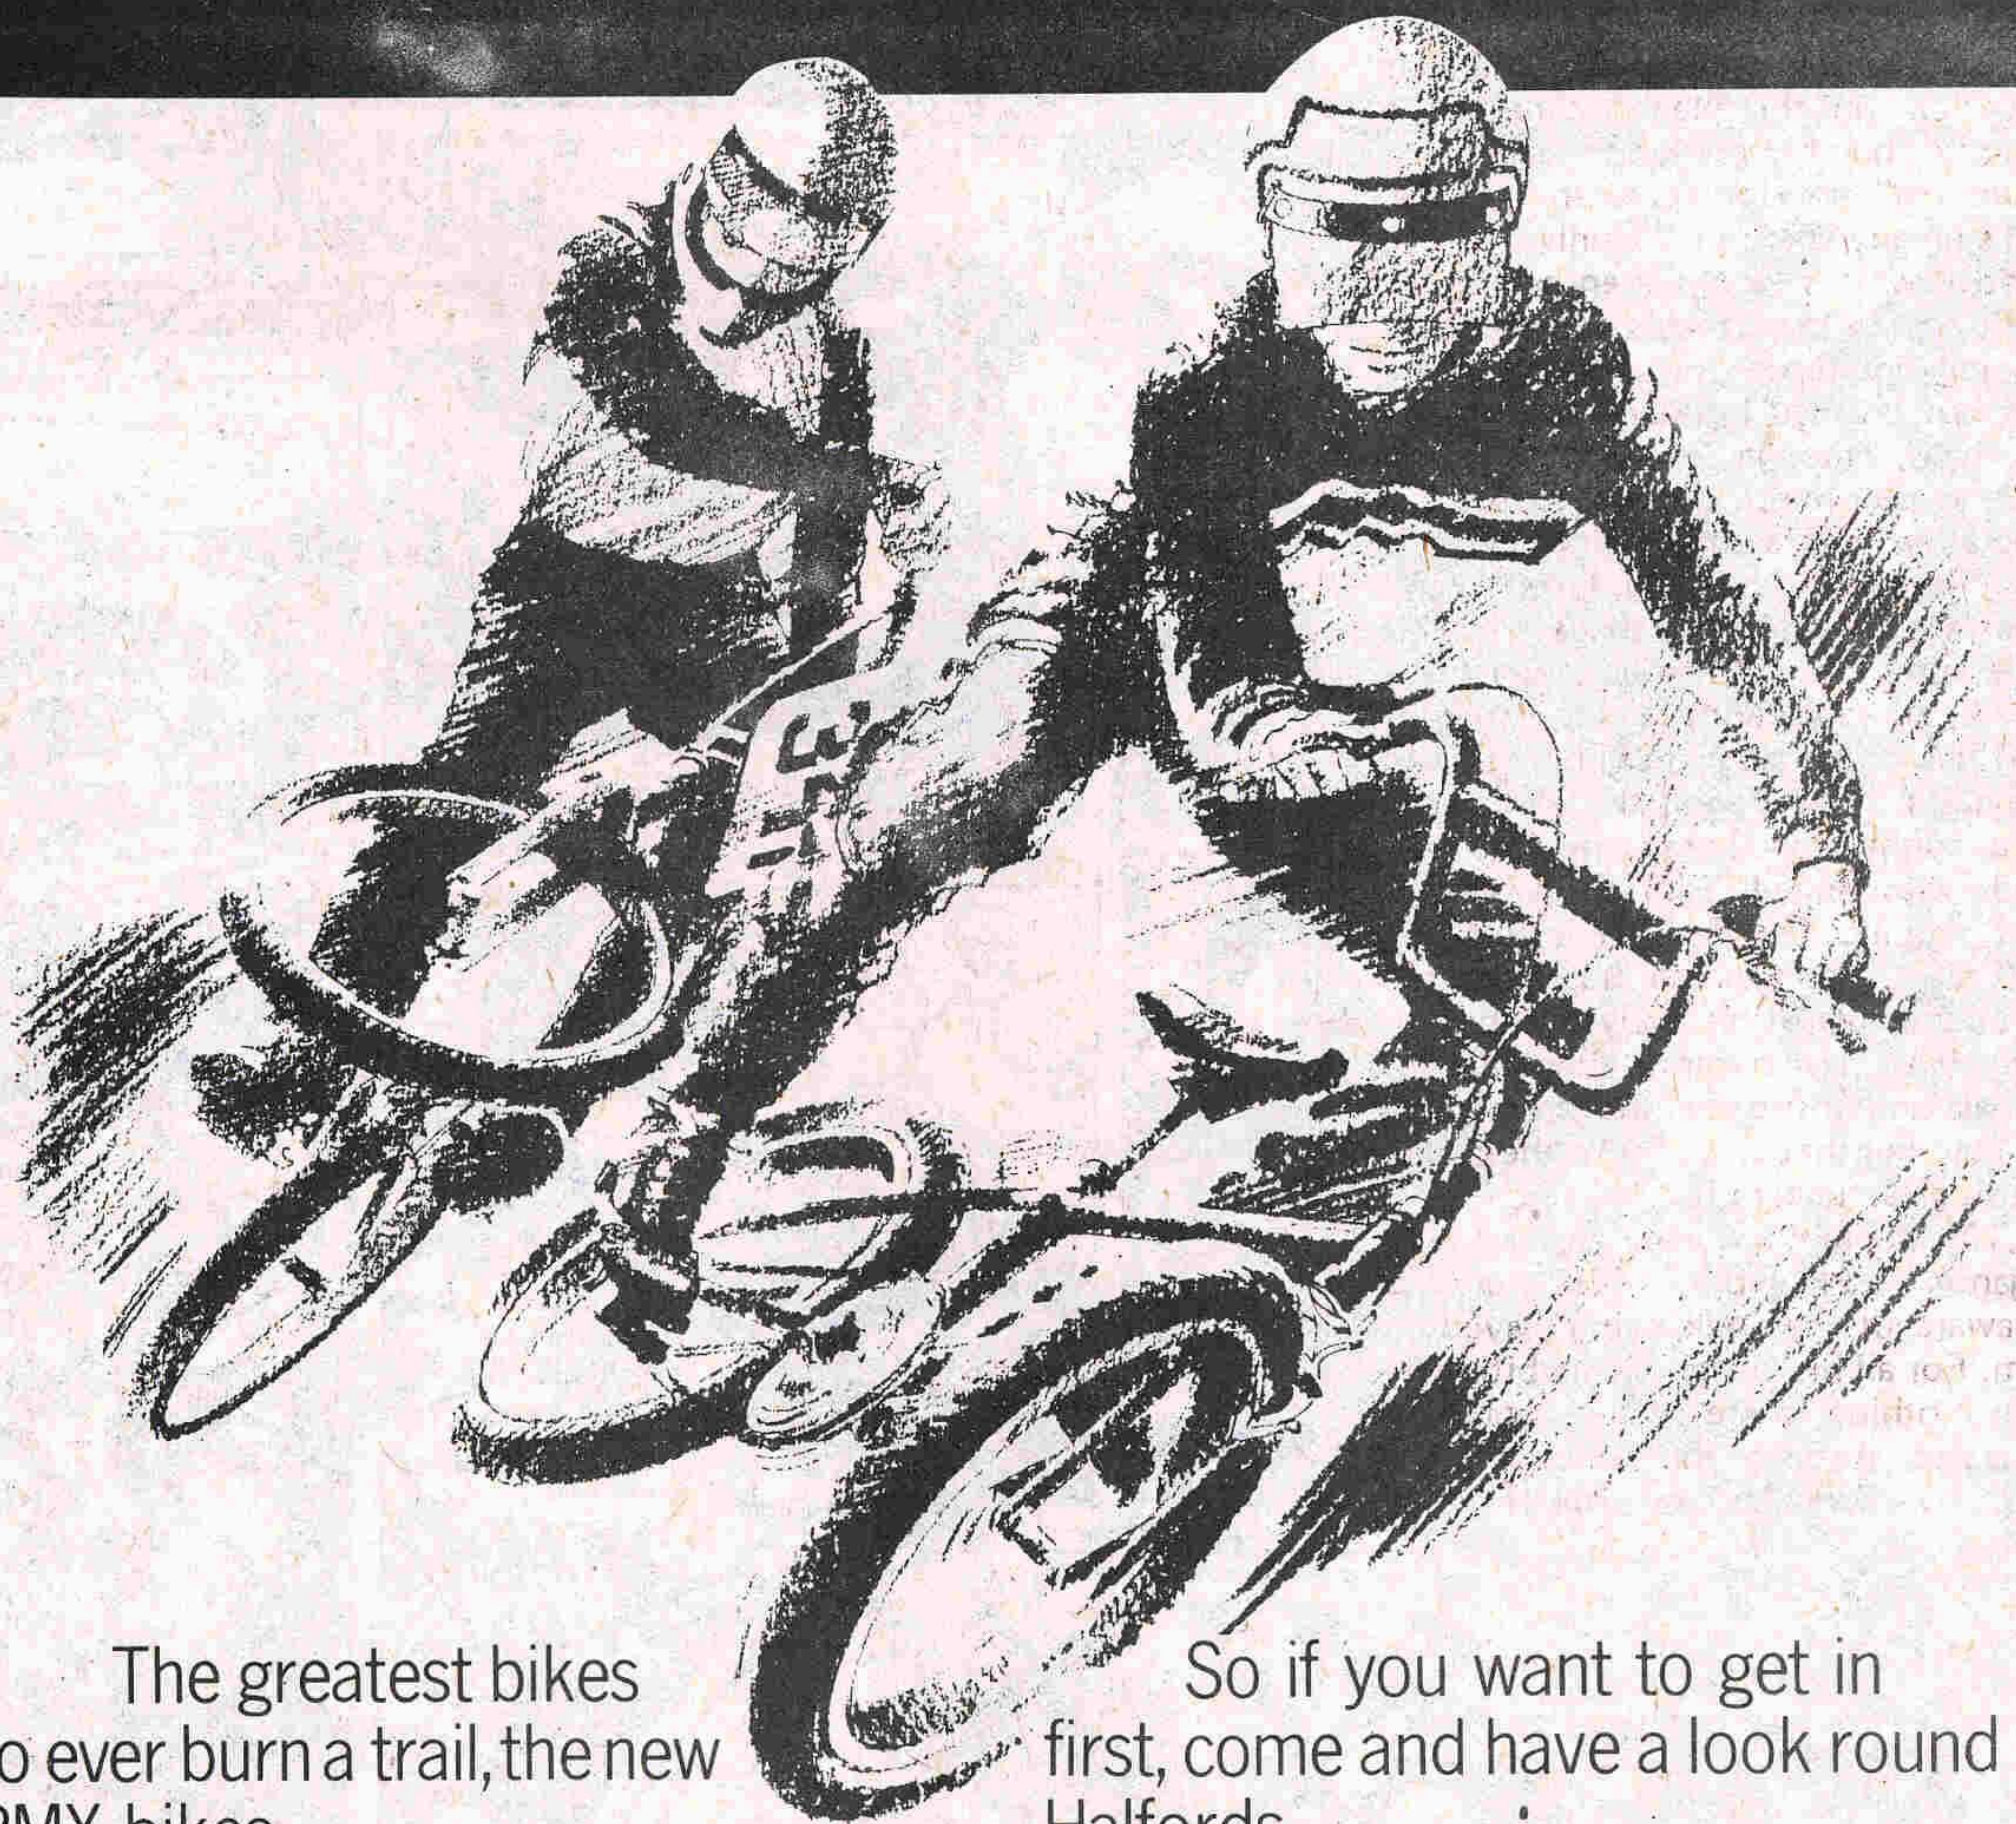

Yet there were many others who changed the course of history in the universe by more subtle, insidious means! It is upon these characters that we will turn the magnifying glass in a future issue! Remember a scheme to dominate the cosmos can start with someone as lowly as a disgruntled company employee, so be careful!

THE DALEK TAPES TAPE FIVE

THE PENTA RAY THE FACTOR

WHILE THE UNSUSPECTING SOLTURIANS MAKE READY TO EXTEND THE WELCOMING HAND OF FRIENDSHIP STILL FURTHER, THE DALEK ENVOY RETURNS FROM BULOS WITH INFORMATION THAT WILL MAKE THE CONQUEST OF THE PLANET THAT MUCH EASIER...

WHILE THE DALEKS STUDY THE SECRETS OF BULOS — LURR STUDIES THE FUTURE.

MIRVA, SHOULD ANYTHING HAPPEN TO ME, I WANT YOU TO TAKE THIS BOWL TO KING REDLIN'S SON, JARETH.

NOTHING'S GOING TO HAPPEN TO YOU! ANYWAY, I HATE THE KING'S SON, HE IS LAZY...

DON'T BE GLOOMY, GRANDFATHER — THE DALEKS ARE FRIENDLY PEOPLE!

YOU WILL LEARN THE TRUTH OF MY PROPHECIES TOO LATE, CHILD!

AND SECRET FILM ON GAMMA ATTACHMENT TO THE DALEK'S EYE-STICK REVEALS THE SECRETS OF BULOS.

THIS IS THEIR PENTA RAY. IT FIRES A MIXTURE OF ALPHA, INFRA, OMEGA, ULTRA AND BETA RAYS. IT COULD DESTROY US, EMPEROR.

THEN WE MUST DESTROY IT!

LURR GLANCES ONCE MORE AT HIS FUTURESCOPE...

YES, TRIUMPH WILL COME! BUT WHAT MISERY AND DESTRUCTION WILL THERE BE FIRST...?

IN REDLIN'S PALACE, THE KING IS ANGRY WITH HIS SON, JARETH.

BUT I COMMANDED HIM TO BE WITH ME WHEN THE DALEK ARRIVED. NOW I FIND HIM SLEEPING!

I WILL FETCH SOME WATER...

DANGER APPROACHES...!

HERE IS THE COPY OF THE SOLTURIAN'S PENTARAY. IT IS JUST AN EMPTY CASE.

INSLI! SMUGGLE IT INTO THE CITY — EXCHANGE IT FOR THE REAL PENTARAY. THEN THESE FOOLS WILL BE DEFENCELESS!

WHAT THE...!

I'LL TEACH YOU TO SLEEP AND DISOBEY MY ORDERS, JARETH!

DON'T BOTHER ME NOW, FATHER. LET ME GO BACK TO THE DREAM I WAS ENJOYING.

A GULLIBLE KING... AN EMPTY SHELL OF A GUN... A PRINCE WHO SLEEPS, AND THE VICIOUS, UNBENDING WILL OF THE MOST RUTHLESS FIGHTING MACHINES IN THE COSMOS. THESE ARE THE INGREDIENTS. THE ONE LOGICAL OUTCOME?

THE END OF SOLTURIS!

FORTUNATELY THERE ARE THOSE ON SOLTURIS NOT BOUND BY LOGIC. THE VISIONARY LURR HAS ONCE AGAIN GLIMPSED THE FUTURE IN THE SHIMMERING WATERS OF THE BOWL OF TOMORROW. HE HAS NO THOUGHT OF EXPLOITING HIS KNOWLEDGE FOR PERSONAL GAIN. HIS ONLY THOUGHT IS THE PROTECTION OF THE PLANET...

BUT THEN AGAIN, THERE ARE OTHERS WHO CONSIDER LURR TO BE NAIVE... ECCENTRIC... IF NOT TOTALLY MAD!

GO TO PRINCE JARETH, MIRVA! RUN! WARN HIM OF THE DALEK PLAN TO STEAL THE PENTARAY.

VERY WELL, GRANDFATHER... BUT HE'LL PROBABLY LAUGH AND GO BACK TO SLEEP. THAT'S ALL HE EVER DOES, THEY SAY.

WHY DOES MY COUSIN GELTIS SPY ON ME?

SPY? HOW UNKIND...

I WONDER WHAT PRICE THE DALEKS WOULD GIVE ME FOR LURR'S FORETELLER INVENTOR? ENOUGH FOR ME TO BUILD A PALACE... WE SHALL SEE.

AT THE PALACE...

OLD LURR'S GRAND-DAUGHTER IS HERE TO SEE YOU, JARETH. SHE SAYS IT IS VERY URGENT.

OH, WELL, ALL RIGHT. BUT IT'S DISTURBING MY REST...

MIRVA TELLS HER STORY.

THE DALEKS ARE GOING TO STEAL THE PENTARAY!

THIS IS TO SAFEGUARD YOUR PEOPLE, JARETH! THE DALEKS MEAN DANGER—CAN'T YOU GET THAT THROUGH YOUR LAZY HEAD!!

JARETH IS AMUSED AT MIRVA'S FURY—AND LEADS HER TO THE PENTARAY CHAMBER.

IT'S JUST TROUBLE FOR NOTHING.

OH, WHY WON'T YOU LISTEN!

THERE YOU ARE, MIRVA. THE PENTARAY'S QUITE SAFE.

IT ALL SOUNDS LIKE WORK TO ME. STILL, WE'LL HAVE A LOOK, IF YOU LIKE.

THEY BROUGHT IT IN A PACKING CASE... THAT GOLDEN ORB OVER THERE... AND TOOK THE PACKING CASE AWAY WITH THEM.

THE DALEKS ASKED PERMISSION TO STORE ONE OF THEIR MACHINES IN HERE, PRINCE JARETH.

GRANDFATHER WAS RIGHT.

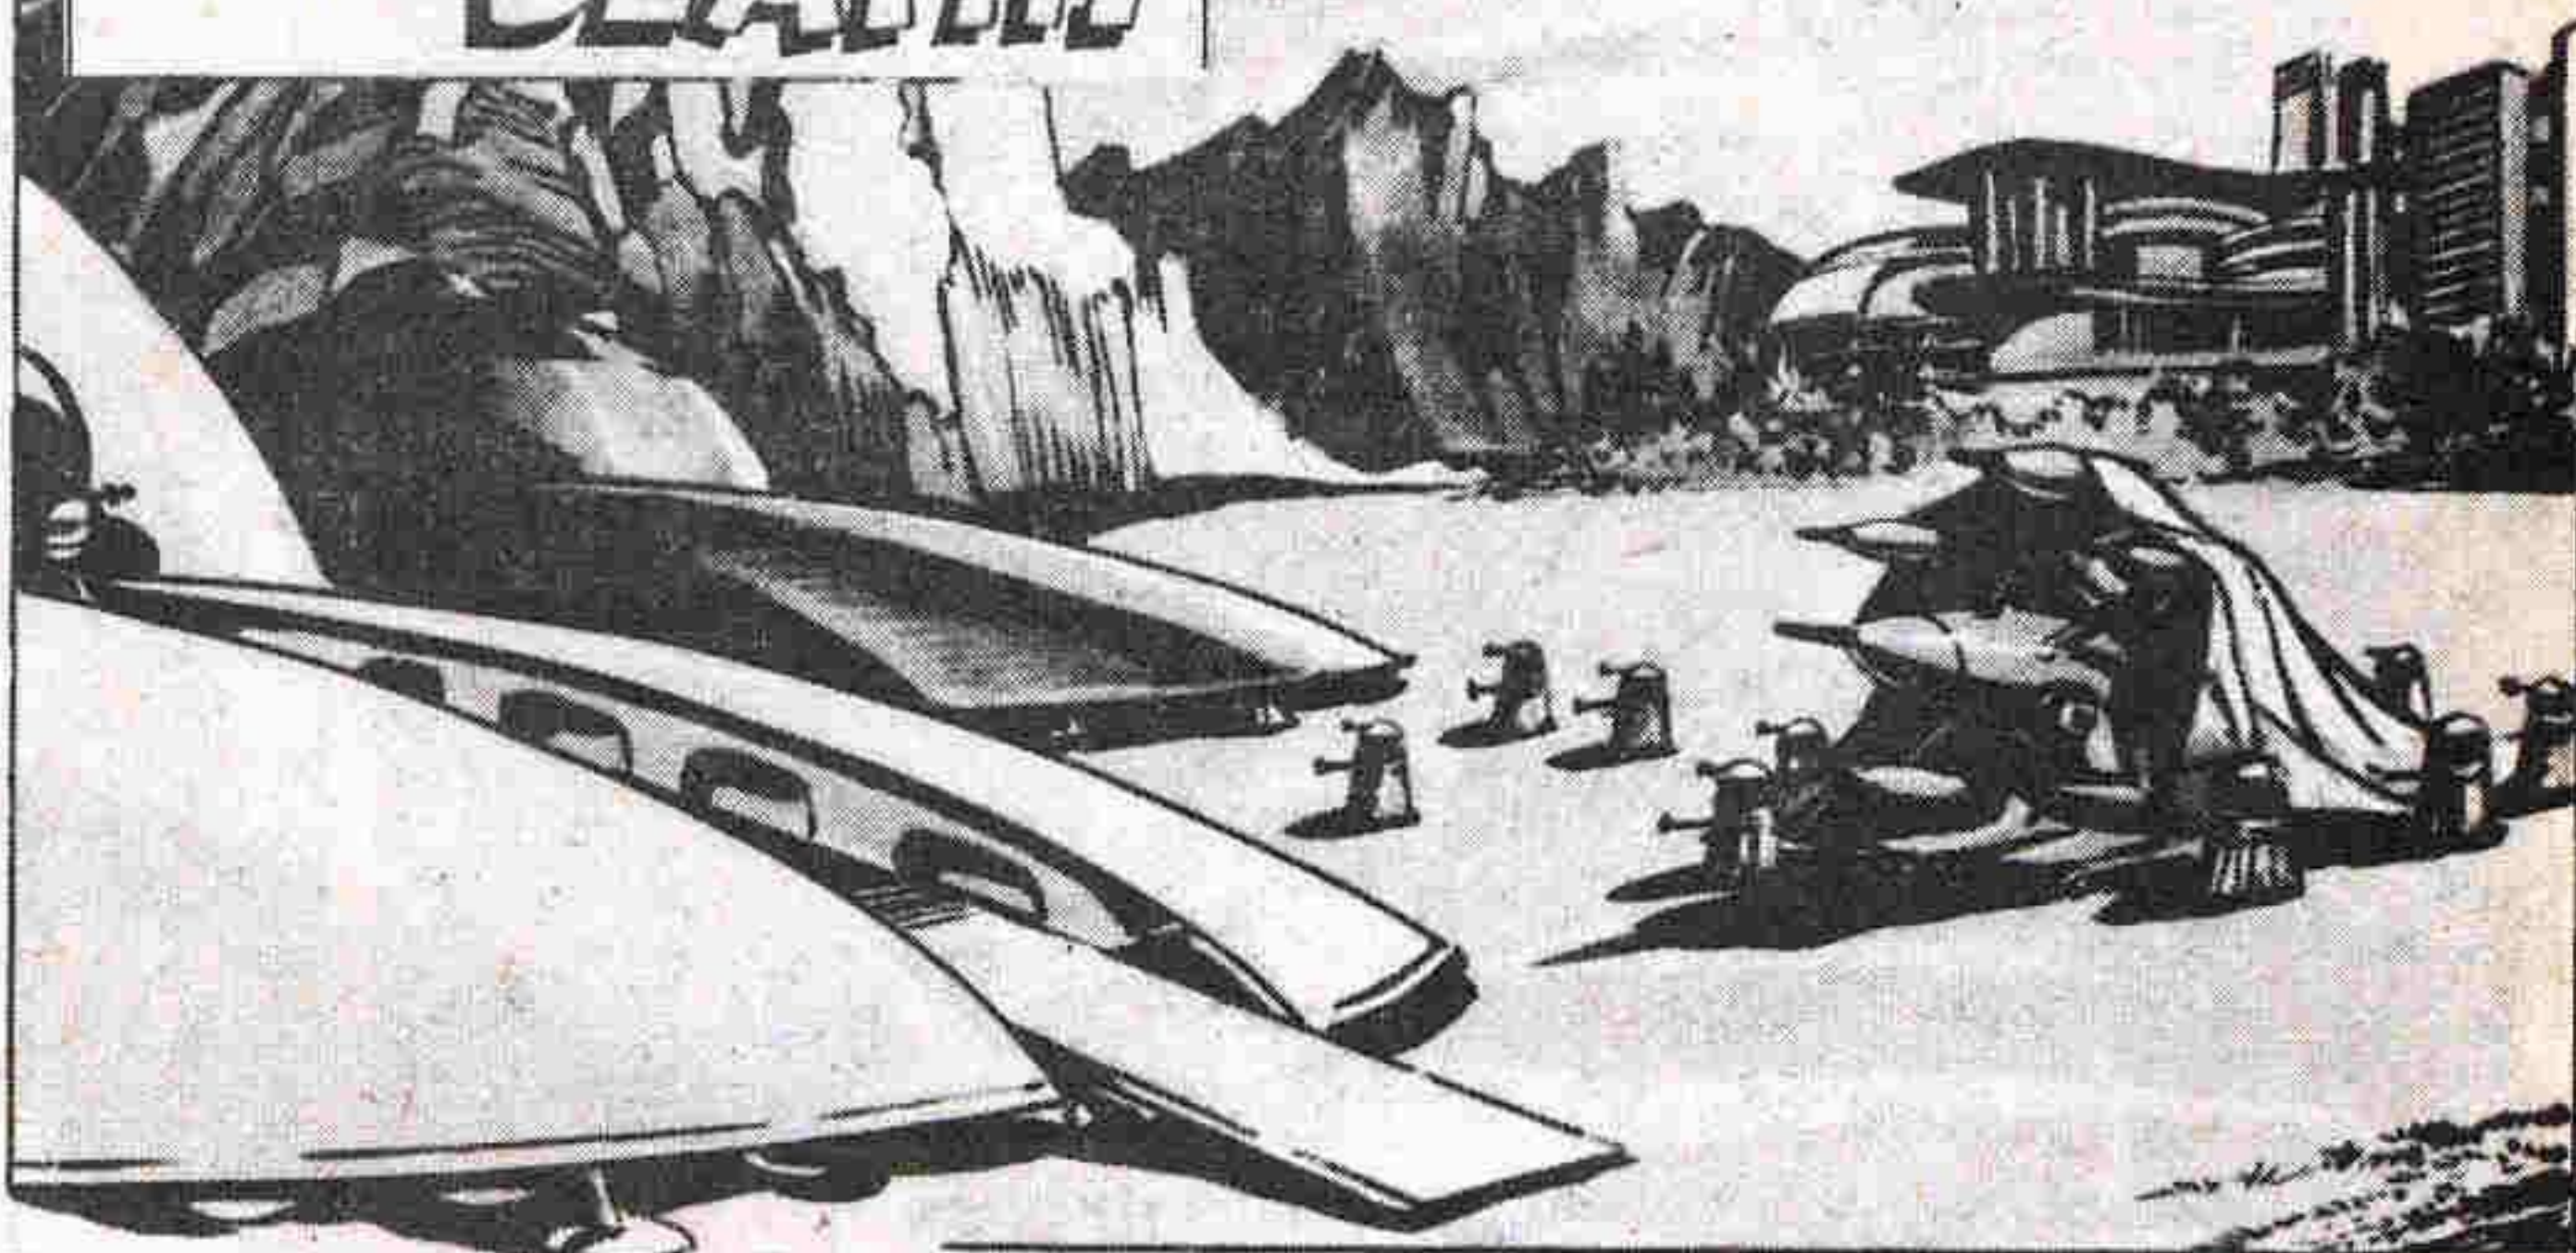

THIS IS A FAKE! THE DALEKS HAVE STOLEN OUR PENTARAY. THEY'RE GOING TO DESTROY US... WITH OUR OWN WEAPONS!!!

SO THE SLEEPING PRINCE JARETH IS AWAKENED AT LAST TO THE MENACE OF THE DALEKS. TAKING THE BEAUTIFUL MIRVA BY THE HAND HE HURRIES TO HIS FATHER'S PALACE...

ON HEARING OF HIS SON'S DISCOVERY, REDLIN REACTS WITH SHOCK AND HORROR. HE HAS GAMBLED AND HE HAS LOST. NOW HE MUST PAY FOR HIS FAILURE BY COMMITTING HIMSELF AND HIS PEOPLE TO LONG, LONG LIFETIMES OF SLAVERY...

...UNLESS, OF COURSE, HE CHOOSES TO RESIST. THEN THE PRICE IS

DEATH!

CAN'T WE GO AFTER THEM, FATHER? GET THE PENTARAY BACK?

TOO LATE.

FORTUNATELY, NO-ONE CAN FIRE THE PENTARAY WITHOUT THE KEY. THERE IS ONLY ONE—AND I HAVE IT.

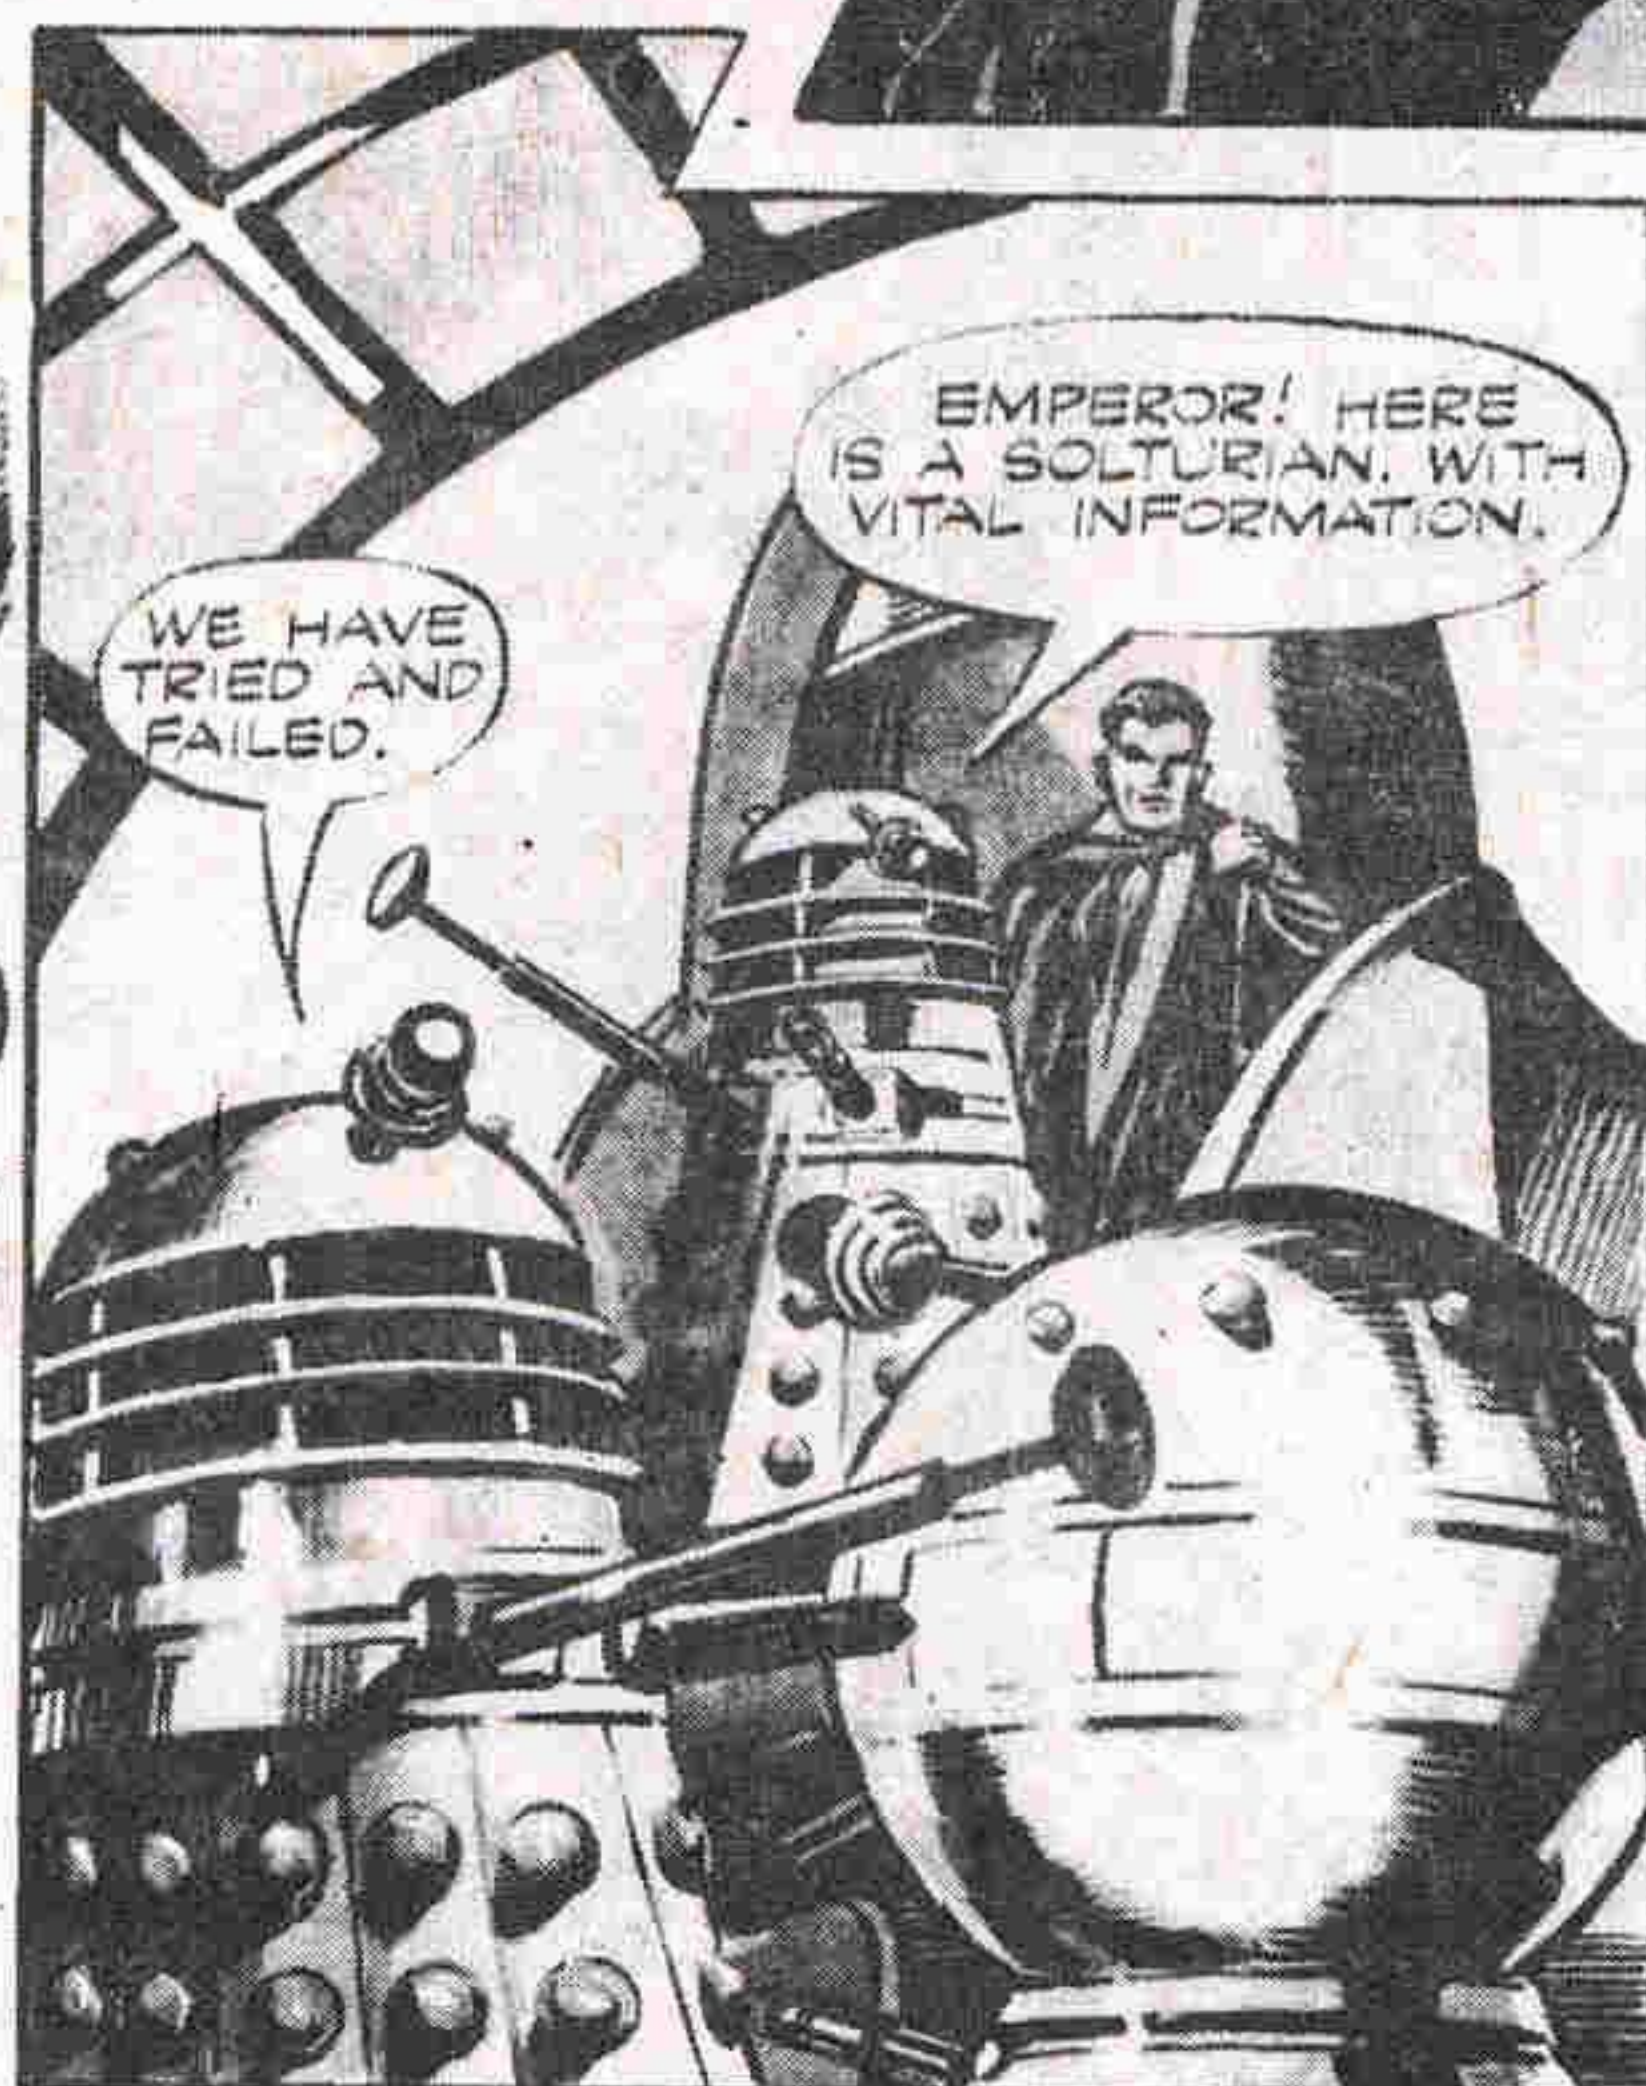

IT'S GONE! SOMEONE'S STOLEN THE KEY TO THE PENTARAY!!!

THE INVENTION DEFIES ALL OUR EFFORTS. IT IS OPERATED BY A KEY WHICH MUST STILL BE IN THE PALACE.

WHY CAN'T WE MAKE OUR OWN KEY TO UNLOCK THE WEAPON'S POWER?

WE HAVE TRIED AND FAILED.

EMPEROR! HERE IS A SOLTURIAN, WITH VITAL INFORMATION.

THE PENTARAY IS USELESS WITHOUT ITS KEY, DALEK.

WE DO NOT NEED IT! WE ARE THE DALEKS!! INVINCIBLE! YOUR COMING HERE TO RECLAIM THE PENTARAY WAS RASH. I ORDER YOUR DEATH!

THE BETRAYAL...

WAIT! I HAVE COME HERE TO GIVE YOU THE KEY TO THE PENTARAY... FOR A PRICE!!

IT IS SAID THAT WHEN YOU ARE ABOUT TO DIE YOUR WHOLE LIFE FLASHES THROUGH YOUR BRAIN IN AN INSTANT. GELTIS HAS HEARD THIS, BUT AS HE STARES DEEP INTO THE MUZZLE OF A WEAPON THAT COULD DESTROY HIMSELF AND HIS DREAMS, HE FEELS ONLY A STRANGE CALM...

...A CALM BORN OF THE KNOWLEDGE THAT THIS TIME THERE CAN BE NO TURNING BACK, THIS TIME THERE WILL BE NO EXPLANATIONS, NO EXCUSES. GELTIS SEES NONE OF THE ENDLESS CHAIN OF DRUDGERY AND HUMILIATION HIS LIFE HAD BECOME. HE SEES INSTEAD THE FUTURE. HE SEES NOT DEATH IN THE MUZZLE BUT DESTINY...

...A DESTINY HE MEANS TO FULFIL!

GIVE US THE KEY TO THE PENTARAY, AND WE WILL MEET YOUR DEMANDS.

MAKE ME THE RULER OF THIS PLANET. I'LL SEE THE PEOPLE OBEY YOU... SERVE YOU. BUT DO NOT THINK ME A FOOL!

THE KEY STAYS WITH ME. BRING THE PENTARAY TO THE MOUNTAIN. TWO DAIENS ONLY.

I AGREE WITH YOUR PLAN. YOU WILL BE MET AT SUNRISE.

ELSEWHERE, SEARCH FOR THE STOLEN KEY CONTINUES.

GRANDFATHER... I'VE BROUGHT KING REDLIN...

I REMEMBERED THAT BOWL OF YOURS, LURR. CAN YOU LOOK IN IT— DISCOVER WHO HAS STOLEN OUR PENTARAY KEY?

IT IS POSSIBLE. BUT WE CANNOT USE MY BOWL OF TOMORROW YET. IN TWO HOURS IT WILL SHOW US SOMETHING.

LURR'S BOWL, WHICH FORETELLS THE FUTURE, IS CONNECTED TO AN ELECTRONIC WAVE PROJECTOR. THEN, AN HOUR LATER...

NEXT SECOND...

GELTIS... TRAITOR!

I REMEMBERED THIS INFERNAL INVENTION OF YOURS, COUSIN.

TRAITOR! BETRAYER!!

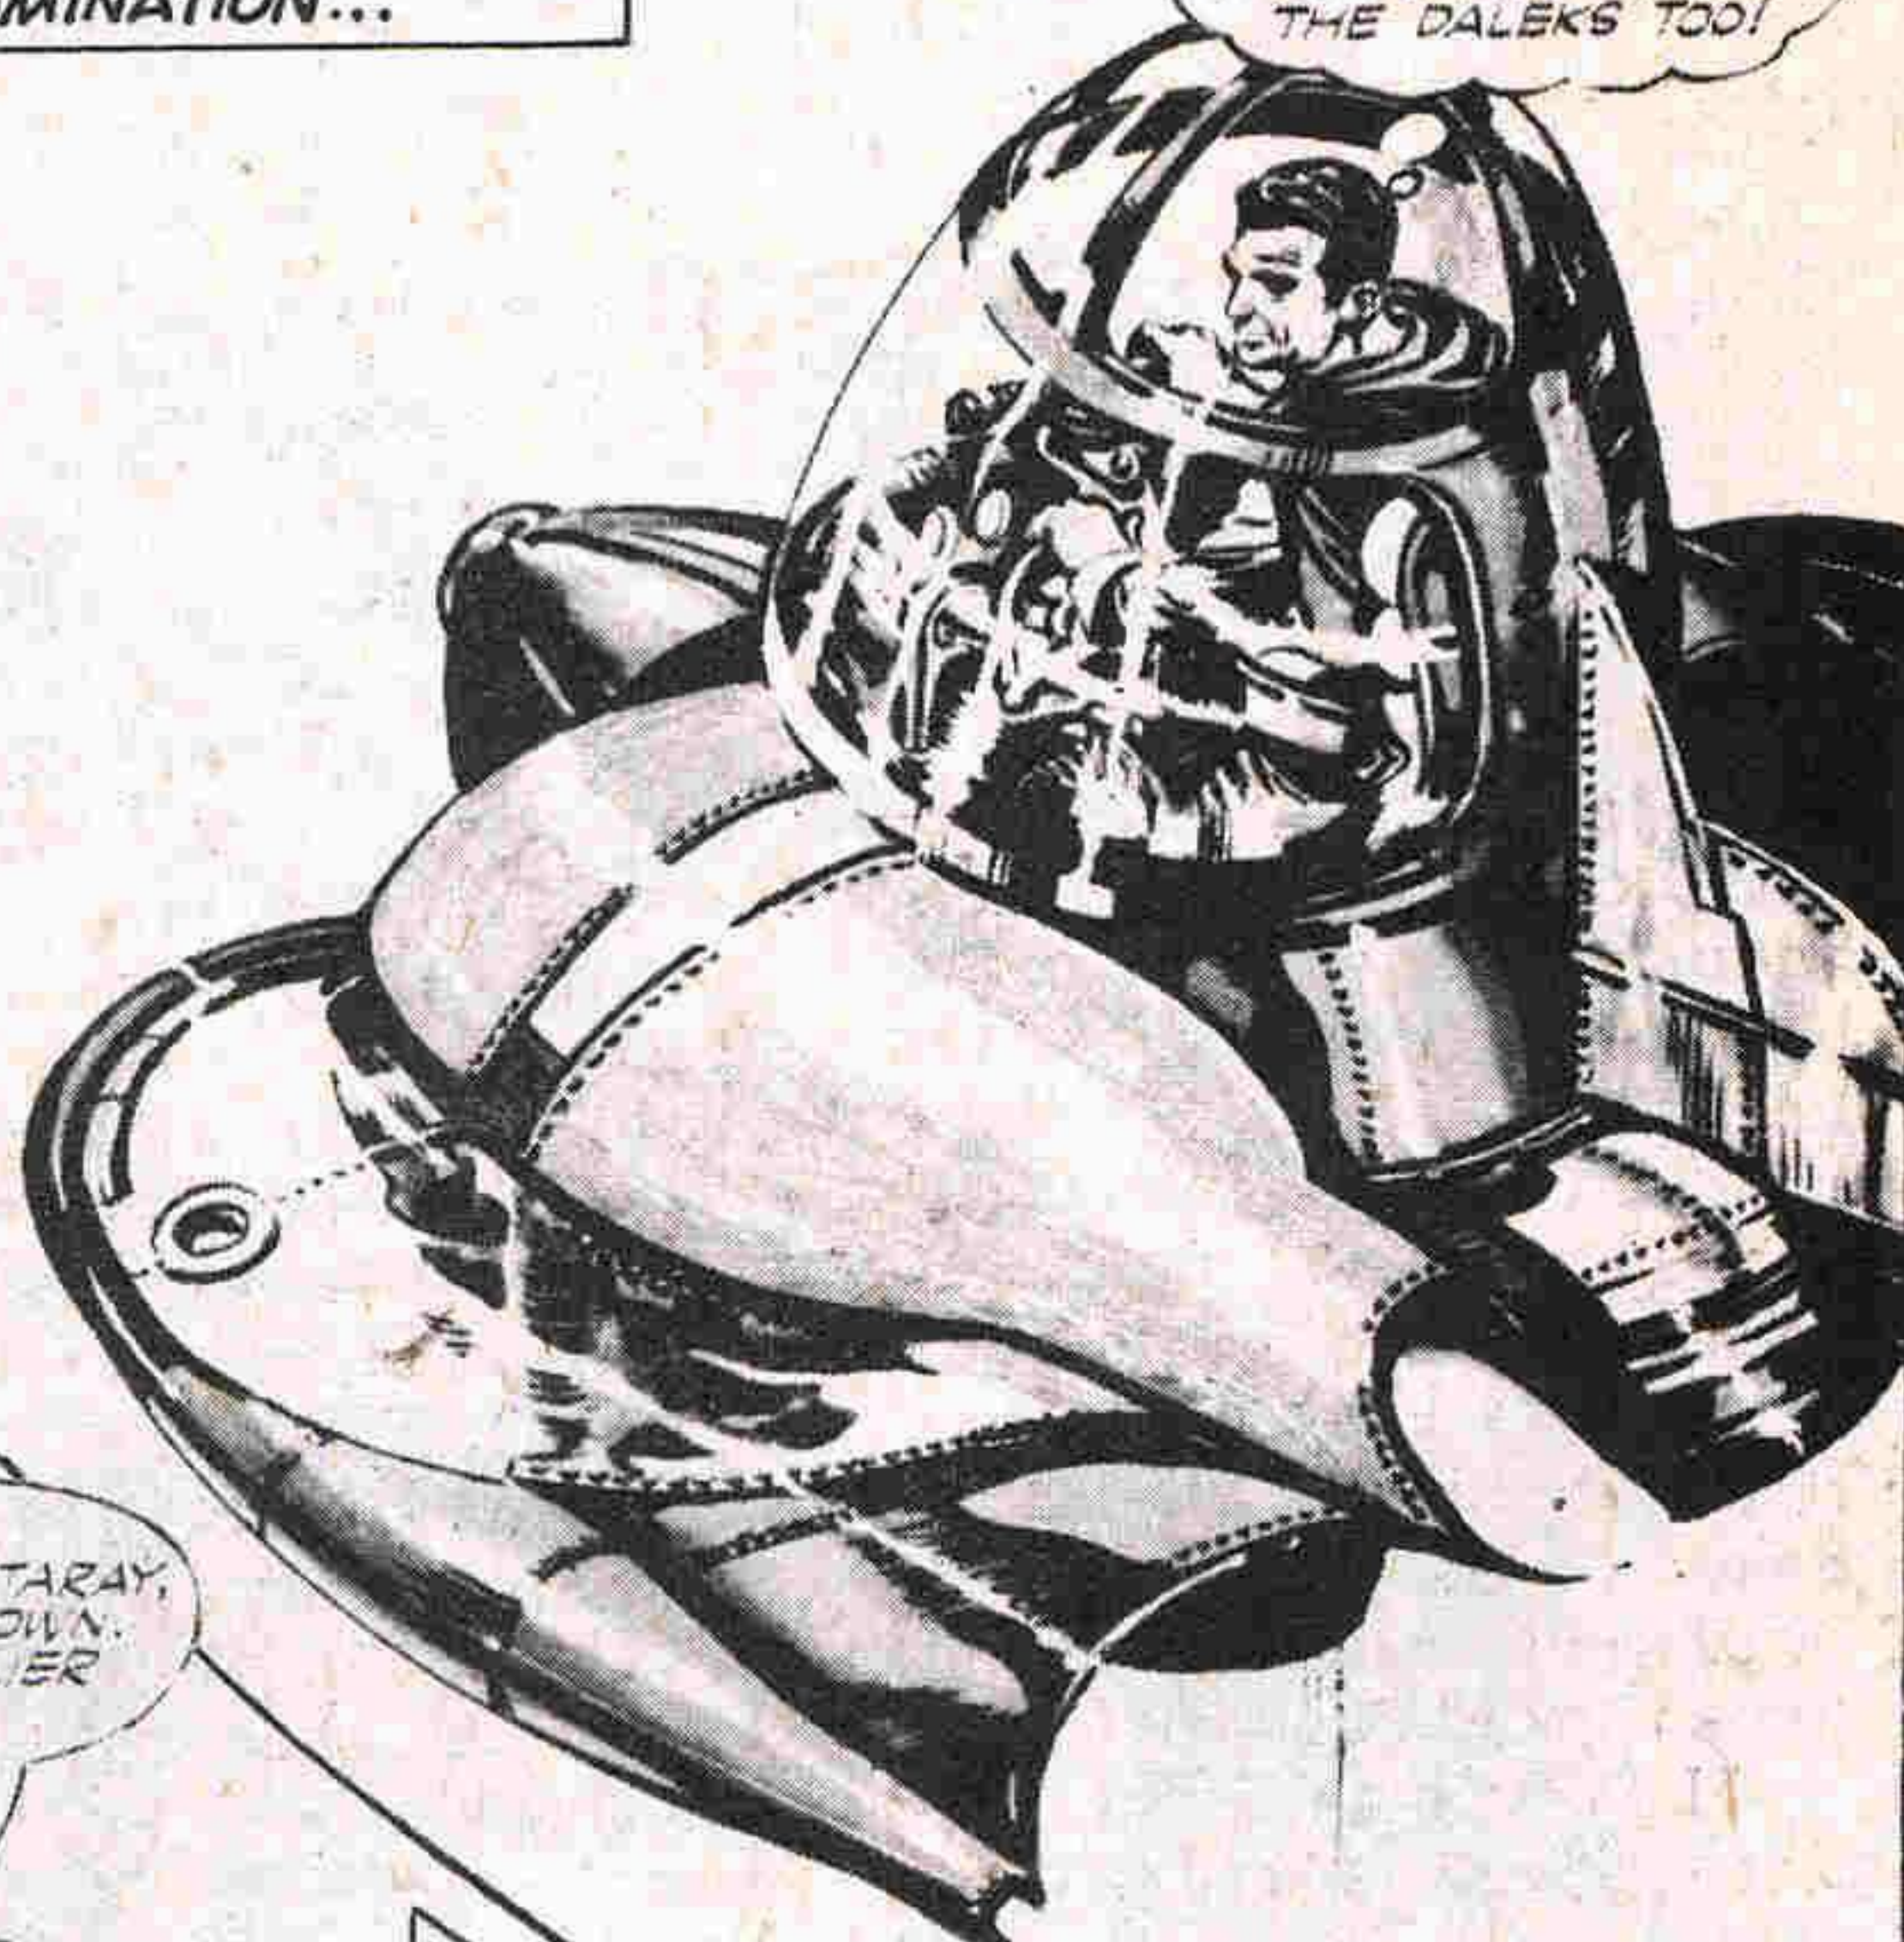

FIVE MINUTES TO GET AWAY... THEN ALL EVIDENCE WILL BE DESTROYED.

WITH THE BLOOD FROM HIS COUSIN STILL WET ON HIS HANDS AND THE RESULTS OF A LIFETIME'S STUDY WANTONLY DESTROYED TO PROTECT HIM, THE ASSASSIN MAKES HIS GETAWAY...

...AND WITH GREED FUELLING THE RECKLESS MERRY-GO-ROUND OF MURDER HE IS NOW DOOMED TO RIDE, GELTIS FLEES THE SCENE OF HIS FOUL DEED AND TAKES TO THE AIR, HIS LUST FOR POWER GROWING BY THE SECOND...

GELTIS' POWER CRAZED MIND TURNS TO THOUGHTS OF TOTAL DOMINATION...

NOW FOR THE PENTARAY, I'LL RULE THIS PLANET... AND THE DALEKS TOO!

I'M SURE THAT FLIER BELONGS TO GELTIS...

HE MUST HAVE DONE THIS, FATHER. BUT WHY?

IF GELTIS STOLE THE KEY TO THE PENTARAY, LURR MIGHT HAVE KNOWN. JARETH, TAKE MY FLIER - STOP HIM!

CONVINCED OF VICTORY, THE EMPEROR DEPARTS.

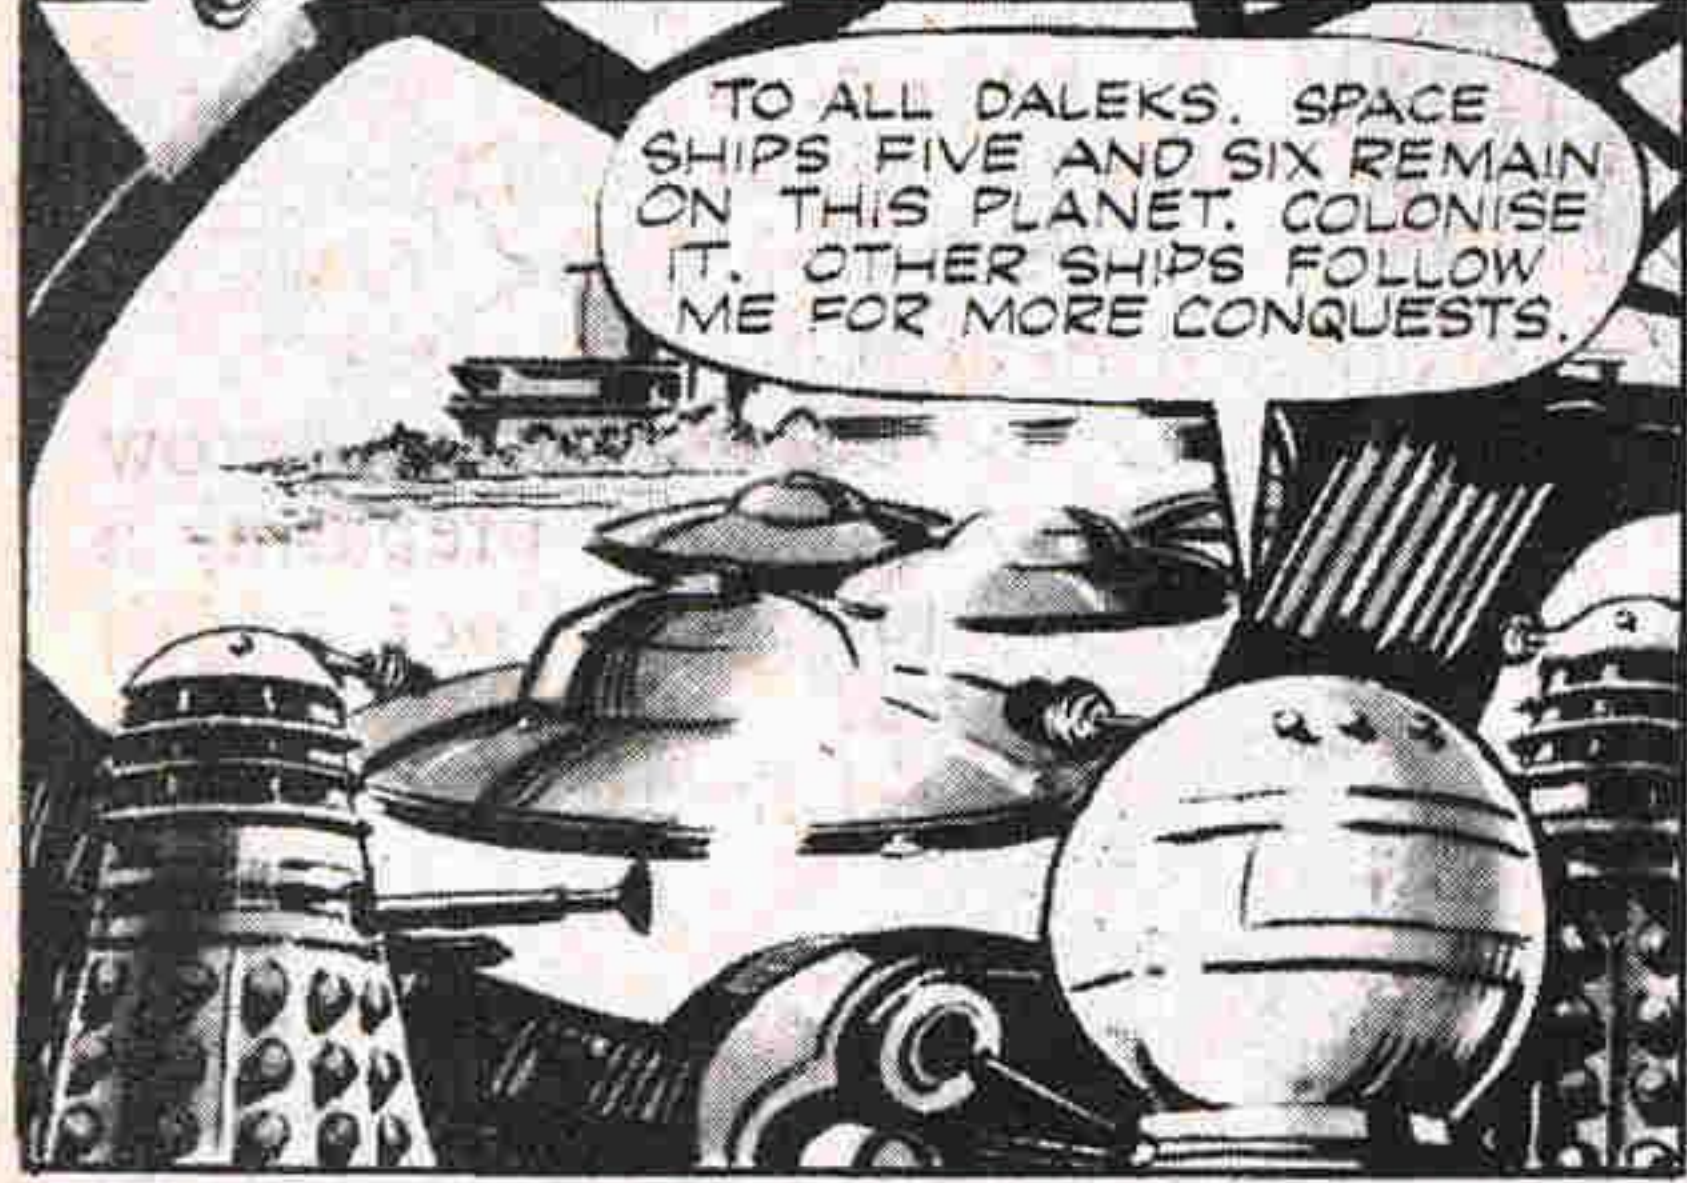

DALEKS IN MOUNTAIN HAVE POSSESSION OF KEY TO PENTARAY. SUCCESS IS ASSURED.

PEACE IS OVER. WE MUST FIGHT THE DALEKS. WE MUST HURRY TO BULOS AND MOBILISE THE ARMY.

IF ONLY JARETH CAN STOP GELTIS IN TIME.

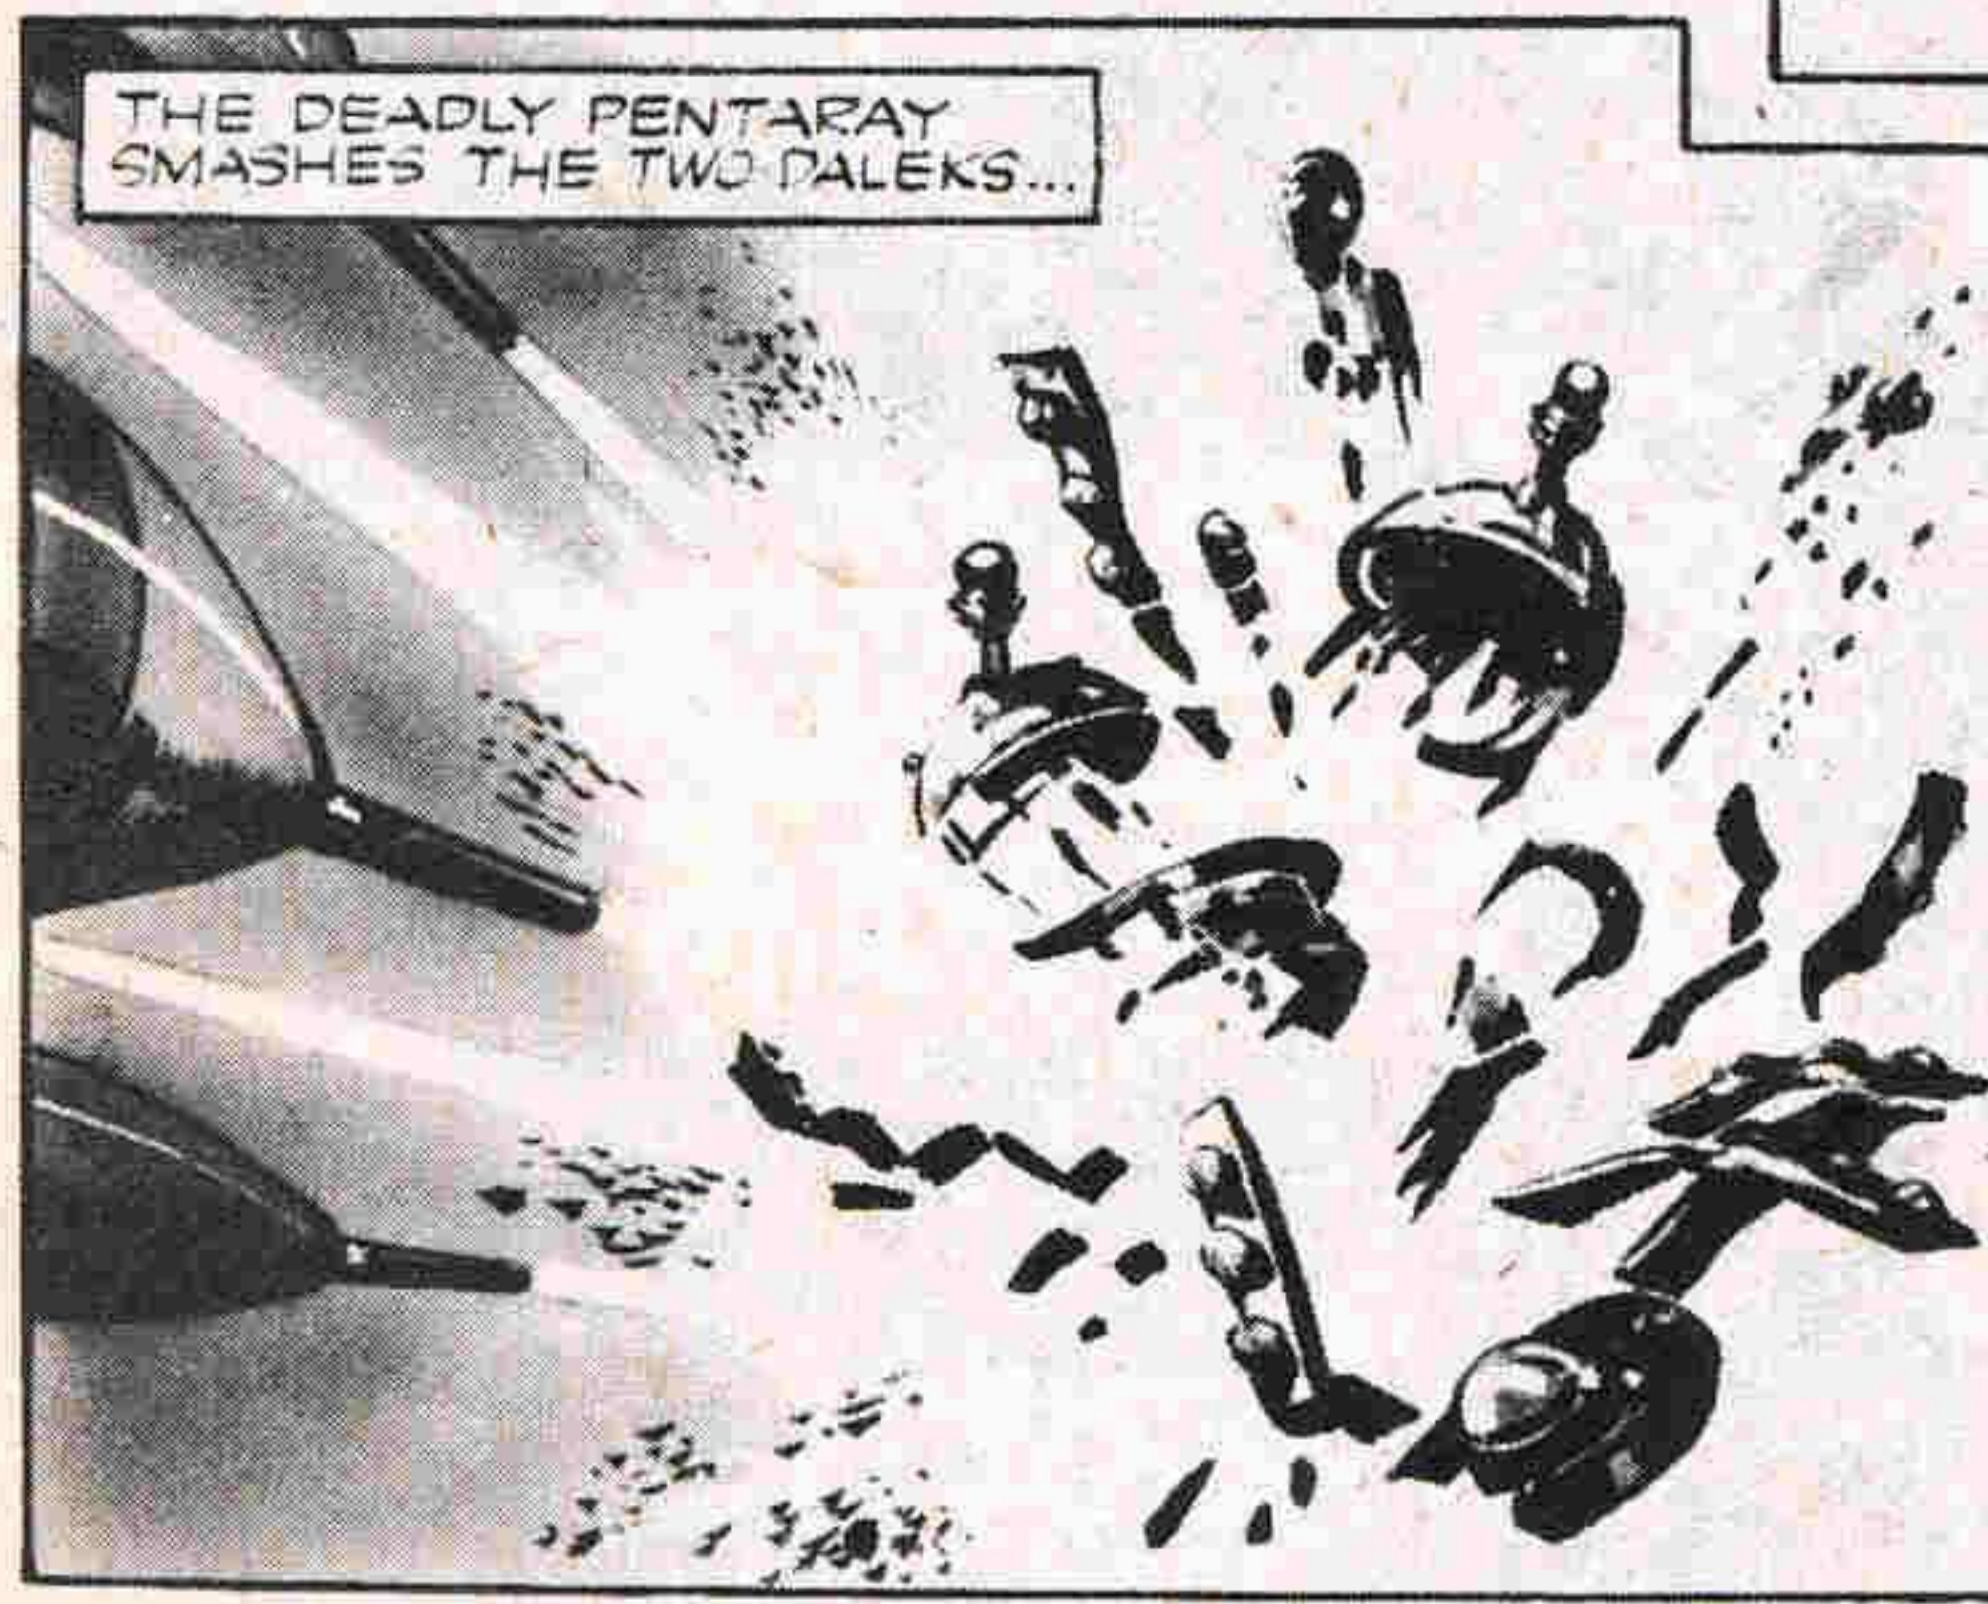

TO ALL DALEKS. SPACE SHIPS FIVE AND SIX REMAIN ON THIS PLANET. COLONISE IT. OTHER SHIPS FOLLOW ME FOR MORE CONQUESTS.

GELTIS LANDS IN THE MOUNTAINS AND MEETS THE DALEKS WITH THE PENTARAY...

...AND YOU SEE, A MIXTURE OF RAYS ALPHA, INFRA, OMEGA, ULTRA AND BETA REDUCE ANYTHING TO RUBBLE. LIKE THIS!!!

THE DEADLY PENTARAY SMASHES THE TWO DALEKS...

NOW I'LL PROVE WHO'S THE MASTER OF THIS PLANET. I'LL DESTROY THE CITY OF BULOS!

ALONE ON THE MOUNTAIN TOP WITH THE DEADLY PENTARAY, GELTIS' FIRST IMPULSE IS TO DESTROY - TO MAKE THOSE THAT ONCE LAUGHED AT HIM FEEL HIS NEW-FOUND POWER. FEVERISHLY HE BEGINS TO SET THE CONTROLS...

NEXT WEEK: SEE THE STUNNING CONCLUSION OF TAPE 5 AND THE BEGINNING OF TAPE 6, THE PALGUE OF DEATH!

Dr Who meets Scratchman

Fans with good memories may remember that around 1976 the newspapers began revealing hints that a film was in the offing tentatively called *Dr Who Meets Scratchman* (Scratchman being one of the names for the Devil). Further probing on the subject uncovered that an actual script for the film had been penned by Ian Marter (*Dr Who's* own Harry Sullivan) and Tom Baker, and that Vincent Price had been approached for the role of Scratchman.

That was in 1976. The plans began faltering when

the eternal subject of money was raised. At that time science-fiction in the cinema was considered a dead subject and no film company was prepared to put up the millions needed for the *Dr Who* film. Eventually the film was "pigeon-holed," a devious phrase implying that the project is not cancelled but neither is it progressing.

A year later *Star Wars* brought science-fiction back to both cinema and television but there is still no news of the possible *Dr Who* film.

Adapting scripts for t.v. crisis

What happens to a *Dr Who* programme if one of the actors falls sick during filming? Well the simple answer is that the script-editor will adapt the script so that, where possible, the actor will not have to appear in a scene. Obviously it would be too costly to hold up the production until the actor gets well again and drastic re-writes sometimes have to take place.

In episode five of the 1973 serial "The Green Death," there was a very important scene where Captain Yates (Richard Frank-

lin) dehypnotized Global Chemical's Public Relations Executive, Elgin, to gain vital information about the BOSS Computer's plans. Unluckily, the actor playing Elgin, Tony Adams, fell sick at the very last moment. Enter Terrance Dicks with portable typewriter and within minutes a new page of script had been prepared. Roy Skelton was hurriedly pulled out of the canteen, shoved into a business suit and shunted into a confrontation with Mike Yates under the name of Mr James. Simple, if you know how.

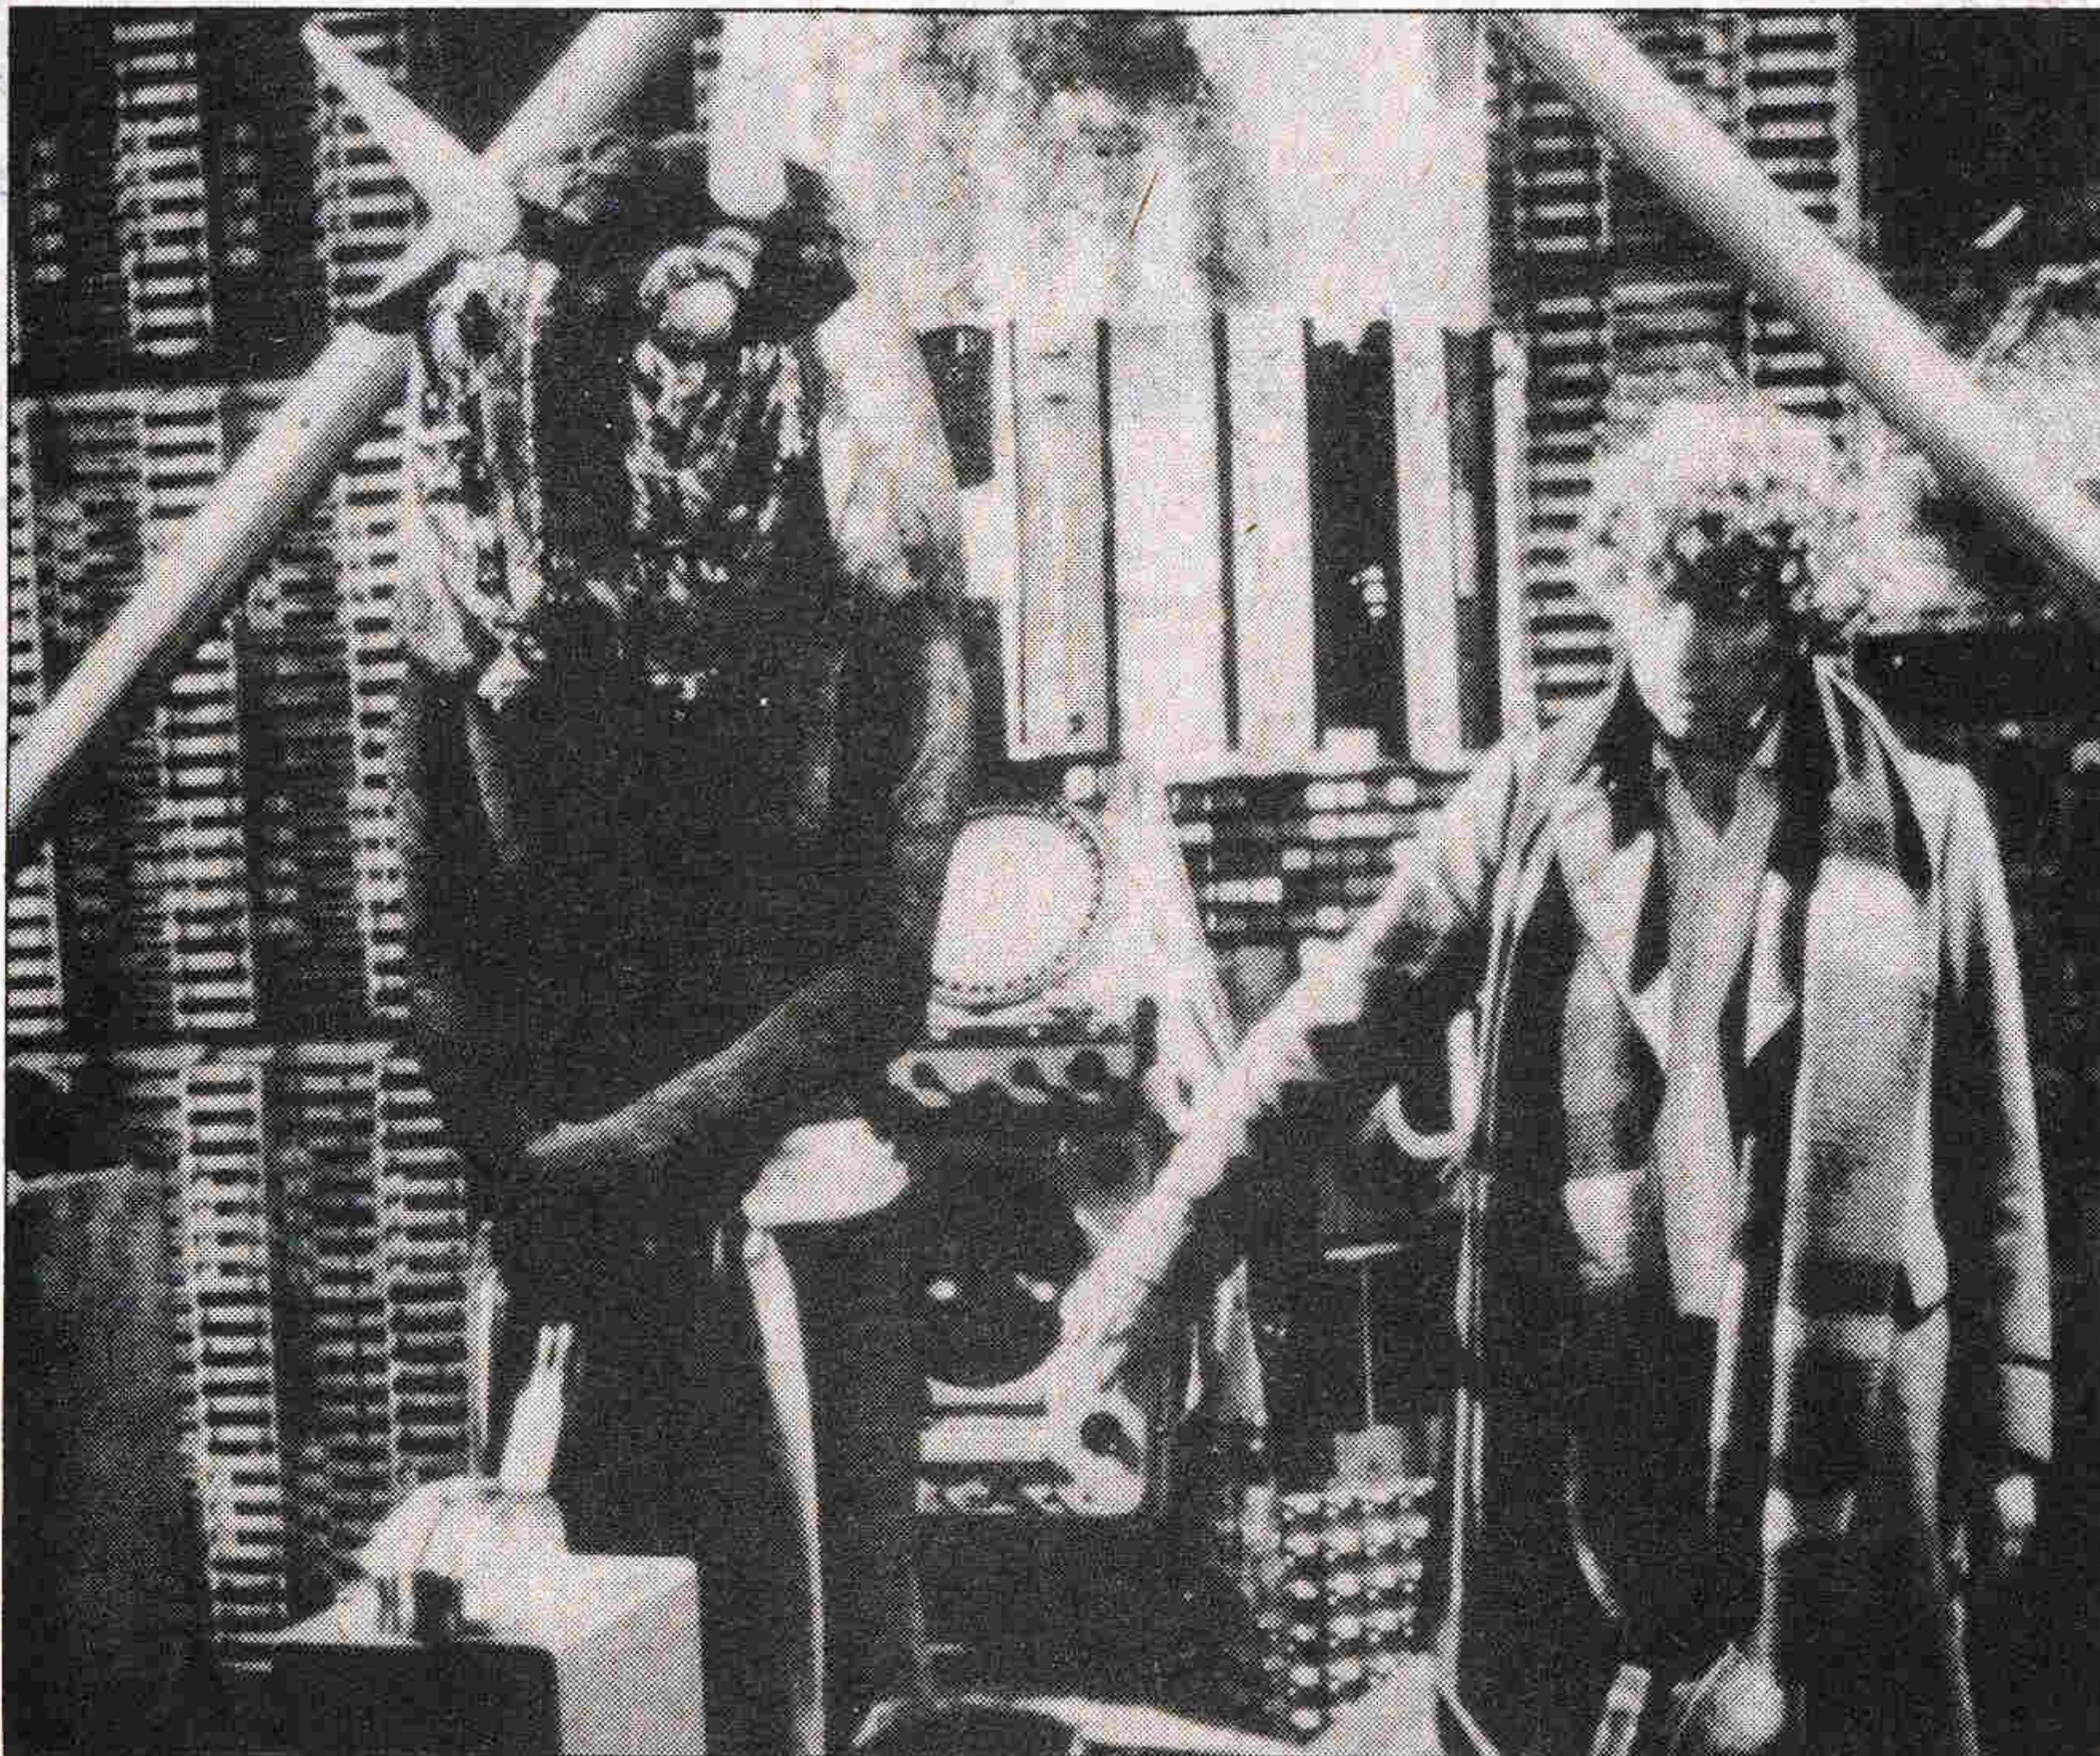

Mythological influence

Some of you watching the recent "Horns of Nimon" story on television may have done so with a curious feeling that you've seen some of it before. This could be due to the story's roots in Greek and Cretian mythology deliberately built in by the writer Anthony Read.

Lord Nimon's maze-like complex closely resembled a similar structure built by King Minos to house the Minotaur, a terrifying creature, half man, half bull.

The Anethans — the heroes of the piece — derived from Athens with Theseus, seeker of the Golden Fleece, becoming

embodied as Seth. The clue to his identity came right at the end of the story with the Doctor referring to the Anethan space-ship being painted white to denote the end of a successful quest. Theseus forgot that detail with tragic consequences for his father Aegeus.

Arrow Books launch into Dr Who

Arrow Books, recent publishers of the *Quatermass* series of books, will shortly be launching themselves into *Dr Who* with a set of new books based around the TV series.

First to appear will be a set of mini-novels for young readers featuring new *Dr Who* adventure stories.

For older readers Arrow Books are also preparing a large illustrated *Doctor Who Technical Manual*. This book will include a step-by-step guide to the many various monsters seen in *Dr Who*!

"The Leisure Hive" to open season

The coming 1980-81 season of *Dr Who* adventures is to open with an exciting story entitled "The Leisure Hive". The story has been written by David Fisher, author of "The Stones of Blood", "The Androids of Tara" and "The Creature from the Pit." Don't miss this thrilling new adventure in time and Space!

FANTASTIC FACTS

BLOBS OF DANGER

The ameoba is a very simple animal; it has only one cell and is so small that it can only just be seen with the naked eye. They are shapeless, squidgy little blobs and when they want to make another amoeba they just split in two, so it is not surprising that they can be found in ditches, ponds and lakes all over the world. Although most ameoba are harmless, a very rare American species can find its way into a swimmer's body through his nose and then eat his brain. Since the discovery of this species in 1963, it has claimed 121 deaths and only 3 victims have survived!

MARTIAN LANDSCAPE

Close-up photographs of the surface of Mars reveal a striking similarity to a part of the Sahara desert called Jebel Uweinat, near the borders of Egypt, Libya and Sudan. It is so similar, in fact, that a team of scientists have journeyed into the desert to find out what it is like on Mars.

BLACK DIAMONDS

Although diamond is the hardest naturally occurring substance it is chemically identical to graphite, one of the softest minerals. Just like pure charcoal, coke, high-grade steam-coal and the graphite in your pencil, diamond is a form of carbon. If it is heated strongly enough it will burn and if powdered looks black.

MAGNETIC NESTS

The magnetic termite builds huge nests of a hard concrete-like material which always point to magnetic north.

STONE AGE SCIENCE

It took scientist Jeffrey Flenniken 15 years to figure out how to make a flint spearhead as they were made in the Stone Age.

INKY DEVOTION

As an act of devotion, Emperor Sutoku of Japan spent three years copying a Buddhist religious text — using his own blood as ink!

TOOTHACHE

Evidence of dental decay has been found in the teeth of Homo Erectus, an ancestor of man which lived about one million years ago.

ATHLETIC BEAR

The Black Bear can run at 28 miles per hour over short distances — about the same speed as a running deer.

CROSSBREED

An old name for giraffe is cameleopard. It was once believed that it was a cross between a camel and a leopard.

MAMMOTH TASK

The Great Pyramid of Cheops of Giza in Egypt covers 13 acres, contains 2,300,000 blocks of stone and took 100,000 slaves 20 years to build.

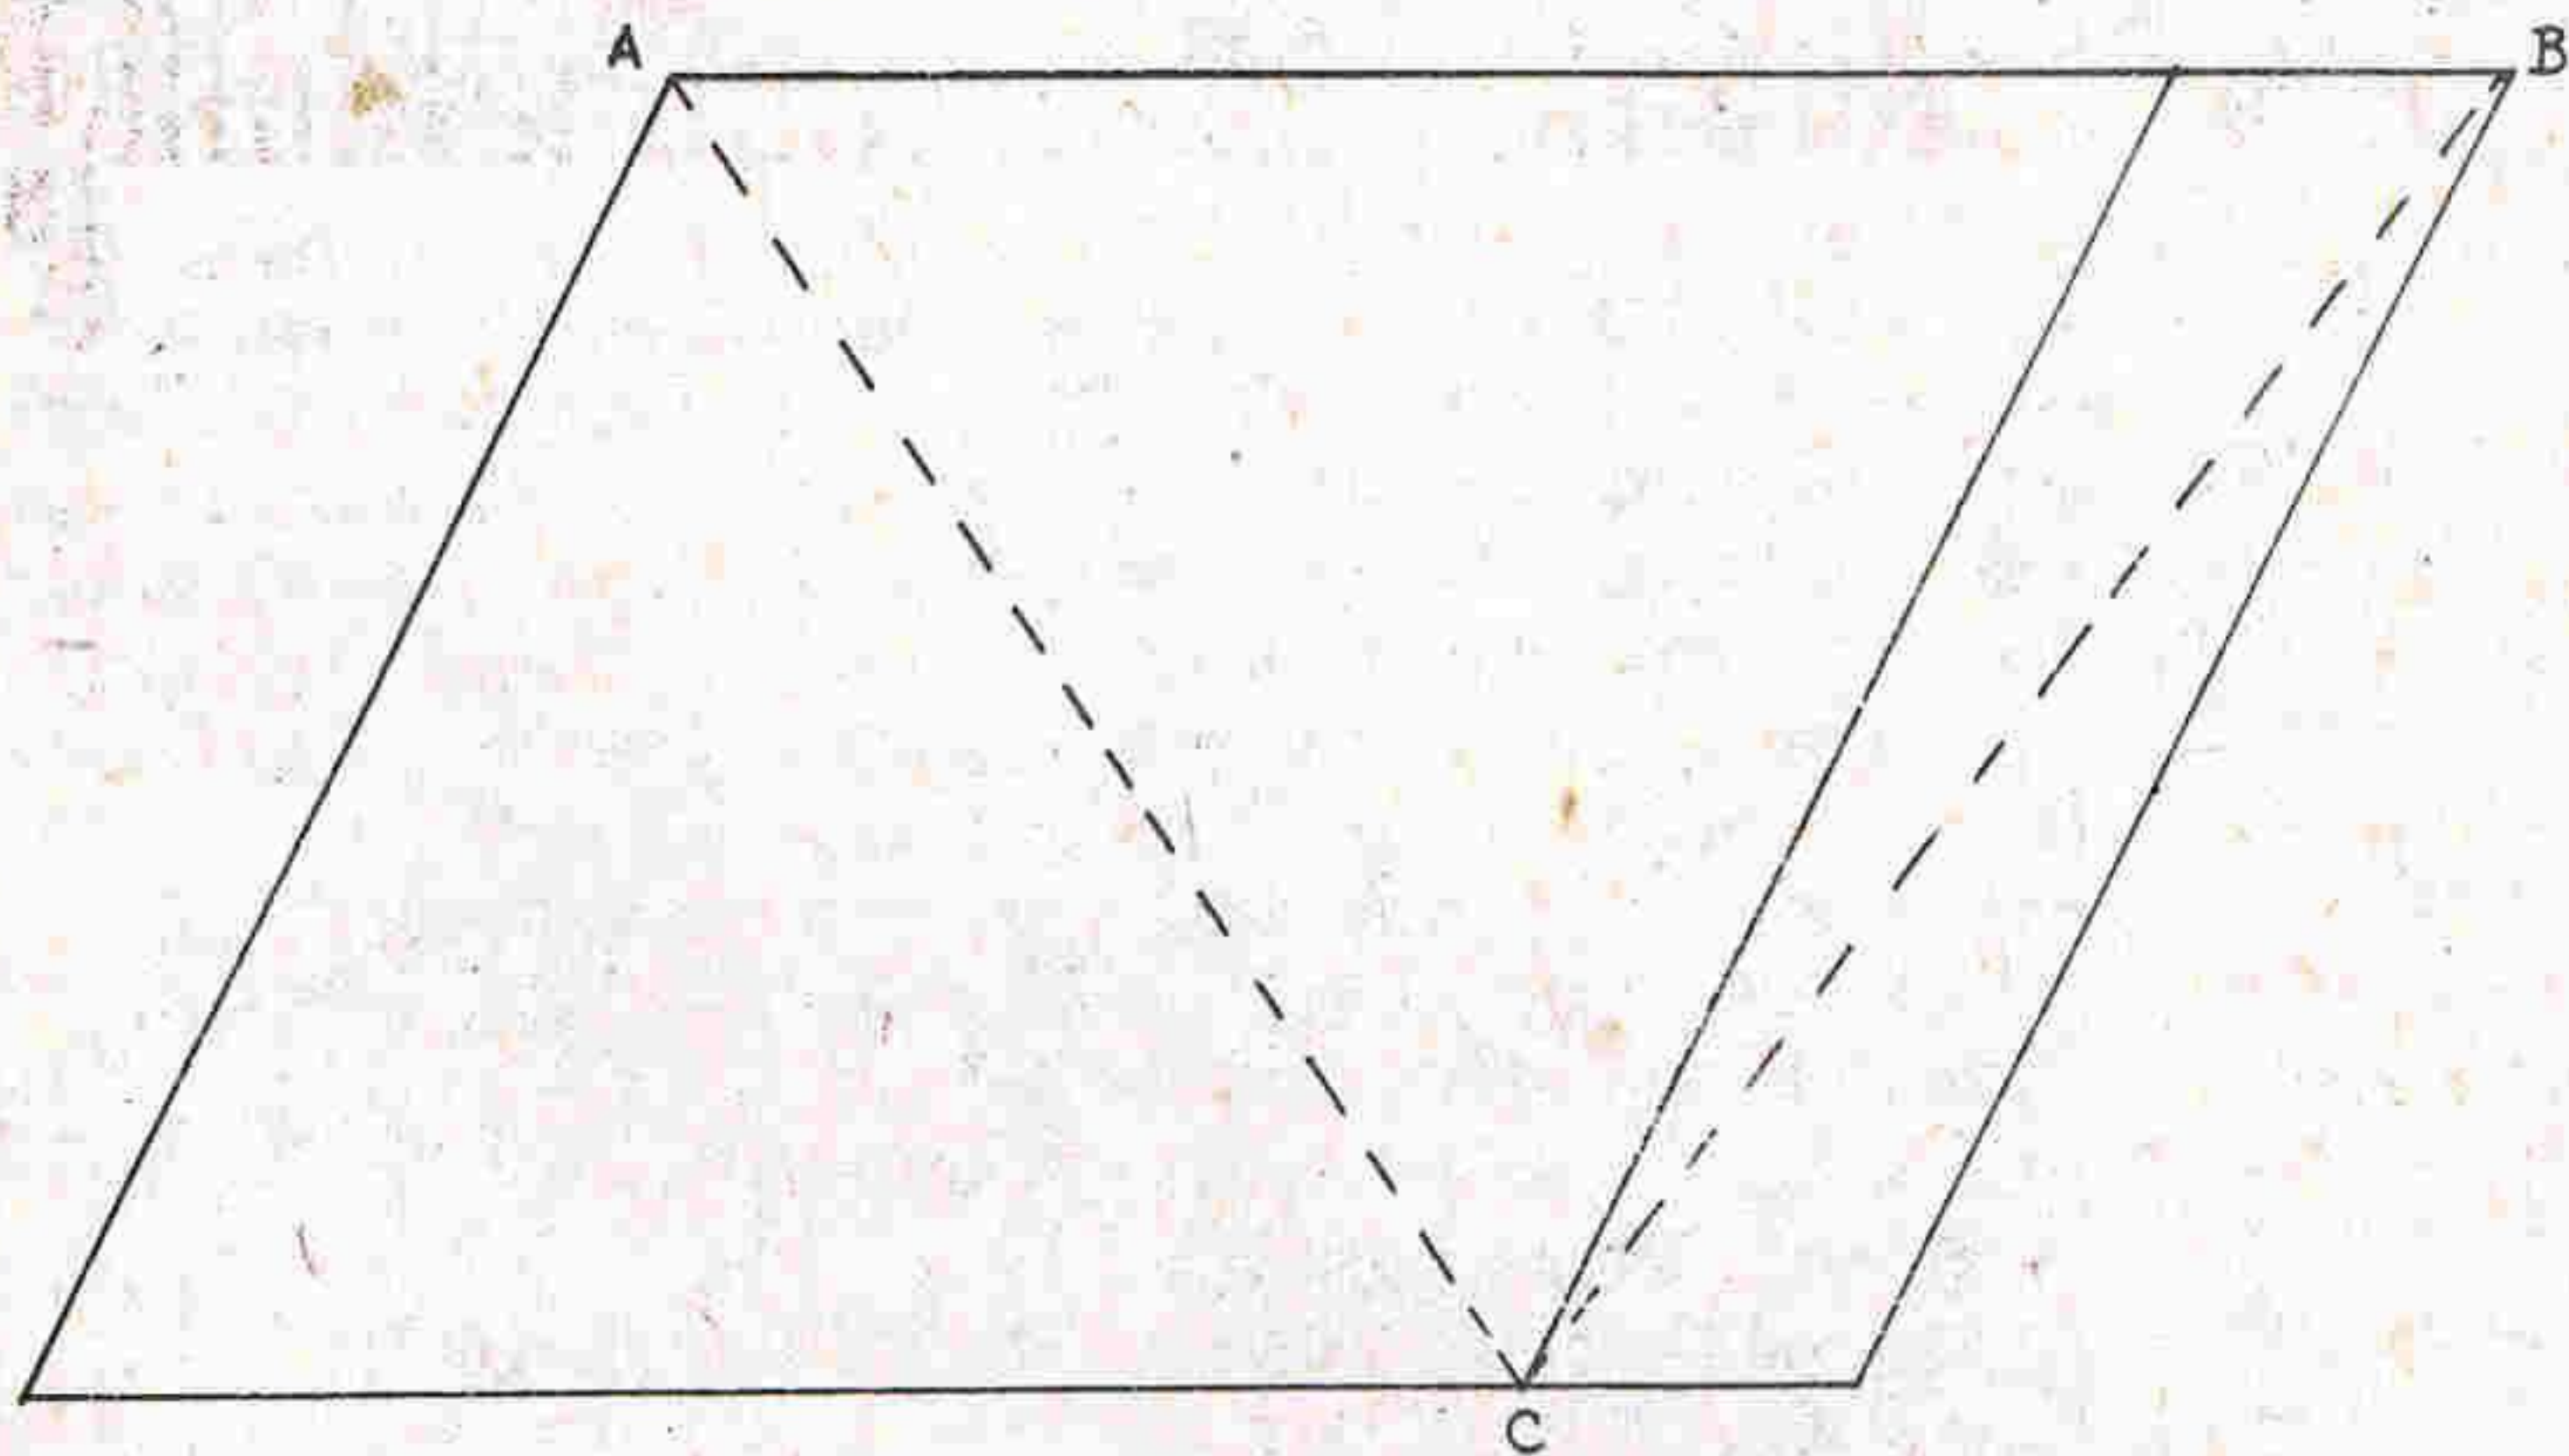

AUSTRALIAN DELICACY

In the Australian aboriginal language, "budgerigar" means "good eating" as the little birds are considered a delicacy.

NATIONAL RECORD

The Himalayan Kingdom of Bhutan once issued a tiny record as a postage stamp. It played the Bhutanese national anthem.

FOOLED!

Of the two dotted lines in this diagram, BC is actually longer than AC. The reason we assume AC is longer is because we live in square-shaped houses with square tables, square televisions and so on. People who live in round houses, such as Eskimos and Zulus, are not fooled one bit.

WHO CARES!

Welcome to another fun-packed page featuring *you*, the reader. Every week we receive thousands of your letters, but we'd like even more! Not only letters but drawings, photographs and stories. It's your page!

Dear Editor,

Although I have, until recently, enjoyed your excellent comic, I wish to make a few comments about its 'great new look'.

First of all, I think that you made a serious mistake replacing the vintage *Dr Who* stories, these were superbly re-told and were much better than their present replacements. An especially big cosmic disaster occurred in one of the stories, "The Sands of Time", but whoever heard of shockwaves travelling space?

Secondly, the high spot of the comic — the photo file — seems to have vanished from the line-up!

Keep up the (previous) good work, and bring back the old look.

Ian Robinson,
Kent.

Thank you for your comments, Ian, we have been following the mail closely to judge reader reaction to our 'new look' issues and we will act accordingly!

Dear *Dr Who Weekly*,

I think your comic is absolutely *fantastic*. Your best feature used to be "The Monsters of Doctor Who" but now that you've stopped doing that I think that *Gallifrey Guardian*, *Fantastic Facts* and the story at the beginning are the best. I don't quite know what my least favourite is because it's all so good. I think the best story was "Star Beast" followed closely by "Deathworld" and "Dalek Killer." My only complaint is that there are too many advertisements. If

you do have spare space why not put in brief the most popular *Dr Who* tv adventure, or more pin-ups, or another competition, or a quiz? Oh, one thing, please could you bring back the photos to the cover because I think they can be more eye catching.

Paul Tripp,
Cockermouth.

It's nice to know you like Dr Who Weekly Paul, and you're sure to be enjoying this issue with it's emphasis on monsters! Also, you and many other readers will be pleased to find that the use of photographs on our covers is not altogether a thing of the past!

The placement of advertisements is not a thing we do because we have room to fill up, Paul . . . rather, we do this for economic reasons! They help to bring you your favourite features in Dr Who Weekly in much the same way that television advertising allows you to enjoy some of your favourite TV programmes!

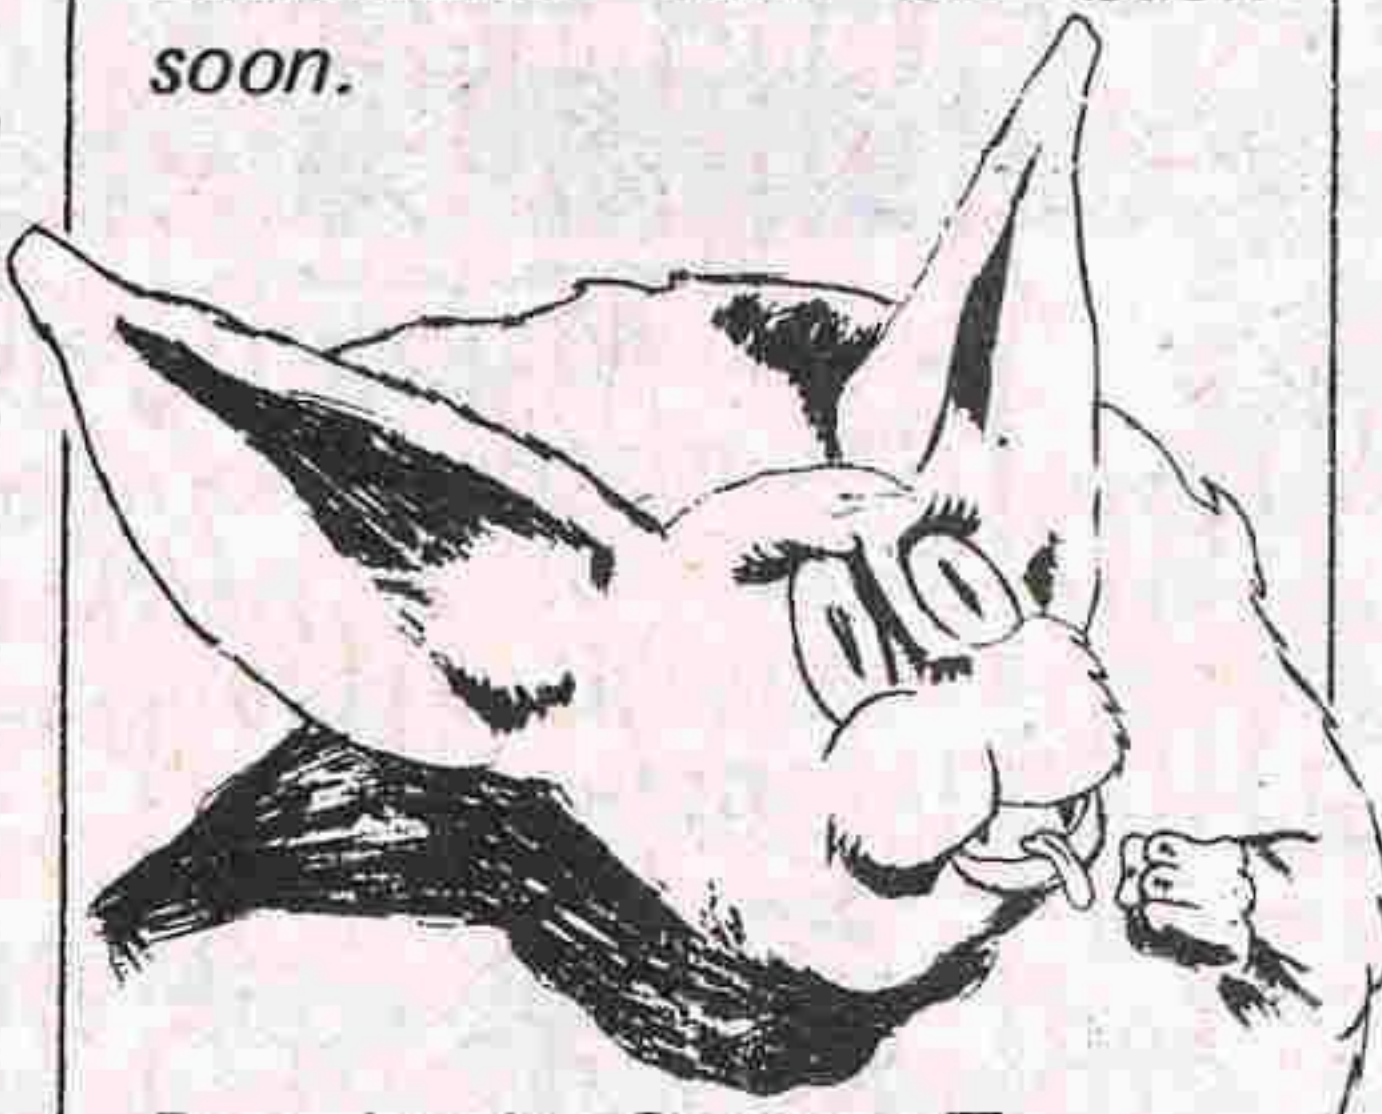

Dear Doctor,

Just thought I'd write to say what I think of your new-look issue.

UNIT Hotline is super, but I wish it contained more on your enemies. Instead of your two page story, why not keep retelling your early adventures? *Fantastic Facts* is very interesting and the *Gallifrey Guardian* gives me a good laugh. I heard that there might be an American version, is this true? Lastly, why haven't I got my *UNIT* membership yet?

Peter Snowdon,
Berks.

Well Peter, I'm glad to be able to confirm that the rumours you have heard about my success in America are true! Also, my friends at Marvel have made sure that everyone has their UNIT membership kits, and that means that you can now all read my coded message in the UNIT Club Page! Lastly Peter, my early adventures will be back soon.

Dear Editor,

Many thanks for your great magazine, which in my opinion should have been out long ago. Your weekly adventures are brilliant (almost as good as the TV series in fact) and the back-up strips featuring Kroton and Abslom Daak are ace! As a suggestion, how about a picture strip of Aggeddor from "The Curse of Peladon", or the Sea Devils.

I have just two criticisms of your magazine. 1) There

aren't as many features and pin-ups as there have been, and 2) the covers aren't as good since changing the look of the magazine. I much prefer to see photo covers rather than artwork, as I feel that artwork covers lower the appearance of a magazine, though I wouldn't complain if the artwork was done say like the first new-look *Star Wars/The Empire Strikes Back* issue.

Your *Fantastic Facts* are very interesting and so is the *Gallifrey Guardian*.

All in all I think that your magazine is the best, and with a few alterations here and there, could remain so.

John Beardsmore,
Burton-on-Trent.

Thank-you for your letter, John. The features and pin-ups are still with us, and we have plans to expand our photo-features over the next few weeks! We're glad to see from our mail that the Gallifrey Guardian and Fantastic Facts have become extremely popular, and it was no surprise to find your comments on these features to be positive! John, keep reading and we'll keep trying to deliver what you, the readers want.

While writing to us, why not list your two favourite and least favourite features and picture strips in *Dr Who Weekly* and send them to us with your letter to:
